# CENSUS OF 1901.

## COUNTY OF MERIONETH.

### SUMMARY OF THE CENSUS RESULTS.

THE Ancient or Geographical County of Merioneth contains, according to revised returns furnished by His Majesty's Ordnance Survey Department, an area of 427,810 statute acres. Its population numbers 49,149 persons. In 1801 the population was 29,506; it has, therefore, increased by only 66·6 per cent. during the Century.

AREA AND  
POPULATION.  
TABLES 1, 2,  
AND 3.

The Administrative County contains an area of 422,018 statute acres, and a population of 48,852, against 48,859 in 1891, a decrease of 7; the number of inhabited houses is 11,238, against 10,850 in 1891, an increase of 3·6 per cent.; of uninhabited houses the number is 1,020, against 949 in 1891, an increase of 7·5 per cent.; and of houses building, 99, against 141 in 1891, a decrease of 29·8 per cent. Of the 1,020 uninhabited houses, 452 were "In Occupation," that is, utilised for business or other purposes but without inmates on the Census night.

The Registration County contains an area of 523,708 statute acres, and a population of 64,248. The differences between the Ancient, the Administrative, and the Registration County are set forth in Table 2. The boundaries of the Administrative and of the Registration County are delineated on the appended Map.

Where comparative figures are quoted for 1891, they relate to areas as constituted in 1901, unless otherwise stated.

The Ancient County is not divided for Parliamentary purposes, and contains no Parliamentary Borough.

PARLIAMEN-  
TARY CON-  
STITUENCIES.  
TABLE 4.

There are 42 Ecclesiastical Parishes or Districts situated wholly or partly within the Ancient County; of these Parishes or parts of Parishes, 27, with an aggregate population of 38,285, are within the Diocese of Bangor, and 15, with a population of 10,864, in that of St. Asaph.

ECCLESIASTI-  
CAL PARISHES.  
TABLE 5.

The Administrative County has one Court of Quarter Sessions, and is divided into 6 Petty Sessional Divisions.

PETTY  
SESSIONAL  
DIVISIONS.  
TABLE 7.

The total population of the 6 Urban Districts in the Administrative County is 22,271, an increase of 806, or 3·8 per cent., since 1891. The County contains 4 Rural Districts, and in addition the Civil Parish of Pennal, which is administered by the Rural District Council of Machynlleth in the Administrative County of Montgomery. The aggregate population of the Rural Districts, including the Parish just mentioned, is 26,581, a decrease of 813, or 3·0 per cent., since 1891. The proportions of Urban and Rural population to the aggregate population of the County are 45·6 and 54·4 per cent. respectively.

URBAN AND  
RURAL  
DISTRICTS.  
TABLES 8, 9,  
AND 10.

The number of Civil Parishes within the Administrative County is 39.

CIVIL  
PARISHES  
TABLE 11.

REGISTRATION  
DISTRICTS.  
TABLE 12.

The Registration County contains a population of 64,248, and is divided into 4 Registration Districts, which are co-extensive with the Poor Law Unions of the same names; these Districts are further divided into 8 Sub-Districts. In Table 12, besides comparative figures of houses and of population in 1891 and 1901, a column is given to show the number of Families or Separate Occupiers in each Registration District and Sub-District, as well as in each Civil Parish. These amount to 14,861 giving an average of 4·3 persons to a family. The population of Merionethshire includes a total of 30 persons—16 Males and 14 Females—who were enumerated as having passed the Census night in Barns, Sheds, Caravans, etc.

TENEMENTS.  
TABLE 19.

The total number of separate Tenements in the Administrative County, which had been 10,967 in 1891, rose to 11,400 in 1901, the increase being equal to 3·9 per cent. The Tenements containing five or more rooms increased from 6,402 to 7,349, or 14·8 per cent., while those with fewer than five rooms decreased from 4,565 to 4,051, or 11·3 per cent. Stated in another way, the proportion of Tenements with five or more rooms was 58·4 per cent. of the total Tenements in 1891, and increased to 64·5 per cent. at the recent Census; while the percentage of Tenements with fewer than five rooms declined from 41·6 to 35·5. The total number of Tenements with fewer than five rooms, containing more than two persons per room, declined from 400 in 1891 to 245 in 1901, or 38·8 per cent. In the aggregate of Urban Districts the proportion of Tenements with fewer than five rooms to the total number of Tenements is 36·5 per cent., and in the aggregate of Rural Districts it is 34·7 per cent.

MARRIAGES,  
BIRTHS,  
DEATHS, AND  
MIGRATION.  
TABLE 22.

Table 22 shows the increase or decrease of population in the Registration County and its Registration Districts, compared with the difference between registered Births and Deaths; the Table also contains a column showing the balance of change which must be ascribed to Migration. The decrease of population in the Registration County since 1891 as calculated for the purposes of that Table (see footnote thereto) amounts to 356, while the excess of Births over Deaths amounts to 4,871. It follows that the County has sustained a net loss by Migration of 5,227 persons: each of the four Registration Districts in the County shows a loss by Migration.

SEXES AND  
AGES.  
TABLE 23.

The Females enumerated in the Administrative County exceed the Males by 1,204; there are thus 1,051 Females to every 1,000 Males. The number of children of school age (three and under fourteen years) is 11,095, of whom 5,653 are boys and 5,442 girls: attendance at school of children under five is not, however, compulsory; the number of children aged five and under fourteen years is 9,053, of whom 4,614 are boys and 4,439 girls. The number of persons 65 years of age and upwards is 3,004, of whom 1,268 are Males and 1,736 Females. The proportion of persons aged 65 years and upwards enumerated in Rural Districts is 6·9 per cent. of the total Rural population, while in the Urban Districts the proportion is 5·3 per cent. of the total Urban population.

CONDITION AS  
TO MARRIAGE.  
TABLE 27.

Of the Males enumerated in the Administrative County, 14,823 are Unmarried, 8,060 are Married, and 941 are Widowed. Of the Females, 14,476 are Unmarried, 8,324 are Married, and 2,228 are Widowed.

AGES OF  
HUSBANDS  
AND WIVES.  
TABLE 29.

Table 29 shows, in combination, the ages of both Husbands and Wives. In 10,154 cases in the Registration County both the Husband and the Wife were enumerated in the same schedule, and were therefore presumably living together; in addition there were 458 Husbands whose Wives were absent—that is, were not enumerated in the same schedule—and 797 Wives whose Husbands were absent, on the Census night.

WORKHOUSES.  
TABLE 30.

Pauper Inmates of Workhouse Establishments in the Registration County number 189 persons at all ages (equal to 2·9 per 1,000 of the population), of whom 114 are Males and 75 Females. At 55 years and upwards the proportion of the population at the same age in Workhouse Establishments is 9·0 per 1,000, and at 65 years and upwards it is 12·4.

The Tables dealing with the Occupations of the people have been extended and elaborated. Table 32 contains a list of 379 Occupations, and shows the number of Males and Females employed in each. In this and succeeding Tables, Females are separately given as Unmarried and as Married or Widowed.

OCCUPATIONS.  
TABLE 32.

In the Registration County the Male population aged 10 Years and upwards has increased from 24,306 in 1891 to 24,739 in 1901, or 1·8 per cent., and the Female population at the same ages from 25,498 to 25,972, or 1·9 per cent. With these figures may be compared those for some of the principal Occupations. Amongst Males, Slate Quarriers and Workers have increased from 3,959 to 4,415, or 11·5 per cent.; on the other hand, workers employed in Agriculture (excluding Gardeners) have decreased from 6,445 to 5,962, or 7·5 per cent. Amongst Females, Domestic Indoor Servants have decreased from 4,248 to 3,324, or 21·8 per cent.; and Tailors, Clothiers, Dressmakers, Milliners, Stay-makers, and Seamstresses have also decreased in the aggregate from 1,043 to 987, or 5·4 per cent.

In the Registration County in 1891, 82·6 per cent. of the Males and 29·9 per cent. of the Females aged 10 Years and upwards were engaged in Occupations; in 1901 the percentages are 83·8 and 26·7 respectively. Of the 5,435 Occupied Females in the Administrative County, 4,169, or 76·7 per cent., are Unmarried, and 1,266, or 23·3 per cent., Married or Widowed.

In the Administrative County the number of Boys aged 10 and under 14 Years is 2,098, of whom 129, or 6·1 per cent., are engaged in Occupations. The number of Girls at these ages is 1,972, of whom 78, or 4·0 per cent., are occupied. Of the Boys, 41 are Agricultural Labourers or Farm Servants, and of the Girls, 73 are Domestic Indoor Servants.

OCCUPATIONS  
OF CHILDREN  
AGED 10 AND  
UNDER 14  
YEARS.  
TABLE 33.

The number of Males classified as "Pensioned" or "Retired," other than Army and Navy Officers, Clergymen, and members of the Medical Profession, is 244 (including 39 in Workhouses), and is in the proportion of 1·6 per cent. to the number engaged in Occupations (see note at head of Table 34). The number of "Pensioned" or "Retired" Females is 65 (including 4 in Workhouses), and is in the proportion of 1·2 per cent. to the number engaged in Occupations. Of the 65 "Retired" Females, 20 are Unmarried and 45 are Married or Widowed.

FORMER  
OCCUPATIONS  
OF "PEN-  
SIONERS" AND  
"RETIRED."  
TABLE 34.

Of the 49,149 persons enumerated in the Ancient County, 36,807, or 74·9 per cent., were born within the County; 9,424 were born in other Counties of Wales or in Monmouthshire, 248 in London, 94 in Scotland, 81 in Ireland, and 67 in British Colonies or Dependencies. Persons of Foreign birth number 148, an increase since 1891 of 69; and of these 110 were abstracted as British Subjects, 2 as Naturalised British Subjects, and 36 (21 Males and 15 Females) as Foreigners, a decrease in the case of the last-named of 28. British Subjects and Naturalised British Subjects number together 112, and contrast with a total of 15 in 1891. This wide difference seems to be mainly due to the new instruction on the Census Schedule that persons born abroad should state whether they were British Subjects, Naturalised British Subjects, or Foreign Subjects.

BIRTHPLACES.  
TABLES 36  
AND 37.

The number of persons returned as Blind is 48, of whom two suffer from some other Infirmary also. Deaf and Dumb persons, including two who were returned simply as Dumb, number 23, of whom two suffer, in addition, from some other Infirmary.

THE BLIND,  
THE DEAF AND  
DUMB, THE  
DEAF, AND  
THE INSANE.  
TABLE 38.

Lunatics number 4, and the Imbecile and Feeble-minded 78, one of whom is Deaf and Dumb. (See Note § to Table 38, page 36.) Of the 82 persons returned as mentally deranged, 31 were inmates of Workhouses and the remaining 51 were resident with relatives or in unlicensed houses. Of the 31 mentally deranged persons enumerated in

Workhouses, one was returned as Lunatic and 30 as Imbecile or Feeble-minded; of the 51 not so enumerated, 3 were returned as Lunatic and 48 as Imbecile or Feeble-minded.

LANGUAGES.  
TABLE 40.

The Table relating to languages spoken in Wales and Monmouthshire affords fuller particulars than in 1891. The information given in the Language Column of the Census Schedule has been abstracted so as to show the results by sexes and in five age groups. The figures are given, not for the Registration County of Merioneth and its 4 Registration Districts as in 1891, but for the Administrative County and its 6 Urban and 4 Rural Districts. By the Census Act, 1900, the minimum limit of age was fixed at 3 years instead of 2 years, the limit adopted for the Report on the Census of 1891.

No comparison by age groups can be made with 1891, but the proportion per cent. of population is given for 1901 in the following table:—

TABLE 12.—REGISTRATION COUNTY, DISTRICTS, and SUB-DISTRICTS, with their constituent CIVIL PARISHES.—AREA; HOUSES and POPULATION 1891 and 1901, and SEPARATE OCCUPIERS 1901.

## EXPLANATORY NOTES.

- (1.) The Registration Districts of the County of Merioneth are all co-extensive with the Poor Law Unions of the same names.
- (2.) Where the name of the Registration County in which a Parish is situated differs from that of the Administrative County, the name of the latter is added in italics. The differences between the Registration County and the Administrative County are shown in Table 2.
- (3.) Parishes that are situated in an Urban District are distinguished by black type thus—**Bala**.
- (4.) The places named in footnotes as being included in Civil Parishes are generally localities having no defined boundaries, such as hamlets, villages, &c.
- (5.) For particulars of existing detached parts of Civil Parishes see Table 13, and for changes in the boundaries of Civil Parishes effected by the Local Government Acts of 1888 and 1894 and by Local Acts since 1891, see Table 14. In the District and Sub-Districts marked + changes were made in boundaries between the Census of 1891 and that of 1901. Full particulars of the alterations have been published in the Registrar-General's Annual Reports.
- (6.) Revised Areas of Civil Parishes have been furnished by the Ordnance Survey Department; for the area of the Tidal Water and Fore-shore comprised in Civil Parishes, see Table 15.

COUNTY OF MERIONETH—continued.

TABLE 18.—PERSONS enumerated in the REGISTRATION COUNTY on board SEA-GOING and COASTING MERCHANT VESSELS and on INLAND BARGES and BOATS, 1901.

NOTE.—Persons on board Vessels in Ports, Harbours, and Docks, including in certain cases hulks or other stationary Vessels, were enumerated by Officers of His Majesty's Customs; and those on Barges, etc., on Canals or Navigable Rivers, not within the limits of a port, by the local Enumerators.

The Persons thus enumerated are distributed among the general population of the Parishes contiguous to the waters in which the Vessels were lying, with as much accuracy as the information obtained allows.

Fishermen at sea on the night of the Census and not returning on 1st April, 1901, and persons on board vessels arriving in port later than that date, are not included.

NOTE.—The Table is to be read as follows:—Of the 11,400 tenements enumerated in 1901, 4,051 were tenements of less than five rooms, and of these 32 were tenements of one room, 757 of two rooms, etc.; and of the 32 tenements of one room, 20 were occupied by one person each, 8 by two persons each, etc. Tables 20 and 21 are to be read in a similar manner.

\* In 1891 the Tenements were abstracted for the Registration County; in order to make the figures for that area comparable with those for the Administrative County in 1901, it has been necessary to make approximate adjustments.

NOTE.—No correction is made in this Table for Deaths occurring in Public Institutions, which, in some cases, are sufficiently numerous to detract from the value of the comparison between the Increase or Decrease of Population and the Excess of Births over Deaths.

\* A change was made in the boundary of Dolgelly Registration District during the intercensal period. In the Table the enumerated populations of this District for 1891 and 1901 are given, first for the District as constituted at the Census of 1891, and then for the District as altered. The date from which the changed area was adopted for tabulation of Births and Deaths is shown in the first column. In calculating the Decrease of Population (Col. 7) approximate allowance has been made for variations caused by the change in boundary. Owing to this method of calculation, the Decrease of Population shown in Col. 7 differs fractionally from that derivable from the figures for the entire County in Table 1 and for Dolgelly Registration District in Table 12, which relate to those areas as constituted at the time of the Census of 1901.

COUNTY OF MERIONETH—continued.

TABLE 29.—REGISTRATION COUNTY.—AGES of HUSBANDS and WIVES in COMBINATION; of HUSBANDS whose WIVES were ABSENT, of WIVES whose HUSBANDS were ABSENT, and of WIDOWERS and WIDOWS, 1901.

[illegible]

NOTE.—The Table read *vertically* shows the number of *Wives* at each age, with the ages of their Husbands: Thus 4 Wives, aged 21 and under 25 years, had Husbands aged 20; 159 had Husbands aged 21 and under 25 years, and so on.

Read *horizontally* the Table shows the number of *Husbands* at each age, with the ages of their Wives: Thus 6 Husbands, aged 21 and under 25 years, had Wives aged 18; 4 had Wives aged 19; 19 had Wives aged 20; 169 had Wives aged 21 and under 25 years, and so on.

At all ages 10,151 Husbands and 10,151 Wives were enumerated as residing together on the night of the Census.

There were also 438 Husbands whose Wives were absent (*i.e.*, the Wives were not returned on the same Schedules as their Husbands), making in all 10,612 Husbands enumerated; and 797 Wives whose Husbands were absent (*i.e.*, the Husbands were not returned on the same Schedules as their Wives), making in all 10,951 Wives enumerated.

TABLE 31.—PRISONS in the REGISTRATION COUNTY.—CONDITION as to MARRIAGE and AGES of PRISONERS in LOCAL and CONVICT PRISONS, 1901.

(There being no Prison in the County of Merioneth, this Table is not required.)

## COUNTY OF MERIONETH—continued.

TABLE 32.—OCCUPATIONS OF MALES and FEMALES AGED 10 YEARS AND UPWARDS, in the ADMINISTRATIVE COUNTY, distinguishing for FEMALES the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—In classifying the people by their occupations the following rules have been observed:—Persons returned as engaged in more than one occupation have been referred to the occupation which in each case appeared to be the most important; or, if there was no difference in this respect, to the occupation first mentioned in the Return. Thus, a manufacturing trade has been selected in preference to a selling trade. A Clergyman who is also a Schoolmaster has been classed under the heading "Schoolmaster." Persons returned as "Pensioners" or as "Retired" from any specified profession or business (except Officers of the Army or Navy, Clergymen, and Medical Men) appear in this Table as simply "Pensioners" or "Retired" (see Order XXIII.), but are classified in Table 34 according to their former occupations. Inmates of Lunatic Asylums or of Workhouses, when returned as Insane and yet described by their former occupations, have—irrespective of age—been classed as "Retired." Other Inmates of Workhouses, unless aged 60 years or upwards, and Patients in Hospitals and Prisoners of all ages, have been classed under their stated occupations on the assumption that their ordinary work has been relinquished for a time only. Inmates of Workhouses aged 60 years and upwards, whose former occupations were returned, have been dealt with as "Retired."

The numbers given under any heading include Apprentices, Assistants, Workmen, and Labourers, as well as Masters, except where special headings are provided for subordinates. Messengers, Errand Boys, Porters, and Watchmen are, however, shown under a separate heading, and Clerks are classified as Civil Service Clerks, Bank Clerks, Railway Clerks, Insurance Clerks, or Commercial Clerks, according to the particular service in which they are engaged.

In some cases women and children, chiefly widows or orphans carrying on the business of their husbands or fathers, are classed under Occupations commonly followed only by adult men.

In the list of Occupations the Male designations only are given for convenience, except where the occupations are exclusively followed by Females.

In Table 35 is given a condensed list of Occupations for the Aggregate of Urban Districts and the Aggregate of Rural Districts, together constituting the entire County, with the numbers of each sex at five groups of ages engaged in such Occupations.

TABLE 34.—FORMER OCCUPATIONS of "PENSIONERS" and "RETIRED" in the ADMINISTRATIVE COUNTY, distinguishing those enumerated in WORKHOUSES and LUNATIC ASYLUMS, and also, for FEMALES, the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—This Table is supplementary to Table 32, where the Pensioners and the Retired are shown simply as such without regard to their former Occupations. Inmates of Lunatic Asylums, or of Workhouses, when described as Insane and as having formerly followed some occupation, have been classed as "Retired," irrespective of age; also other formerly occupied Inmates of Workhouses if aged 60 years or upwards. Patients in Hospitals and Prisoners of all ages, on the assumption that their ordinary work has been relinquished for a time only, have not been dealt with as "Retired." No Officers in the Army or Navy, Clergymen of the Established Church, or members of the Medical Profession, are included in the "Retired."

Of the foregoing, 1 Male and 1 Female were returned in 1901 as Persons suffering from Combined Infirmitie "from Childhood."																	

\* The figures given for 1891 relate to the County of Merioneth as then constituted for Registration purposes, while those for 1901 relate to the Administrative County. The differences in the constitution of the two areas should be borne in mind in dealing with these figures—(see Table 2).

† Of the 23 Persons in 1901 classified in the Table as Deaf and Dumb, 1 Male and 1 Female respectively were returned simply as "Dumb," the latter being further classified as Deaf and Dumb from Childhood. The figures relating to the Deaf and Dumb from Childhood are based on the descriptions given in the Schedules, and must be regarded as incomplete.

‡ The Census Schedule did not require persons who were Deaf without being Dumb to mention the fact of their Deafness, and therefore the figures given for the "Deaf" cannot be regarded as complete.

§ In 1891 the heading of the Census Schedule was "Lunatic, Imbecile or Idiot," and the persons so returned were eventually classed as "Mentally Deranged." In 1901 the heading of the Schedule provided for two categories of the Mentally Deranged, viz., "Lunatic" and "Imbecile, Feeble-minded," and in drawing comparisons from the figures for the two Censuses, allowance should be made for these differences. The figures for 1891 for the new sub-divisions of Mentally Deranged cannot therefore be given. Total "Lunatic, Imbecile, and Feeble-minded," 1901:—82 Persons; 39 Males, 43 Females. Total "Mentally Deranged," 1891:—96 Persons; 53 Males, 43 Females. The small number of Lunatics in Merioneth in both 1891 and 1901 is due to the fact that the North Wales Counties (Anglesey, Carnarvon, Denbigh, Flint, and Merioneth) Lunatic Asylum is situated in Denbighshire.

Of these the following persons were returned as under:—

# CENSUS OF 1901.

## COUNTY OF MIDDLESEX.

### SUMMARY OF THE CENSUS RESULTS.

THE Ancient or Geographical County of Middlesex (exclusive of the Parishes situated in the Administrative County of London) contains, according to revised returns furnished by His Majesty's Ordnance Survey Department, an area of 149,668 statute acres. Its population numbers 798,738 persons. In 1801 the population was 70,889; it has, therefore, increased during the Century more than eleven-fold. The population of the entire Ancient County, inclusive of the Metropolitan Parishes, is 3,585,323, to which it has risen from 818,129 in 1801.

AREA AND  
POPULATION.  
TABLES 1, 2,  
AND 3.

The Administrative County contains an area of 148,700 statute acres, and a population of 792,314, against 542,894 in 1891, an increase of 45·9 per cent.; the number of inhabited houses is 135,431, against 92,811 in 1891, an increase of 45·9 per cent.; of uninhabited houses the number is 9,894, against 6,484 in 1891, an increase of 52·6 per cent.; and of houses building, 3,781, against 1,547 in 1891, an increase of 144·4 per cent. Of the 9,894 uninhabited houses, 1,761 are "In Occupation," that is, utilised for business or other purposes, but without inmates on Census night.

The Registration County contains an area of 178,606 statute acres, and a population of 810,306. The differences between the Ancient, the Administrative, and the Registration County are set forth in Table 2. The respective boundaries of the Administrative and of the Registration County are delineated on the Map attached.

Where comparative figures are quoted, those for 1891 relate to areas as constituted in 1901, unless otherwise stated.

The Extra-Metropolitan part of the Ancient County of Middlesex is divided, for Parliamentary purposes, into 7 County Constituencies, including the Hornsey Division, part of which, the former Civil Parish of South Hornsey, is situated within the boundaries of the Administrative County of London. The County also includes a small part of the Central Division of Finsbury, and one acre of land, without houses or population, in the North Division of Paddington. The following Constituencies have populations exceeding 100,000:—

In 1891 no Constituency in the Extra-Metropolitan part of Middlesex contained a population exceeding 100,000.

There are 153 Ecclesiastical Parishes or Districts situated wholly or partly within the Extra-Metropolitan part of the Ancient County of Middlesex; of these, 152, with an aggregate population of 798,335 are within the Diocese of London; and part of the Parish of Colnbrook St. Thomas, with a population of 403, is in that of Oxford.

TABLE 7.

The total population of Urban Districts amounts to 741,149, and that of Rural Districts to 51,165. The population in the Urban Districts has increased by 239,679, or 47·8 per cent., since 1891, and that in the Rural Districts by 9,741, or 23·5 per cent.

TABLE 9.

There are 29 Urban Districts, none of which are County Boroughs, within the limits of the Administrative County. The following Table shows the increase of population since 1891 in each Urban District of which the population exceeds 20,000, as constituted on the Census day:—

\* The Urban District of Ealing was incorporated a Municipal Borough by Order in Council dated 13th May, 1901.

RURAL  
DISTRICTS.  
TABLE 10.

Within the Administrative County there are 4 Rural Districts containing an aggregate population of 51,165, or 6·5 per cent. of the entire population of the County.

CIVIL  
PARISHES.  
TABLE 11.

The number of Civil Parishes within the Administrative County is 60.

REGISTRATION  
DISTRICTS.  
TABLE 12.

The Registration County of Middlesex contains a population of 810,306, and is divided into 6 Registration Districts. These Districts are again sub-divided into 23 Sub-Districts. In Table 12, besides comparative figures of houses and of population in 1891 and 1901, a column is given to show the number of Families or Separate Occupiers in each Registration District, Sub-District, and Civil Parish. These amount to 169,446, giving an average of 4·8 persons to a family, as compared with 4·4 in London. It may here be stated, though the figures are not presented in Tabular form, that the population, as shown in the Tables, includes a total of 561 persons—316 Males and 245 Females—who were enumerated as having passed the Census night in Barns, Sheds, Caravans, etc.

TENEMENTS.  
TABLE 19.

The total number of separate Tenements in the Administrative County, which had been 112,056 in 1891, rose to 165,974 in 1901, the increase being equal to 48·1 per cent. Of this total, the Tenements containing five or more rooms increased from 70,496 to 103,318, equal to 46·6 per cent., while those with less than five rooms increased from 41,560 to 62,656, or 50·8 per cent. Stated in another way, the Tenements with five or more rooms were equal to 62·9 per cent. of the total Tenements in 1891, and decreased to 62·2 per cent. at the recent Census, while the percentage of the Tenements with less than five rooms increased from 37·1 to 37·8. The number of one-roomed Tenements, each containing more than two persons, decreased from 1,457 to 1,137; while the number of two-roomed Tenements, each containing more than four persons, increased from 1,830 to 2,008; the number of three-roomed Tenements, each containing more than six persons, from 1,355 to 1,873; and the number of four-roomed Tenements, each containing more than eight persons, from 936 to 1,128.

In the aggregate of Urban Districts the proportion of Tenements with less than five rooms to the total number of Tenements is 37·9 per cent., and in the aggregate of Rural Districts it is 35·0 per cent.

TENEMENTS  
IN URBAN  
DISTRICTS.  
TABLE 20.

The proportion of Tenements with less than five rooms, which averages 37·8 per cent. in the entire Administrative County, shows considerable variations in the larger Urban Districts. The proportion ranges from 22·8 in Enfield, 23·9 in Ealing, and 24·5 in Twickenham, to 47·6 in Hendon, 49·4 in Acton, and 58·7 in Willesden.

MARRIAGES,  
BIRTHS,  
DEATHS, AND  
MIGRATION.  
TABLE 22.

Table 22 shows the increase or decrease of population in the Registration County and Registration Districts, as compared with the difference between registered Births and Deaths: the Table has been extended by the addition of a column showing the balance on change which must be ascribed to migration. The increase of population in the Registration County since 1891, as calculated for the purposes of this Table (see footnote thereto),

amounts to 250,877, and the excess of Births over Deaths to 94,053. It follows that the County has made a net gain by migration of 156,824 persons. All the Registration Districts show a gain by migration, the greatest additions being in those of Edmonton and Hendon.

The Females enumerated in the Administrative County exceed the Males by 50,192; there are thus 1,135 Females to every 1,000 Males. The disproportion is greater than in London, where there are 1,118 Females to every 1,000 Males. The number of children of school age (three and under fourteen years) is 189,530, of whom 94,726 are boys and 94,804 girls. It is to be observed, however, that the attendance at school of children under five is not compulsory. The number of children aged five and under fourteen years is 153,039, of whom 76,585 are boys and 76,454 girls.

SEXES AND AGES IN THE ADMINISTRATIVE COUNTY.  
TABLE 23.

The number of persons 65 years of age and upwards is 30,973, and of these 12,013 are Males and 18,960 Females; two Females claim to be 100 years or upwards. The proportion of persons aged 65 years and upwards enumerated in Rural Districts is 5·1 per cent. of the total Rural population, while in the Urban Districts the proportion is 3·8 per cent. of the total Urban population.

Of the Males, 224,640 are Unmarried, 136,589 are Married, and 9,832 are Widowed. Of the Females, 252,739 are Unmarried, 140,455 are Married, and 28,059 are Widowed.

CONDITION AS TO MARRIAGE.  
TABLE 27.

The following Table shows the percentages for 1891 and for 1901 :—

Condition as to Marriage.	MALES.				FEMALES.			
	To 100 at All Ages.		To 100 at Twenty years and upwards.		To 100 at All Ages.		To 100 at Twenty years and upwards.

Widowed ... ..	2·7	2·7	5·3	4·8	6·8	6·7	12·2	11·3

The percentages in this Table for 1891 relate to the Registration County as then constituted, and those for 1901 to the Administrative County as constituted on the Census day. The difference of boundary between the two Counties, although considerable, does not materially affect the value of these figures for comparative purposes.

The number of Males under 21 years of age returned as Married is 387, and the number of Females 1,460.

Table 29 shows the ages of both Husbands and Wives in combination in the Registration County; in 133,730 cases both the Husband and the Wife were enumerated in the same schedule, and were therefore presumably living together; and in addition there were 5,838 Husbands whose Wives were absent—that is, were not enumerated in the same schedule—and 9,667 Wives whose Husbands were absent on the Census night.

AGES OF HUSBANDS AND WIVES IN COMBINATION.  
TABLE 29.

Pauper Inmates of Workhouse Establishments in the Registration County number 7,141 persons at all ages, of whom 3,980 are Males and 3,161 Females. This represents approximately 0·88 per cent. of the general population; but at advanced ages the proportion is far higher. At 55 years and upwards the proportion per cent. of the population of the same age in Workhouse Establishments is 3·4, and at 65 years and upwards 5·7 per cent.

WORKHOUSES.  
TABLE 30.

The Tables dealing with the Occupations of the people have been extended and elaborated. Table 32 contains a list of 379 Occupations, and shows the number of Males and Females employed in each. In this and succeeding Tables, Females are separately given as Unmarried and Married or Widowed.

OCCUPATIONS.

Certain changes in the method of classification, and in the mode of filling up the Schedules, resulting in greater accuracy of definition of employment, affect the numbers in many Occupational headings for the purpose of comparison with the results of the Census taken in 1891. The following have, however, been selected, and in some cases thrown into groups, for comparison, so as to illustrate the progression or retrogression of some of the leading industries of the County. Figures showing the total population over 10 years of age by sexes, with rate per cent. of increase, head the Table, so as to afford a ready means of comparing the distribution and occupational movement of the people in various industries with the growth of population between the two Censuses. The figures for 1901, in the following Table, relate to the Registration County, to secure more accurate comparison with those for 1891; they are consequently not identical with the figures given in Table 32, which relate to the Administrative County. It should be noted that in drawing conclusions from the comparative figures, those for 1901 do not include the Civil Parish of South Hornsey (Population 16,703), which was transferred to the County of London under the provisions of the Local Government Act.

In 1891 the percentage of the total population aged 10 years and upwards engaged in Occupations in the Registration County was, in the case of Males 77·5, in the case of Females 32·4; and in 1901 the percentages are 80·5 and 30·5 respectively. In the Administrative County the rates in 1901 are 80·5 for Males and 30·6 for Females.

It has already been stated that Females have been abstracted separately as “Unmarried” and “Married or Widowed.” Of the 101,398 Females over 10 years of age engaged in Occupations, 82,604, or 81·5 per cent., are in the former category, and 18,794, or 18·5 per cent., in the latter. Laundry and Washing Service finds employment for 6,120 Married or Widowed Females; Dressmaking, Shirtmaking, Millinery, and Staymaking for 2,196; and Domestic Indoor Service for 2,618. There are also 1,602 Charwomen Married or Widowed out of a total of 2,026.

The total number of Boys aged 10 and under 14 years in the Administrative County is 32,863, and of these 1,284, equal to 3·9 per cent., are engaged in Occupations. Of the occupied Males between the ages of 10 and 14 years, 1,104, or 86·0 per cent., are aged between 13 and 14; and 140, or 10·9 per cent., between 12 and 13; leaving 40, or 3·1 per cent., under 12.

OCCUPATIONS  
OF CHILDREN  
AGED 10 AND  
UNDER  
14 YEARS.  
TABLE 33.

The total number of Girls aged 10 and under 14 is 32,726, and of these 497 equal to 1·5 per cent., are engaged in Occupations. Of the occupied Females between the ages of 10 and 14 years, 442, or 88·9 per cent., are aged between 13 and 14; and 47, or 9·5 per cent., between 12 and 13; while only 8, or 1·6 per cent., are under 12.

Domestic Indoor Service finds employment for 64 Boys and 351 Girls under the age of 14 years; 599 Boys are Messengers, Porters, etc., including 53 in Government employ; 55 are Costermongers, Hawkers, Street Sellers; and 43 are Agricultural Labourers, Farm Servants; while 42 girls are engaged in Millinery, Dressmaking, and Shirtmaking.

The total number of Males returned as “Pensioned” or “Retired,” other than Army and Navy Officers, Clergymen, and members of the Medical Profession, is 7,548, being in the proportion of 3·3 per cent. to the number engaged in Occupations, as compared with 5,692, or 3·7 per cent in 1891. The number of “Retired” Males enumerated in Workhouses and Workhouse Infirmaries who returned their previous Occupations is 1,176, and those in Lunatic Asylums 1,655, making a total of 2,831. Of “Pensioned” or “Retired” Males, 3,702, or 49·0 per cent., are aged 65 years and upwards, and 1,886, or 25·0 per cent., are between 55 and 65, while 1,960, or 26·0 per cent., are under 55 years of age (See note at head of Table 34.)

OCCUPATIONS  
OF “PEN-  
SIONERS AND  
RETIRED.”  
TABLE 34.

The total number of “Pensioned” or “Retired” Females is 3,028, being in the proportion of 3·0 per cent. to the number engaged in Occupations, as compared with 2,664, or 3·5 per cent., in 1891. The number in Workhouses and Workhouse Infirmaries is 692, and in Lunatic Asylums 1,514, making a total of 2,206. Of “Pensioned” or “Retired” Females, 1,258, being 41·5 per cent., are aged 65 years and upwards, and 669, or 22·1 per cent., are between 55 and 65, leaving 1,101, or 36·4 per cent., under 55.

It is noteworthy that, among the Retired Males, there were enumerated in Workhouse Establishments and Lunatic Asylums 531 of the 553 General Labourers, and 116 of the 130 Agricultural Labourers, Farm Servants, 119 of the 145 Painters, Decorators, Glaziers, 100 of the 155 Carpenters, Joiners, and 119 of the 170 Boot and Shoe Makers. Among the Retired Females, there were enumerated in these Institutions 743 of the 869 Domestic Indoor Servants, 334 of the 421 Milliners, Dressmakers, Shirtmakers, Seamstresses, and 234 of the 238 Charwomen, and 134 of the 141 Tailoresses.

Of the whole number of Retired Females, 1,478 are Unmarried, and 1,550 are Married or Widowed.

OCCUPATIONS  
IN URBAN  
DISTRICTS,  
ETC.  
TABLE 35.

Table 35 sets forth the Occupations of the People by Sexes and in five groups of Ages for the Urban Districts of Hornsey, Tottenham, and Willesden, in each of which the population exceeds 50,000 persons, for the Aggregate of Urban Districts in the County, and for the Aggregate of Rural Districts. The total population, over 10 years of age, of Unmarried and of Married or Widowed Females, and the number of each class engaged in Occupations, are given separately.

GROUPED  
OCCUPATIONS  
IN URBAN  
DISTRICTS.  
TABLE 35A.

Table 35A is a new Table and is so constructed as to show, for every Urban District with a population exceeding 5,000, the following Statistics:—

1. The total population, Male and Female, of an age to engage in Occupations, that is, over ten years;
2. The number who are retired or unoccupied;
3. The total number engaged in Occupations;
4. The number engaged in Occupations or groups of Occupations selected so as best to illustrate the prevailing Industries of the County;
5. The number of Children between ten and fourteen years of age engaged in Occupations;
6. The proportion per cent. of Children so engaged to the total Child Population within those years;
7. The number of Unmarried Women and of Married or Widowed Women engaged in Occupations;
8. The proportion of Female Domestic Servants, not including those in Hotels, etc., to a hundred separate Occupiers or Families.

The following figures, extracted from Table 35A, show for each of the Urban Districts having a population in excess of 20,000, certain details of Occupational Statistics directly bearing on the Social Life of the People:—

For similar details for other Urban Districts reference should be made to Table 35A.

Of the 798,738 persons enumerated in the Ancient County of Middlesex (Extra-Metropolitan), 266,563 were born within the County; 241,384 were born in London, being an increase of 72,204 since 1891; 9,416 in Scotland, an increase of 3,350; 7,616 in Ireland, an increase of 1,782; 5,930 in Wales and Monmouthshire, an increase of 2,282; and 6,241 in British Colonies or Dependencies, an increase of 1,966.

BIRTHPLACES.  
TABLE 36.

Persons of Foreign birth number 9,700, an increase of 4,133, and of these 2,970 were abstracted as British Subjects, 570 as Naturalised British Subjects, and 6,160 as Foreigners; an increase in the case of the last-named of 1,751 since 1891. British Subjects and Naturalised British Subjects number together 3,540, and contrast with a total of 1,158 in 1891. This wide difference seems to be mainly due to the new instruction on the Census Schedule that persons born abroad should state whether they were British Subjects, Naturalised British Subjects, or Foreign Subjects. Greater accuracy has thus been secured, but the figures have less comparative value.

Of the 6,160 Foreigners, 3,533 are Males and 2,627 Females; there are thus to every 1,000 Males no more than 744 Females, which last figure contrasts with 1,135 in the general population of the County. Natives of Germany have increased from 1,625 to 2,223 since the Census of 1891, natives of France from 773 to 968, and of Italy from 168 to 312.

COUNTRY OF  
BIRTH OF  
FOREIGNERS.  
TABLE 37.

The number of persons returned as Blind is 442, and of these 59 also suffer from some other Infirmary. The former figure compares with 367 in 1891. There has therefore been an increase of 75 in the number of persons returned as Blind.

THE BLIND,  
THE DEAF AND  
DUMB, THE  
DEAF, AND  
THE INSANE.  
TABLE 38.

Deaf and Dumb persons, including 22 who are returned simply as Dumb, number 309 as against 234 in 1891; an increase of 75. Of these 309 persons, 14 also suffer from some other infirmity.

Lunatics now number 5,296, including 55 afflicted with some other infirmity; and the Imbecile or Feeble-minded 834, including 9 otherwise afflicted. The total of these classes is 6,130, against 4,847 in 1891. In comparing these figures, however, attention must be drawn to the fact that nearly the whole of the Lunatics in 1891 and in 1901 were enumerated in the two Asylums belonging to the London County Council, but situated within the Administrative County of Middlesex. On the other hand, the Middlesex County Asylum is situated within the County of London, and was included in the returns for that County. Further, the heading to the Infirmities Column of the Census Schedule was not uniform at the two Censuses. In 1891 the words adopted were "Lunatic, Imbecile or Idiot," and this expression might have led to more frequent concealment of cases of mental derangement than the form of words adopted for the recent Census, when Occupiers were instructed to describe the afflicted person either under the title "Lunatic," or under that of "Imbecile, Feeble-minded." For these reasons a calculation of the increase per cent. on the population would be misleading. It may be noted that, of the 6,130 persons returned as mentally deranged, 5,605 were the inmates of Institutions, comprising 5,399 in Public and Private Lunatic Asylums, 205 in Workhouses, and 1 in another Institution; the remaining 525 were residing with relatives or in unlicensed houses.

Of the 205 mentally deranged persons enumerated in Workhouses, 22 were returned as Lunatics, and 183 as Imbecile or Feeble-minded; and of the 525 not enumerated in Institutions, 33 were returned as Lunatics, and 492 as Imbecile or Feeble-minded.

TABLE 10.—RURAL DISTRICTS.—AREA; HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—The Poor Law Unions and Registration Districts of Brentford (126) and Edmonton (129) contain no Rural area. Under the provisions of the Local Government Act, 1894, considerable changes were made in the constitution of Rural Districts. In Middlesex they comprise exclusively Parishes in Poor Law Unions of the same names, except South Mimms which consists of Parishes in the Poor Law Union of Barnet. The extent of each Rural District may readily be seen in the Map preceding the Tables.

TABLE 11.—CIVIL PARISHES in the ADMINISTRATIVE COUNTY.—INHABITED HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—The expression "Civil Parish" means "a place for which a separate Poor Rate is or can be made, or for which a separate Overseer is or can be appointed." The Parishes are arranged alphabetically, those having compound names being placed in the order indicated by the usual pronunciation of those names; thus East Bedfont will be found under the letter E, and Great Stanmore under the letter G. The Registration Districts of the County of Middlesex are co-extensive with the Poor Law Parishes or Unions of the same names with the exception of Hendon (No. 127) which comprises the Poor Law Union of Hendon, and the Poor Law Parish of Willesden.

## COUNTY OF MIDDLESEX—continued.

TABLE 12.—REGISTRATION COUNTY, DISTRICTS, and SUB DISTRICTS, with their constituent CIVIL PARISHES.—AREA ; HOUSES and POPULATION 1891 and 1901, and SEPARATE OCCUPIERS 1901.

## EXPLANATORY NOTES.

- (1.) The Registration Districts of the County of Middlesex are co-extensive with the Poor Law Unions of the same names, with the exception of Hendon (No. 127), which includes the Union of Hendon and the separate Poor Law Parish of Willesden.
- (2.) Where the name of the Registration County in which a Parish is situated differs from that of the Administrative County, the name of the latter is added in italics. The differences between the Registration County and the Administrative County are shown in Table 2.
- (3.) Parishes that are situated in an Urban District are distinguished by black type thus—**Staines**.
- (4.) The places named in footnotes as being included in Civil Parishes are generally localities having no defined boundaries, such as hamlets, villages, etc.
- (5.) For particulars of existing detached parts of Civil Parishes see Table 13, and for changes in the boundaries of Civil Parishes effected by the Local Government Acts of 1888 and 1894, and by Local Acts since 1891, see Table 14. In all Districts and Sub-Districts marked + changes were made in boundaries between the Census of 1891 and that of 1901. Full particulars of the alterations have been published in the Registrar-General's Annual Reports.
- (6.) Revised areas of Civil Parishes have been furnished by the Ordnance Survey Department; for the area of the Tidal Water and Foreshore comprised in Civil Parishes, see Table 15.

TABLE 18.—PERSONS enumerated in the REGISTRATION COUNTY on board SEA-GOING and COASTING MERCHANT VESSELS, and on INLAND BARGES and BOATS, 1901.

NOTE.—Persons on board Vessels in Ports, Harbours, and Docks, including in certain cases hulks or other stationary vessels, were enumerated by Officers of His Majesty's Customs, and those on Barges, etc., on Canals or Navigable Rivers, not within the limits of a port, by the local Enumerators.

The persons thus enumerated are distributed among the general population of the Parishes contiguous to the waters in which the vessels were lying, with as much accuracy as the information obtained allows.

Fishermen at sea on the night of the Census and not returning on 1st April, 1901, and persons on board vessels arriving in port later than that date, are not included.

TABLE 22.—AGGREGATE NUMBERS of MARRIAGES, BIRTHS, and DEATHS registered in each REGISTRATION DISTRICT during the INTERCENSAL PERIOD 1891—1901 ; INCREASE or DECREASE of POPULATION compared with DIFFERENCE between BIRTHS and DEATHS.

NOTE.—No correction is made in this Table for Deaths occurring in Public Institutions, which, in some cases, are sufficiently numerous to detract from the value of the comparison between the increase of Population and the excess of Births over Deaths.

\* Changes were made in the boundaries of certain Registration Districts during the intercensal period. In the Table the enumerated populations of every such District for 1891 and 1901 are given, first for the District as constituted at the Census of 1891, and then for the District as constituted by each successive change. The dates from which the changed areas were adopted for tabulation of Births and Deaths are shown in the first column. In calculating the Increase or Decrease of Population (Col. 7) approximate allowance has been made for variations caused by changes of boundary. Owing to this method of calculation the increase of population shown in Column 7 differs fractionally from that derivable from the figures for the entire County in Table 1 and for the individual Registration Districts in Table 12 which relate to those areas as constituted at the time of the Census of 1901.

Of the foregoing, 2 Males and 2 Females were returned in 1901 as Persons suffering from Combined Infirmities "from Childhood."																		

\* The figures given for 1891 relate to the County of Middlesex as then constituted for Registration purposes, while those for 1901 relate to the Administrative County. The differences in the boundaries of the two areas, though affecting a considerable population, do not materially impair the value of the figures for purposes of comparison.

† Of the 309 Persons in 1901 classified in the Table as Deaf and Dumb, 12 Males and 10 Females, respectively, were returned simply as "Dumb," as were also 6 Males and 6 Females classified as Deaf and Dumb from Childhood. The figures regarding the Deaf and Dumb from Childhood are based on the descriptions given in the schedules, and must be regarded as incomplete.

‡ The Census Schedule did not require Persons who were Deaf without being Dumb to mention the fact of their Deafness, and therefore the figures given for the "Deaf" cannot be regarded as complete.

§ In 1891 the heading of the Census Schedule was "Lunatic, Imbecile or Idiot," and the Persons so returned were eventually classed as "Mentally Deranged." In 1901 the heading of the Schedule provided for two categories of the Mentally Deranged, viz., "Lunatic" and "Imbecile, Feeble-minded," and in drawing comparisons from the figures for the two Censuses, allowance must be made for these differences. The figures for 1891 for the new sub-divisions of Mentally Deranged cannot therefore be given. Total "Lunatic, Imbecile, and Feeble-minded," 1901:—6,130 Persons, 2,368 Males, 3,762 Females. Total "Mentally Deranged," 1891:—4,847 Persons, 2,037 Males, 2,810 Females. Of the 5,296 Lunatics enumerated in 1901 in Middlesex, 5,038 were resident in Institutions belonging to the London County Council; on the other hand 1,331 Persons similarly afflicted were resident in the Middlesex County Asylum, which is situated at Wandsworth in the Metropolitan area.

# CENSUS OF 1901.

## COUNTY OF MONMOUTH.

---

### SUMMARY OF THE CENSUS RESULTS.

THE Ancient or Geographical County of Monmouth contains, according to revised returns furnished by His Majesty's Ordnance Survey Department, an area of 341,688 statute acres. Its population numbers 292,317 persons. In 1801 the population was 45,568; it is now, therefore, more than six times as great as it was a Century ago.

AREA AND  
POPULATION.  
TABLES 1, 2,  
AND 3.

The Administrative County (together with the County Borough of Newport) contains an area of 349,712 statute acres, and a population of 298,076, against 258,133 in 1891, an increase of 15·5 per cent.; the number of inhabited houses is 55,740, against 47,265 in 1891, an increase of 17·9 per cent.; of uninhabited houses the number is 3,285, against 2,141 in 1891, an increase of 53·4 per cent.; and of houses building, 527, against 436 in 1891, an increase of 20·9 per cent. Of the 3,285 uninhabited houses, 1,416 were "In Occupation," that is, utilised for business or other purposes but without inmates on Census night.

The Registration County contains an area of 395,849 statute acres, and a population of 316,864. The differences between the Ancient, the Administrative, and the Registration County are set forth in Table 2. The boundaries of the Administrative and of the Registration County are delineated on the appended Map.

Where comparative figures are quoted for 1891, they relate to areas as constituted in 1901, unless otherwise stated.

The Ancient County is divided for Parliamentary purposes into 4 Constituencies —3 Divisions of the County, and the Monmouth District of Boroughs, comprising the Contributory Boroughs of Monmouth, Newport, and Usk. The County also includes 7 acres of land without houses or inhabitants in the Cardiff District of Boroughs.

PARLIAMEN-  
TARY CON-  
STITUENCIES.  
TABLE 4.

There are 134 Ecclesiastical Parishes or Districts situated wholly or partly within the Ancient County. Of these 134 Parishes or parts of Parishes, 133, with an aggregate population of 292,252, are within the Diocese of Llandaff; while part of the Parish of Kentchurch with Llangua, with a population of 65, is in the Diocese of Hereford.

ECCLESIASTI-  
CAL PARISHES.  
TABLE 5.

The Administrative County contains a population of 230,806, and the County Borough of Newport a population of 67,270, the aggregate population thus amounting to 298,076. The increase in the Administrative County since 1891, apart from the County Borough, is 27,380, or 13·5 per cent.; in the County Borough it is 12,563, or 23·0 per cent.; and in the total population 39,943, or 15·5 per cent.

ADMINISTRA-  
TIVE COUNTY  
AND COUNTY  
BOROUGH.  
TABLE 6.

The Administrative County has one Court of Quarter Sessions, and is divided into 11 Petty Sessional Divisions. The County Borough of Newport and the Municipal Borough of Monmouth have separate Commissions of the Peace but no separate Courts of Quarter Sessions.

PETTY  
SESSIONAL  
DIVISIONS.  
TABLE 7.

The total population of the Urban Districts (including the County Borough of Newport, two Municipal Boroughs, and seventeen other Urban Districts) is 251,679, an increase of 40,135, or 19·0 per cent., since 1891. The population in the Urban District of Abertillery increased from 10,846 in 1891, to 21,945 in 1901, or 102·3 per cent., and that of the Urban District of Ebbw Vale from 17,312 to 20,994, or 21·3 per cent. These are the only Urban Districts (besides the County Borough) that have a population of more than 20,000. In the six Rural Districts the population is 46,397, a decrease of 192, or 0·4 per cent., since 1891. The proportions of Urban and Rural population to the aggregate population of the entire County are 84·4 and 15·6 per cent. respectively.

URBAN AND  
RURAL  
DISTRICTS.  
TABLES 8, 9,  
AND 10.

CIVIL  
PARISHES.  
TABLE 11.

The number of Civil Parishes within the Administrative County is 159. The County Borough of Newport consists of a single Parish.

REGISTRATION  
DISTRICTS.  
TABLE 12.

The Registration County is divided into 6 Registration Districts, which are co-extensive with the Poor Law Unions of the same names; these Districts are again sub-divided into 20 Sub-Districts. In Table 12, besides comparative figures of houses and of population in 1891 and 1901, a column is given to show the number of Families or Separate Occupiers in each Registration District and Sub-District, as well as in each Civil Parish. These amount to 63,926, giving an average of 5·0 persons to a family. The population of Monmouthshire, as given in the Tables, includes a total of 239 persons—126 Males and 113 Females—who were enumerated as having passed the Census night in Barns, Sheds, Caravans, etc.

TENEMENTS.  
TABLE 19.

The total number of separate Tenements in the Administrative County (together with the County Borough), which had been 51,569 in 1891, rose to 59,670 in 1901, the increase being equal to 15·7 per cent. The Tenements containing five or more rooms increased from 25,623 to 34,675, or 35·3 per cent., while those with fewer than five rooms decreased from 25,946 to 24,995, or 3·7 per cent. Stated in another way, the Tenements with five or more rooms which were equal to 49·7 per cent. of the total Tenements in 1891, increased to 58·1 per cent. at the recent Census; while the percentage of Tenements with fewer than five rooms declined from 50·3 to 41·9. The total number of Tenements with fewer than five rooms, containing more than two persons per room, declined from 3,254 in 1891 to 2,351 in 1901, or 27·8 per cent. In the aggregate of Urban Districts the proportion of Tenements with fewer than five rooms to the total number of Tenements is 42·7 per cent., and in the aggregate of Rural Districts it is 37·6 per cent.

MARRIAGES,  
BIRTHS,  
DEATHS, AND  
MIGRATION.  
TABLE 22.

Table 22 shows the increase or decrease of population in the Registration County and its Registration Districts, compared with the difference between registered Births and Deaths: the Table also contains a column showing the balance of change which must be ascribed to Migration. The increase of population in the Registration County since 1891, as calculated for the purposes of this Table (see footnote thereto), amounts to 41,256, and the excess of Births over Deaths, to 46,387. It follows that the County has experienced a net loss by Migration of 5,131. Considerable proportional losses by Migration are shown in Chepstow, Monmouth, and Abergavenny Registration Districts.

SEXES AND  
AGES.  
TABLE 23.

The Males enumerated in the Administrative County (together with the County Borough) exceed the Females by 8,692; there are thus only 943 Females to every 1,000 Males. The number of children of school age (three and under fourteen years) is 77,084, of whom 38,470 are boys and 38,614 girls. Attendance at school of children under five is not, however, compulsory: the number of children aged five and under fourteen years is 61,643, of whom 30,791 are boys and 30,852 girls. The number of persons 65 years of age and upwards is 11,576; and of these 5,535 are Males and 6,041 Females. The proportion of persons aged 65 years and upwards enumerated in Rural Districts is 6·8 per cent. of the total Rural population, while in the Urban Districts the proportion does not exceed 3·3 per cent. of the total Urban population.

CONDITION AS  
TO MARRIAGE.  
TABLE 27.

Of the Males enumerated in the Administrative County and County Borough, 97,080 are Unmarried, 50,958 are Married, and 5,346 are Widowed. Of the Females, 84,287 are Unmarried, 51,140 are Married, and 9,265 are Widowed. The proportion of the Married in the Registration County to the population at all ages is now higher than it was in 1891, owing to the decrease in the proportion of children through the decline in the birth-rate. The proportion of the Married, however, if calculated on the population aged upwards of twenty years, is slightly lower than it was ten years ago among both Males and Females, the respective percentages for 1891 and 1901 being 60·7 and 60·5 for Males, and 65·7 and 65·5 for Females.

Table 29 shows, in combination, the ages of both Husbands and Wives. In 51,474 cases in the Registration County both the Husband and the Wife were enumerated in the same schedule, and were therefore presumably living together; in addition there were 2,826 Husbands whose Wives were absent—that is, were not enumerated in the same schedule—and 3,007 Wives whose Husbands were absent, on the Census night.

AGES OF  
HUSBANDS  
AND WIVES.  
TABLE 29.

Pauper Inmates of Workhouse Establishments in the Registration County number 1,379 persons at all ages (equal to 4·4 per 1,000 of the population), of whom 892 are Males and 487 Females; at 55 years and upwards the proportion of the population at the same age in Workhouse Establishments is 26·1 per 1,000, and at 65 years and upwards it is 41·5.

WORKHOUSES.  
TABLE 30.

Prisoners in Local or Convict Prisons in the Registration County number 85, against 66 in 1891, of whom 75 are Males and 10 Females. Their ages and civil conditions are shown in Table 31.

PRISONS.  
TABLE 31.

The Tables dealing with the Occupations of the people have been extended and elaborated. Table 32 contains a list of 379 Occupations, and shows the number of Males and Females employed in each. In this and succeeding Tables, Females are separately given as Unmarried, and as Married or Widowed.

OCCUPATIONS.  
TABLE 32.

The following figures give a summary of Occupational statistics for the Administrative County together with the County Borough, showing the proportions of Males and Females over 10 Years of age engaged in each Order, and also the proportions Unoccupied:—

Certain changes in the method of classification and in the mode of filling up the Schedules, which have secured more accurate definition of employment, affect the numbers under many Occupational headings for the purpose of comparison with the results of the Census taken in 1891. The following have, however, been selected, and in some cases thrown into groups, to illustrate the changes in some of the leading industries of the County. Figures showing the total population over 10 Years of age by sexes, with rate per cent. of increase, head the Table, and afford a ready means of comparing the changes in the numbers following various Occupations with the changes in the total population between the two Censuses. The figures for 1901 in the following Table relate to the Registration County, to secure approximate accuracy of comparison with those for 1891. They are consequently not identical with the figures given in Table 32, which relate to the Administrative County together with the County Borough.

In 1891 the percentage of the total Male population aged 10 Years and upwards engaged in Occupations in the Registration County was 85·8, and of the total Female population 24·4; in 1901 the percentages are 85·1 and 19·8 respectively. In the Administrative County together with the County Borough the proportions in 1901 are 85·3 for Males and 19·8 for Females. Of the 21,191 Females over 10 Years of age engaged in Occupations, 17,128, or 80·8 per cent., are Unmarried, and 4,063, or 19·2 per cent., Married or Widowed.

UNDER 14  
YEARS.  
TABLE 33.

The total number of Boys aged 10 and under 14 Years, in the Administrative County (together with the County Borough) is 12,776, and of these 1,422, or 11·1 per cent., are engaged in Occupations. The total number of Girls at these ages is 12,701, of whom 235, or 1·9 per cent., are engaged in Occupations. Coal and Shale Mining finds employment for 811 Boys below ground, and 25 above ground. There are also 183 Boys employed as Porters, Messengers, etc.; while 178 Girls are in Domestic Indoor Service.

FORMER

SIONERS" AND  
"RETIRED."  
TABLE 34.

The total number of Males returned as "Pensioned" or "Retired," other than Army and Navy Officers, Clergymen, and members of the Medical Profession, is 2,114, being in the proportion of 2·1 per cent. to the number engaged in Occupations, as compared with 1,574, or 1·7 per cent., in 1891. The number of "Retired" Males enumerated in Workhouses and Workhouse Infirmarys whose previous Occupations were stated, is 533, and those in Lunatic Asylums 449, making a total of 982. The total number of "Pensioned" or "Retired" Females is 452, being in the proportion of 2·1 per cent. to the number engaged in Occupations, as compared with 366, or 1·5 per cent., in 1891. The number in Workhouses and Workhouse Infirmarys is 76, and in Lunatic Asylums 192, making a total of 268. Of the Retired Females, 212 are Unmarried, and 240 are Married or Widowed. Among the Retired Males there were enumerated in Workhouse Establishments and Lunatic Asylums 332 of the 356 General Labourers, 97 of the 114 Agricultural Labourers or Farm Servants, and 35 of the 48 Boot, Shoe, etc., Makers. Among the Retired Females there were enumerated in these Institutions 125 of the 141 Domestic Indoor Servants, 51 of the 52 Charwomen, and 34 of the 47 Milliners, Dressmakers, Seamstresses.

Table 35 sets forth the Occupations of the People by Sexes and in five groups of Ages for the County Borough of Newport; for the Aggregate of Urban Districts, including the County Borough; and for the Aggregate of Rural Districts. The total population over 10 Years of age of Unmarried and of Married or Widowed Females, and the number of each class engaged in Occupations are given separately.

DISTRICTS.  
TABLE 35A.

The following figures show for the County Borough and for each of the Urban Districts having a population in excess of 20,000 certain details of Occupational Statistics directly bearing on the Social Life of the People:—

—	FEMALES AGED 10 YEARS AND UPWARDS.		Males aged 10 and under 14 Years. — Proportion per cent. Occupied.	Females aged 10 and under 14 Years. — Proportion per cent. Occupied.	Domestic Indoor Servants. — Proportion per cent. to Total number of Separate Occupiers or Families.
	Unmarried. — Proportion per cent. Occupied.	Married or Widowed. — Proportion per cent. Occupied.			
Abertillery (U.D.) ... ..	29·2	3·5	18·0	3·5	9·6
Ebbw Vale (U.D.) ... ..	29·2	4·3	17·2	1·9	8·6
Newport (C.B.) ... ..	44·4	7·0	4·3	1·0	17·1

Of the 292,317 persons enumerated in the Ancient County, 194,079, or 66·4 per cent., were born within the County; 32,844, were born in Wales, an increase since 1891 of 4,341; 3,061 in Ireland, a decrease of 746; 2,337 in London, an increase of 257; 1,057 in Scotland, an increase of 63; and 576 in British Colonies or Dependencies, an increase of 149. Persons of Foreign birth, including those enumerated in vessels in port on Census night, number 1,515, an increase of 185, and of these 566 were abstracted as British Subjects, 63 as Naturalised British Subjects, and 886 as Foreigners; a decrease, in the case of the last-named, of 273 since 1891. British Subjects and Naturalised British Subjects number together 629, and contrast with a total of 171 in 1891. This wide difference seems to be mainly due to the new instruction on the Census Schedule that persons born abroad should state whether they were British Subjects, Naturalised British Subjects, or Foreign Subjects. Greater accuracy has thus been secured, but the figures have less value for comparison with those of 1891.

BIRTHPLACES.  
TABLE 36.

Of the 886 Foreigners, 706 are Males and 180 Females. Natives of the United States of America number 155; those of Germany, 122; of France, 106; and of Russia, 103.

TABLE 37.

The number of persons returned as Blind is 238, and of these 8 suffer from some other Infirmary also. Deaf and Dumb persons, including 18 who are returned simply as Dumb, number 105, of whom 14 suffer from some other Infirmary also. Lunatics number 922, including 7 afflicted with some other Infirmary; and the Imbecile and Feeble-minded 459, including 11 otherwise afflicted. The total of these classes is 1,381. (See Note § to Table 38, page 57.) Of the 1,381 persons returned as mentally deranged, 1,186 were inmates of Institutions, including 1,064 in Public Lunatic Asylums, and 122 in Workhouses; the remaining 195 were resident with relatives or in unlicensed houses. The 122 mentally deranged persons enumerated in Workhouses, were returned as Imbecile or Feeble-minded; of the 195 not enumerated in Institutions, one was returned as Lunatic and 194 were returned as Imbecile or Feeble-minded.

LANGUAGES.  
TABLE 40.

The returns relating to languages spoken in Wales and Monmouthshire have been elaborated, and will be found to afford particulars in fuller detail than in 1891. The information given in the Language Column of the Census Schedule has been abstracted so as to show the results by sexes and in five age groups. The Table now published gives figures, not for the Registration County of Monmouth and its 6 Registration Districts as in 1891, but for the Administrative County, the County Borough and 19 other Urban Districts, and 6 Rural Districts.

By the Census Act, 1900, the minimum limit of age was fixed at 3 years instead of 2 years, the limit adopted for the Report on the Census of 1891. In view of these alterations, comparison can best be made by giving percentages on the population dealt with.

Other Languages	...	...	...	...	0.1	0.2
No statement	...	...	...	...	1.0	0.1

\* The percentages in this Table for 1891 relate to the Registration County as then constituted, and those for 1901 to the Administrative County (together with the County Borough of Newport) as constituted on the Census Day. The difference of boundary between the two Counties does not materially affect the value of these figures for comparative purposes.

If the percentages of those returned as speaking Welsh only, and both English and Welsh are combined, it is found that there is a moderate decline in proportion to population from 15.2 to 13.0 per cent.; whereas the decline in the proportion of persons speaking Welsh only is from 3.8 to 0.7 per cent.

No comparison by age groups can be made with 1891, but the proportion per cent. of population at each age-group is given for 1901 in the following Table :—

TABLE 10.—RURAL DISTRICTS.—AREA ; HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—Bedwelty (583) is the only Poor Law Union and Registration District in the County of Monmouth which contains no Rural Area. Under the provisions of the Local Government Act, 1894, considerable changes were made in the constitution of Rural Districts. In Monmouthshire, Abergavenny Rural District consists of Parishes in the Poor Law Unions of Dore and Abergavenny; Magor and St. Mellons together comprise the Rural Parishes in Newport Poor Law Union; and Chepstow, Monmouth, and Pontypool consist of Parishes in the Poor Law Unions of the same names. The extent of each Rural District may readily be seen in the Map preceding the Tables.

TABLE 12.—REGISTRATION COUNTY, DISTRICTS, and SUB-DISTRICTS, with their constituent CIVIL PARISHES.—AREA; HOUSES and POPULATION 1891 and 1901, and SEPARATE OCCUPIERS 1901.

## EXPLANATORY NOTES.

(1) The Registration Districts of the County of Monmouth are all co-extensive with the Poor Law Unions of the same names.

(2) Where the name of the Registration County in which a Parish is situated differs from that of the Administrative County, the name of the latter is added in italics. The letters C.B. after the Civil Parish of Newport indicate that it is situated in the County Borough of the same name. The differences between the Registration County and the Administrative County are shown in Table 2.

(3) Parishes that are situated in a County Borough, Municipal Borough, or Urban District are distinguished by black type thus—Chepstow.

(4) The places named in footnotes as being included in Civil Parishes are generally localities having no defined boundaries, such as hamlets, villages, etc.

(5) For particulars of existing detached parts of Civil Parishes see Table 13, and for changes in the boundaries of Civil Parishes effected by the Local Government Acts of 1888 and 1891, and by Local Acts since 1891, see Table 14. In all Districts and Sub-Districts marked + changes were made in boundaries between the Census of 1891 and that of 1901. Full particulars of the alterations have been published in the Registrar-General's Annual Reports.

(6) Revised areas of Civil Parishes have been furnished by the Ordnance Survey Department; for the area of the Tidal Water and Foreshore comprised in Civil Parishes, see Table 15.

\* On 1st January, 1902, Llanhilleth Civil Parish was detached from Pontypool Sub-District in Pontypool Registration District and created the new Sub-District of Llanhilleth. The figures at the date of the Census for the former Sub-District as thus altered, were as follows:—

| 14,128 | 83 | 4,237 | 4,804 | 88 | 35 | 26 | 4,899 | 22,011 | 24,783 | 11,270 | 12,792 | 10,741 | 11,991

† The increase of population in Llanhilleth Civil Parish is mainly attributed to the development of the coal-mining industry.

‡ The increase of population in Llanvaches Civil Parish is mainly attributed to the number of workmen, many of whom live in huts, engaged in the construction of waterworks in the Parish.

a Including Cwmpantddu, Freeholdland, Garndiffaeth, Pontnewynydd, Tranch, Trevethin, Varteg, and Victoria.

b Including New Inn.

c Including Croesyceiliog, Lanyrafon, Ponthir, and part of Pontydd.

d Including Upper Cwmbran, and part of Pontydd.

e Including Penyrheol, Pontyfelin, Sebastopol, and Upper Race.

f Including Gwehelog Common.

g Including Bertholey.

h Including Trostrey Common.

TABLE 18.—PERSONS enumerated in the REGISTRATION COUNTY on board SEA-GOING and COASTING MERCHANT VESSELS and on INLAND BARGES and BOATS, 1901.

NOTE.—Persons on board Vessels in Ports, Harbours, and Docks, including in certain cases hulks or other stationary vessels, were enumerated by Officers of His Majesty's Customs; and those on Barges, etc., on Canals or Navigable Rivers, not within the limits of a port, by the local Enumerators.

The persons thus enumerated are distributed among the general population of the Parishes contiguous to the waters in which the vessels were lying, with as much accuracy as the information obtained allows.

Fishermen at sea on the night of the Census and not returning on 1st April, 1901, and persons on board vessels arriving in port later than that date, are not included.

TABLE 22.—AGGREGATE NUMBERS of MARRIAGES, BIRTHS, and DEATHS registered in each REGISTRATION DISTRICT during the INTERCENSAL PERIOD 1891—1901; INCREASE or DECREASE of POPULATION compared with DIFFERENCE between BIRTHS and DEATHS.

NOTE.—No correction is made in this Table for Deaths occurring in Public Institutions, which, in some cases, are sufficiently numerous to detract from the value of the comparison between the Increase of Population and the Excess of Births over Deaths.

\* Changes were made in the boundaries of certain of the Registration Districts during the intercensal period. In the Table the enumerated populations of every such District for 1891 and 1901 are given, first for the District as constituted at the Census of 1891, and then for the District as constituted by each successive change. The dates from which the changed areas were adopted for tabulation of Births and Deaths are shown in the first column. In calculating the Increase or Decrease of Population (Col. 7) approximate allowance has been made for variations caused by changes of boundary. Owing to this method of calculation, the increase or decrease of population shown in Col. 7 differs fractionally from that derivable from the figures for the entire County in Table 1 and for the individual Registration Districts in Table 12, which relate to those areas as constituted at the time of the Census of 1901.

NOTE.—The Table read *vertically* shows the number of Wives at each age, with the ages of their Husbands: Thus one Wife, aged 21 and under 25 years, had a Husband aged 17; 11 had Husbands aged 19; 27 had Husbands aged 20; 1,408 had Husbands aged 21 and under 25 years, and so on.

Read *horizontally* the Table shows the number of Husbands at each age, with the ages of their Wives: Thus 68 Husbands, aged 21 and under 25 years, had Wives aged 18; 120 had Wives aged 19; 219 had Wives aged 20; 1,408 had Wives aged 21 and under 25 years, and so on.

At all ages 51,474 Husbands and 51,474 Wives were enumerated as residing together on the night of the Census. There were also 2,826 Husbands whose Wives were absent (*i.e.*, the Wives were not returned on the same Schedules as their Husbands), making in all 54,300 Husbands enumerated; and 3,007 Wives whose Husbands were absent (*i.e.*, the Husbands were not returned on the same Schedules as their Wives), making in all 54,431 Wives enumerated.

## COUNTY OF MONMOUTH—continued.

TABLE 32.—OCCUPATIONS of MALES and FEMALES AGED 10 YEARS AND UPWARDS, in the ADMINISTRATIVE COUNTY (together with the COUNTY BOROUGH of NEWPORT), distinguishing for FEMALES the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—In classifying the people by their occupations the following rules have been observed:—Persons returned as engaged in more than one occupation have been referred to the occupation which in each case appeared to be the most important; or, if there was no difference in this respect, to the occupation first mentioned in the Return. Thus, a manufacturing trade has been selected in preference to a selling trade. A Clergyman who is also a Schoolmaster has been classed under the heading "Schoolmaster." Persons returned as "Pensioners" or as "Retired" from any specified profession or business (except Officers of the Army or Navy, Clergymen, and Medical Men) appear in this Table as simply "Pensioners" or "Retired" (see Order XXIII.), but are classified in Table 31 according to their former occupations. Inmates of Lunatic Asylums or of Workhouses, when returned as Insane and yet described by their former occupations, have—irrespective of age—been classed as "Retired." Other Inmates of Workhouses, unless aged 60 years or upwards, and Patients in Hospitals and Prisoners of all ages, have been classed under their stated occupations on the assumption that their ordinary work has been relinquished for a time only. Inmates of Workhouses aged 60 years and upwards, whose former occupations were returned, have been dealt with as "Retired."

The numbers given under any heading include Apprentices, Assistants, Workmen, and Labourers, as well as Masters, except where special headings are provided for subordinates. Messengers, Errand Boys, Porters, and Watchmen are, however, shown under a separate heading, and Clerks are classified as Civil Service Clerks, Bank Clerks, Railway Clerks, Insurance Clerks, or Commercial Clerks, according to the particular service in which they are engaged.

In some cases women and children, chiefly widows or orphans carrying on the business of their husbands or fathers, are classed under Occupations commonly followed only by adult men.

In the list of Occupations the Male designations only are given for convenience, except where the occupations are exclusively followed by Females.

The figures in italics for Females at the head of the Table relate to the Married or Widowed.

## COUNTY OF MONMOUTH—continued.

TABLE 34.—FORMER OCCUPATIONS of "PENSIONERS" and "RETIRED" in the ADMINISTRATIVE COUNTY (together with the COUNTY BOROUGH of NEWPORT), distinguishing those enumerated in WORKHOUSES and LUNATIC ASYLUMS, and also, for FEMALES, the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—This Table is supplementary to Table 32, where the Pensioners and the Retired are shown simply as such without regard to their former Occupations. Inmates of Lunatic Asylums, or of Workhouses, when described as Insane and as having formerly followed some occupation, have been classed as "Retired," irrespective of age; also other formerly occupied Inmates of Workhouses if aged 60 years or upwards. Patients in Hospitals and Prisoners of all ages, on the assumption that their ordinary work has been relinquished for a time only, have not been dealt with as "Retired." No Officers in the Army or Navy, Clergymen of the Established Church, or members of the Medical Profession, are included in the "Retired."

Of the foregoing, 1 Male was returned in 1901 as a Person suffering from Combined Infirmities "from Childhood."																			

\* The figures given for 1891 relate to the County of Monmouth as then constituted for Registration purposes, while those for 1901 relate to the Administrative County, together with the County Borough of Newport. The differences in the constitution of the two areas should be borne in mind in dealing with these figures—see Table 2.

† Of the 105 Persons in 1901 classified in the Table as Deaf and Dumb, 13 Males and 5 Females, respectively, were returned simply as "Dumb," as were also 2 Males and 4 Females classified as Deaf and Dumb from Childhood. The figures relating to the Deaf and Dumb from Childhood are based on the descriptions given in the Schedules, and must be regarded as incomplete.

‡ The Census Schedule did not require Persons who were Deaf without being Dumb to mention the fact of their Deafness, and therefore the figures given for the "Deaf" cannot be regarded as complete.

§ In 1891 the heading of the Census Schedule was "Lunatic, Imbecile, or Idiot," and the Persons so returned were eventually classed as "Mentally Deranged." In 1901 the heading of the Schedule provided for two categories of the Mentally Deranged, viz., "Lunatic," and "Imbecile, Feeble-minded," and in drawing comparisons from the figures for the two Censuses, allowances should be made for these differences. The figures for 1891 for the new sub-divisions of Mentally Deranged cannot therefore be given. Total "Lunatic, Imbecile, and Feeble-minded," 1901:—1,381 Persons, 666 Males, 715 Females. Total "Mentally Deranged," 1891:—1,056 Persons, 523 Males, 533 Females.

NOTE.—The numbers of persons returned in Administrative areas as suffering from one or other infirmity are affected by the presence or absence of institutions in which many of such persons might be resident. Thus, of the 1,310 Lunatic, Imbecile, or Feeble-minded persons enumerated in the area administered by the County Council, 1,061 were resident in the Monmouth County Asylum, which receives patients not only from that County but also from the County Borough of Newport and from the Counties of Brecon and Radnor.

\* These figures include 13 Males and 5 Females returned simply as "Dumb."  
† These persons are also included in the totals of the several infirmities from which they suffer. One of them was returned as having been so afflicted "from Childhood."

# CENSUS OF 1901.

## COUNTY OF MONTGOMERY.

### SUMMARY OF THE CENSUS RESULTS.

THE Ancient or Geographical County of Montgomery, which is co-extensive with the Administrative County, contains, according to revised returns furnished by His Majesty's Ordnance Survey Department, an area of 510,111 statute acres. Its population numbers 54,901 persons, against 58,003 in 1891, a decrease of 5·3 per cent. In 1801 the population was 48,184; it has, therefore, increased by only 13·9 per cent. during the Century. The number of inhabited houses is 12,269, against 12,580 in 1891, a decrease of 2·5 per cent.; of uninhabited houses the number is 1,174, against 1,482 in 1891, a decrease of 20·8 per cent.; and of houses building, the number is 53, against 43 in 1891. Of the 1,174 uninhabited houses, 344 were "In Occupation," that is, utilised for business or other purposes but without inmates on the Census night.

AREA AND  
POPULATION.  
TABLES 1, 2,  
AND 3.

The Registration County contains an area of 591,973 statute acres, and a population of 63,994. The differences between the Administrative and the Registration County are set forth in Table 2. The boundaries of the Administrative and of the Registration County are delineated on the appended Map.

Where comparative figures are quoted for 1891, they relate to areas as constituted in 1901, unless otherwise stated.

The Ancient County is not divided for Parliamentary purposes. It contains the Montgomery District of Boroughs, comprising the Contributory Boroughs of Llanfyllin, Llanidloes, Machynlleth, Montgomery, Newtown, and Welshpool.

PARLIAMEN-  
TARY CON-  
STITUENCIES.  
TABLE 4.

There are 70 Ecclesiastical Parishes or Districts wholly or partly within the Ancient County; of these Parishes or parts of Parishes, 43, with a population of 34,549, are within the Diocese of St. Asaph; 16, with a population of 16,201, in that of Bangor; and 11, with a population of 4,151, in that of Hereford.

ECCLESIASTI-  
CAL PARISHES.  
TABLE 5.

The Administrative County has one Court of Quarter Sessions, and is divided into 14 Petty Sessional Divisions. The Municipal Borough of Welshpool has a separate Commission of the Peace, but no separate Court of Quarter Sessions.

PETTY  
SESSIONAL  
DIVISIONS.  
TABLE 7.

The total population of the Urban Districts in the Administrative County (comprising four Municipal Boroughs and two other Urban Districts) is 20,095, a decrease of 267, or 1·3 per cent., since 1891. The County contains 4 Rural Districts, while the Civil Parish of Pennal in the Administrative County of Merioneth, and the Civil Parish of Ysgubor y coed in the Administrative County of Cardigan, are administered by the Rural District Council of Machynlleth. The aggregate Rural population, excluding the two Parishes just mentioned, is 34,806, a decrease of 2,835, or 7·5 per cent., since 1891. The proportions of Urban and Rural population to the aggregate population of the County are 36·6 and 63·4 per cent. respectively.

URBAN AND  
RURAL  
DISTRICTS.  
TABLES 8, 9,  
AND 10.

The number of Civil Parishes within the Administrative County is 72.

CIVIL  
PARISHES.  
TABLE 11.

REGISTRATION  
DISTRICTS.  
TABLE 12.

The Registration County contains a population of 63,994, and is divided into 4 Registration Districts, which are co-extensive with the Poor Law Unions of the same names; these Districts are further divided into 14 Sub-Districts. In Table 12, besides comparative figures of houses and of population in 1891 and 1901, a column is given to show the number of Families or Separate Occupiers in each Registration District and Sub-District, as well as in each Civil Parish. These amount to 14,567, giving an average of 4·4 persons to a family. The population of Montgomeryshire includes a total of 11 persons—8 Males and 3 Females—who were enumerated as having passed the Census night in Barns, Sheds, Caravans, etc.

TENEMENTS.  
TABLE 19.

The total number of separate Tenements in the Administrative County, which had been 12,786 in 1891, declined to 12,394 in 1901, the decrease being equal to 3·1 per cent. The Tenements containing five or more rooms increased from 7,686 to 8,350, or 8·6 per cent., while those with fewer than five rooms decreased from 5,100 to 4,044, or 20·7 per cent. Stated in another way, the Tenements with five or more rooms were equal to 60·1 per cent. of the total Tenements in 1891, and increased to 67·4 per cent. at the recent Census; while the percentage of Tenements with fewer than five rooms declined from 39·9 to 32·6. The total number of Tenements with fewer than five rooms containing more than two persons per room declined from 418 in 1891 to 236 in 1901, or 43·5 per cent. In the aggregate of Urban Districts the proportion of Tenements with fewer than five rooms to the total number of Tenements is 39·9 per cent., and in the aggregate of Rural Districts it is 28·2 per cent.

MARRIAGES,  
BIRTHS,  
DEATHS, AND  
MIGRATION.  
TABLE 22.

Table 22 shows the increase or decrease of population in the Registration County and its Registration Districts, compared with the difference between registered Births and Deaths; the Table contains a column showing the balance of change which must be ascribed to Migration. The decrease of population in the Registration County since 1891, as calculated for the purposes of this Table (see footnote thereto), amounts to 3,425, while the excess of Births over Deaths amounts to 5,263. It follows that the County has sustained a net loss by Migration of 8,688; all the Registration Districts show losses, the highest proportional loss occurring in Forden District.

SEXES AND  
AGES.  
TABLE 23.

The Females enumerated in the Administrative County exceed the Males by 1,321; there are thus 1,049 Females to every 1,000 Males. The number of children of school age (three and under fourteen years) is 13,007, of whom 6,481 are boys and 6,526 girls: attendance at school of children under five is not, however, compulsory, and the number of children aged five and under fourteen years is 10,622, of whom 5,303 are boys and 5,319 girls. The number of persons 65 years of age and upwards is 4,307, and of these 2,104 are Males and 2,203 Females; one Female claimed to be a centenarian. The proportion of persons aged 65 years and upwards enumerated in Rural Districts is 8·2 per cent. of the total Rural population, while in the Urban Districts the proportion is 7·3 per cent. of the total Urban population.

CONDITION AS  
TO MARRIAGE.  
TABLE 27.

Of the Males enumerated in the Administrative County, 16,898 are Unmarried, 8,571 are Married, and 1,321 are Widowed. Of the Females, 16,954 are Unmarried, 8,791 are Married, and 2,366 are Widowed.

AGES OF  
HUSBANDS  
AND WIVES.  
TABLE 29.

Table 29 shows, in combination, the ages of both Husbands and Wives. In 9,538 cases in the Registration County both the Husband and the Wife were enumerated in the same schedule, and were therefore presumably living together; in addition there were 509 Husbands whose Wives were absent—that is, were not enumerated in the same schedule—and 773 Wives whose Husbands were absent, on the Census night.

WORKHOUSES.  
TABLE 30.

Pauper Inmates of Workhouse Establishments in the Registration County number 272 persons at all ages (equal to 4·3 per 1,000 of the population), of whom 192 are Males, and 80 Females. At 55 years and upwards the proportion of the population at the same age in Workhouse Establishments is 13·8 per 1,000, and at 65 years and upwards it is 19·0.

The Tables dealing with the Occupations of the people have been extended and elaborated. Table 32 contains a list of 379 Occupations, and shows the number of Males and Females employed in each. In this and succeeding Tables, Females are separately given as Unmarried, and as Married or Widowed.

OCCUPATIONS.  
TABLE 32.

In the Registration County the Male population aged 10 Years and upwards has decreased from 25,122 in 1891 to 24,300 in 1901, or 3·3 per cent., and the Female population at the same ages from 26,843 to 25,871, or 3·6 per cent. With these figures may be compared those for some of the principal Occupations. Amongst Males, workers employed in Agriculture (excluding Gardeners) have decreased from 9,842 to 9,363, or 4·9 per cent., and those engaged in Wool and Worsted Manufacture from 574 to 310, or 46·0 per cent. Amongst Females, Domestic Indoor Servants have decreased from 4,435 to 3,293, or 25·7 per cent.; Tailors, Clothiers, Dressmakers, Milliners, Staymakers, Seamstresses, and Machinists (undefined) from 1,073 to 1,042, or 2·9 per cent.; and those engaged in Wool and Worsted Manufacture from 616 to 354, or 42·5 per cent.

In the Registration County in 1891, 82·7 per cent. of the Males aged 10 Years and upwards were engaged in Occupations, and 31·9 per cent. of the Females; in 1901 the percentages are 82·9 and 28·7 respectively. Of the 6,285 Occupied Females in the Administrative County, 4,766, or 75·8 per cent., are Unmarried, and 1,519, or 24·2 per cent., Married or Widowed.

The number of Boys aged 10 and under 14 Years in the Administrative County is 2,323, of whom 126, or 5·4 per cent., are engaged in Occupations. The number of Girls at these ages is 2,335, of whom 86, or 3·7 per cent., are Occupied. Of the Boys, 55 are Agricultural Labourers or Farm Servants; while of the Girls, 71 are Domestic Indoor Servants.

OCCUPATIONS  
OF CHILDREN  
AGED 10 AND  
UNDER  
14 YEARS.  
TABLE 33.

The number of Males classified as "Pensioned" or "Retired" other than Army and Navy Officers, Clergymen, and members of the Medical Profession, is 428 (including 106 in Workhouses), and is in the proportion of 2·5 per cent. to the number engaged in Occupations. (See note at head of Table 34). The number of "Pensioned" or "Retired" Females is 99 (including 15 in Workhouses), and is in the proportion of 1·6 per cent. to the number engaged in Occupations. Of the 99 "Retired" Females, 31 are Unmarried, and 68 are Married or Widowed.

FORMER  
OCCUPATIONS  
OF "PEN-  
SIONERS" AND  
"RETIRED."  
TABLE 34.

Of the 54,901 persons enumerated in the Ancient County, 44,532, or 81·1 per cent., were born within the County; 4,228 were born in other Counties of Wales or in Monmouthshire, 269 in London, 133 in Scotland, 95 in Ireland, and 58 in British Colonies or Dependencies. Persons of Foreign birth number 64; and of these 40 were abstracted as British Subjects and 24 as Foreigners, a decrease, in the case of the last named, of 18 since 1891.

BIRTHPLACES.  
TABLES 36  
AND 37.

The number of persons returned as Blind is 44, including one returned as also Feeble-minded; and Deaf and Dumb persons, including 8 who were returned simply as Dumb and one as Dumb and Feeble-minded, number 35.

THE BLIND,  
THE DEAF AND  
DUMB, THE  
DEAF, AND  
THE INSANE.  
TABLE 38.

Lunatics number 28, and the Imbecile and Feeble-minded 88, of whom two suffer from some other Infirmary also. The total of these classes is 116. (See Note § to Table 38, page 36.) Of the 116 persons returned as mentally deranged, 52 were inmates of Workhouses, while the remaining 64 were resident with relatives or in unlicensed houses. Of the 52 mentally deranged persons enumerated in Workhouses, 27 were returned as Lunatic and 25 as Imbecile or Feeble-minded, of the 64 not enumerated in Institutions, one was returned as Lunatic and 63 as Imbecile or Feeble-minded.

LANGUAGES.  
TABLE 40.

The Table relating to languages spoken in Wales and Monmouthshire affords fuller particulars than in 1891. The information given in the Language column of the Census Schedule has been abstracted to show the results by sexes and in five age groups. The Table now published gives figures, not for the Registration County of Montgomery and its 4 Registration Districts as in 1891, but for the Administrative County and its 6 Urban and 4 Rural Districts. By the Census Act, 1900, the minimum limit of age was fixed at 3 years instead of 2 years, the limit adopted for the Report on the Census of 1891.

No comparison by age groups can be made with 1891, but the proportion per cent. of population is given for 1901 in the following Table :—

TABLE 10.—RURAL DISTRICTS—AREA ; HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—Under the provisions of the Local Government Act, 1894, considerable changes were made in the constitution of Rural Districts. In Montgomeryshire they comprise exclusively Parishes in the Poor Law Unions of the same names, except Forden which consists of Parishes in the Poor Law Unions of Clun, Ateham, and Forden. The extent of each Rural District may readily be seen in the Map preceding the Tables.

COUNTY OF MONTGOMERY—continued.

TABLE 12.—REGISTRATION COUNTY, DISTRICTS, and SUB-DISTRICTS, with their constituent CIVIL PARISHES.—AREA ; HOUSES AND POPULATION 1891 and 1901, and SEPARATE OCCUPIERS 1901.

EXPLANATORY NOTES.  
(1) The Registration Districts of the County of Montgomery are all co-extensive with the Poor Law Unions of the same names.  
(2) Where the name of the Registration County in which a Parish is situated differs from that of the Administrative County, the name of the latter is added in italics. The differences between the Registration County and the Administrative County are shown in Table 2.  
(3) Parishes that are situated in a Municipal Borough or Urban District are distinguished by black type thus—**Machynlleth**.  
(4) The places named in footnotes as being included in Civil Parishes are generally localities having no defined boundaries, such as hamlets, villages, etc.  
(5) For particulars of existing detached parts of Civil Parishes see Table 13, and for changes in the boundaries of Civil Parishes effected by the Local Government Acts of 1888 and 1894 and by Local Acts since 1891, see Table 14. In the District and Sub-Districts marked + changes were made in boundaries between the Census of 1891 and that of 1901. Full particulars of the alterations have been published in the Registrar-General's Annual Reports.  
(6) Revised areas of Civil Parishes have been furnished by the Ordnance Survey Department; for the area of the Tidal Water and Fore-shore comprised in Civil Parishes, see Table 15.

TABLE 18.—PERSONS enumerated in the REGISTRATION COUNTY on board SEA-GOING and COASTING MERCHANT VESSELS and on INLAND BARGES and BOATS, 1901.

NOTE.—Persons on board Vessels in Ports, Harbours, and Docks, including in certain cases hulks or other stationary vessels, were enumerated by Officers of His Majesty's Customs; and those on Barges, etc., on Canals or Navigable Rivers, not within the limits of a port, by the local Enumerators.

The persons thus enumerated are distributed among the general population of the Parishes contiguous to the waters in which the vessels were lying, with as much accuracy as the information obtained allows.

Fishermen at sea on the night of the Census and not returning on 1st April, 1901, and persons on board vessels arriving in port later than that date, are not included.

TABLE 22.—AGGREGATE NUMBERS of MARRIAGES, BIRTHS, and DEATHS registered in each REGISTRATION DISTRICT during the INTERCENSAL PERIOD 1891—1901; INCREASE or DECREASE of POPULATION compared with DIFFERENCE between BIRTHS and DEATHS.

NOTE.—No correction is made in this Table for Deaths occurring in Public Institutions, which in some cases are sufficiently numerous to detract from the value of the comparison between the Increase or Decrease of Population and the Excess of Births over Deaths.

\* A change was made in the boundary of Machynlleth Registration District during the intercensal period. In the Table the enumerated populations of this District for 1891 and 1901 are given, first for the District as constituted at the Census of 1891 and then for the District as altered. The date from which the changed area was adopted for tabulation of Births and Deaths is shown in the first column. In calculating the Increase or Decrease of Population (Col. 7) approximate allowance has been made for variations caused by the change in boundary. Owing to this method of calculation, the increase or decrease of Population shown in Col. 7 differs fractionally from that derivable from the figures for the entire County in Table 1, and for Machynlleth Registration District in Table 12, which relate to those areas as constituted at the time of the Census of 1901.

TABLE 34.—FORMER OCCUPATIONS of "PENSIONERS" and "RETIRED" in the ADMINISTRATIVE COUNTY, distinguishing those enumerated in WORKHOUSES and LUNATIC ASYLUMS, and also for FEMALES, the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—This Table is supplementary to Table 32, where the Pensioners and the Retired are shown simply as such without regard to their former Occupations. Inmates of Lunatic Asylums, or of Workhouses, when described as Insane and as having formerly followed some occupation, have been classed as "Retired," irrespective of age; also other formerly occupied Inmates of Workhouses if aged 60 years or upwards. Patients in Hospitals and Prisoners of all ages, on the assumption that their ordinary work has been relinquished for a time only, have not been dealt with as "Retired." No Officers in the Army or Navy, Clergymen of the Established Church, or members of the Medical Profession, are included in the "Retired."

Neither of the foregoing Persons was returned in 1901 as suffering from Combined Infirmities "from Childhood."																		

\* The figures given for 1891 relate to the County of Montgomery as then constituted for Registration purposes, while those for 1901 relate to the Administrative County. The differences in the constitution of the two areas should be borne in mind in dealing with these figures—see Table 2.

† Of the 35 Persons in 1901 classified in the Table as Deaf and Dumb, 8 Males and 1 Female were returned simply as "Dumb," and of these 3 Males and 1 Female are classified as Deaf and Dumb from Childhood. The figures relating to the Deaf and Dumb from Childhood are based on the descriptions given in the Schedules, and must be regarded as incomplete.

‡ The Census Schedule did not require persons who were Deaf without being Dumb to mention the fact of their Deafness, and therefore the figures given for the "Deaf" cannot be regarded as complete.

§ In 1891 the heading of the Census Schedule was "Lunatic, Imbecile or Idiot," and the persons so returned were eventually classed as "Mentally Deranged." In 1901 the heading of the Schedule provided for two categories of the Mentally Deranged, viz., "Lunatic" and "Imbecile, Feeble-minded," and in drawing comparisons from the figures for the two Censuses, allowance should be made for these differences. The figures for 1891 for the new sub-divisions of Mentally Deranged cannot therefore be given. Total "Lunatic, Imbecile, and Feeble-minded," 1901:—116 Persons; 67 Males, 49 Females. Total "Mentally Deranged," 1891:—106 Persons; 54 Males, 52 Females. The female pauper Lunatics of Montgomery are inmates of the Salop and Montgomery Joint Counties Lunatic Asylum, which is situated in Shropshire. On the other hand, 25 of the 27 male Lunatics shown in the Table are patients of that Institution, accommodation for whom is found in Forden Union Workhouse, the majority of them being natives of Shropshire.

|| Of these persons one was returned as "Blind and Feeble-minded," the other as "Dumb and Feeble-minded."

# CENSUS OF 1901.

## COUNTY OF NORFOLK.

### SUMMARY OF THE CENSUS RESULTS.

THE Ancient or Geographical County of Norfolk contains, according to the revised returns furnished by His Majesty's Ordnance Survey Department, an area of 1,308,439 statute acres. Its population numbers 460,120 persons. In 1801 the population was 273,479; it is now, therefore, more than one and a half times as great as it was a Century ago.

AREA AND  
POPULATION.  
TABLES 1, 2,  
AND 3.

The Administrative County, together with two County Boroughs, contains an area of 1,314,612 statute acres, and a population of 476,553, against 468,605 in 1891, an increase of 1·7 per cent.; the number of inhabited houses is 110,550, against 106,053 in 1891, an increase of 4·2 per cent.; of uninhabited houses the number is 9,040, against 8,305 in 1891, an increase of 8·9 per cent.; and of houses building, 716, against 521 in 1891, an increase of 37·4 per cent. Of the 9,040 uninhabited houses, 3,745 were "In Occupation," that is, utilised for business or other purposes but without inmates on Census night.

The Registration County contains an area of 1,291,170 statute acres, and a population of 467,754. The differences between the Ancient, the Administrative, and the Registration County are set forth in Table 2. The boundaries of the Administrative and of the Registration County are delineated on the appended Map.

Where comparative figures for 1891 are quoted, they relate to areas as constituted in 1901, unless otherwise stated.

The Ancient County of Norfolk is divided, for Parliamentary purposes, into 8 Constituencies—6 Divisions of the County and the 2 Parliamentary Boroughs of King's Lynn and Norwich, the latter returning two Members; the County also includes the greater part of the Parliamentary Borough of Great Yarmouth, the remainder of which is in Suffolk.

PARLIAMEN-  
TARY CON-  
STITUENCIES.  
TABLE 4.

There are 607 Ecclesiastical Parishes or Districts situated wholly or partly within the Ancient County of Norfolk. Of these 607 Parishes or parts of Parishes, 603, with an aggregate population of 458,596, are within the Diocese of Norwich; and 3, with a population of 1,430, in that of Ely; while the Parish of Sutton Bridge, part of which is in Norfolk, lies in the Diocese of Lincoln.

ECCLESIASTI-  
CAL PARISHES.  
TABLE 5.

The Administrative County contains a population of 313,504, and the two County Boroughs contain a population of 163,049, the aggregate population thus amounting to 476,553. The population in the Administrative County, apart from the County Boroughs, has decreased since 1891 by 4,797, or 1·5 per cent.; while in the County Boroughs it has increased by 12,745, or 8·5 per cent.; and the total population has increased by 7,948, or 1·7 per cent.

ADMINISTRA-  
TIVE COUNTY  
AND COUNTY  
BOROUGHES.  
TABLE 6.

The Administrative County has two Courts of Quarter Sessions, and is divided into 25 Petty Sessional Divisions. The County Boroughs of Great Yarmouth and Norwich (City) and the Municipal Boroughs of King's Lynn and Thetford have separate Commissions of the Peace and separate Courts of Quarter Sessions.

PETTY  
SESSIONAL  
DIVISIONS.  
TABLE 7.

The total population of the Urban Districts, including County and Municipal Boroughs, amounts to 218,482, and that of the Rural Districts to 258,071. The population in the Urban Districts has increased by 17,619, or 8·8 per cent., since 1891, while that in the Rural Districts has decreased by 9,671, or 3·6 per cent.

TABLE 9.

The County contains 2 County Boroughs, 2 Municipal Boroughs, and 9 other Urban Districts. The following Table shows the increase of population since 1891 in each Urban District of which the population exceeds 20,000:—

	POPULATION.		Increase per cent.		POPULATION.		Increase per cent.

RURAL  
DISTRICTS.  
TABLE 10.

Within the Administrative County there are 21 Rural Districts, containing an aggregate population of 258,071. This represents 54·2 per cent. of the population of the entire County.

CIVIL  
PARISHES.  
TABLE 11.

The number of Civil Parishes within the Administrative County is 696, and in the County Boroughs 4.

REGISTRATION  
DISTRICTS.  
TABLE 12.

The Registration County of Norfolk contains a population of 467,754, and was, at the date of the Census, divided into 22 Registration Districts, all of which were co-extensive with the Poor Law Parishes or Unions of the same names. These Districts were again sub-divided into 56 Sub-Districts. In Table 12, besides comparative figures of houses and of population in 1891 and 1901, a column is given to show the number of Families or Separate Occupiers in each Registration District and Sub-District, as well as in each Civil Parish. These amount to 109,477, giving an average of 4·3 persons to a family. The population of Norfolk, as shown in the Tables, includes a total of 391 persons—247 Males and 144 Females—who were enumerated as having passed the Census night in Barns, Sheds, Caravans, etc.

TENEMENTS.  
TABLE 19.

The total number of separate Tenements in the Administrative County together with the County Boroughs, which had been 110,454 in 1891, rose to 111,648 in 1901, the increase being equal to 1·1 per cent. The Tenements containing five or more rooms increased from 60,451 to 68,234, equal to 12·9 per cent., while those with fewer than five rooms decreased from 50,003 to 43,414, equal to 13·2 per cent. Stated in another way, the Tenements with five or more rooms were equal to 54·7 per cent. of the total Tenements in 1891, and increased to 61·1 per cent. at the recent Census, while the percentage of the Tenements with fewer than five rooms declined from 45·3 to 38·9. The total number of Tenements with fewer than five rooms, containing more than two persons per room, declined from 3,562 in 1891 to 2,143 in 1901, or 39·8 per cent. In the aggregate of Urban Districts, the proportion of Tenements with fewer than five rooms to the total number of Tenements is 29·2 per cent., and in the aggregate of Rural Districts it is 46·9 per cent.

MARRIAGES,  
BIRTHS,  
DEATHS, AND  
MIGRATION.  
TABLE 22.

Table 22 shows the increase or decrease of population in the Registration County and its Registration Districts, as compared with the difference between registered Births and Deaths: the Table has been extended by the addition of a column showing the balance of change which must be ascribed to Migration. The increase of population in the Registration County since 1891, amounts to 7,392, and the excess of Births over Deaths, to 48,081. It follows that the County has sustained a net loss by Migration of 40,689 persons. All the Registration Districts show a loss by Migration, except Erpingham and King's Lynn, in which the gains were very slight. The highest proportional losses by Migration occurred in Loddon, Guiltcross, Mitford, and Swaffham Registration Districts.

SEXES AND  
AGES IN THE  
ADMINISTRATIVE  
COUNTY  
TOGETHER  
WITH COUNTY  
BOROUGHs.  
TABLE 23.

The Females enumerated in the Administrative County and County Boroughs exceed the Males by 19,695; there are thus 1,086 Females to every 1,000 Males. The number of children of school age (three and under fourteen years) is 115,195, of whom 57,310 are boys and 57,885 girls. Attendance at school of children under five is not, however, compulsory: the number of children aged five and under fourteen years is 93,952, of whom 46,740 are boys and 47,212 girls.

The number of persons 65 years of age and upwards is 36,339, and of these 16,273 are Males and 20,066 Females; 2 Males and 2 Females claim to be 100 years or upwards. The proportion of persons aged 65 years and upwards enumerated in Rural Districts is 8·7 per cent. of the total Rural population, while in the Urban Districts the proportion is 6·3 per cent. of the total Urban population.

Of the Males enumerated in the Administrative County together with County Boroughs, 133,567 are Unmarried, 85,562 are Married, and 9,300 are Widowed. Of the Females, 140,686 are Unmarried, 87,566 are Married, and 19,872 are Widowed. The proportion of the Married in the Registration County to the population at all ages is now higher than it was in 1891, owing to the decrease in the proportion of children through the decline in the birth-rate. The proportion of the Married, however, if calculated on the population aged twenty years and upwards, is distinctly lower than it was ten years ago among both Males and Females, the respective percentages for 1891 and 1901 being 68·5 and 67·2 for Males, and 60·6 and 59·5 for Females.

Table 29 shows, in combination, the ages of both Husbands and Wives in the Registration County; in 80,155 cases both the Husband and the Wife were enumerated in the same schedule, and were therefore presumably living together; and in addition there were 3,589 Husbands whose Wives were absent—that is, were not enumerated in the same schedule—and 5,598 Wives whose Husbands were absent, on the Census night.

AGES OF  
HUSBANDS  
AND WIVES.  
TABLE 29.

Pauper Inmates of Workhouse Establishments in the Registration County number 3,145 persons at all ages (equal to 0·7 per cent. of the population), of whom 1,767 are Males and 1,378 Females; at 55 years and upwards the percentage of the population of the same age in Workhouse Establishments is 2·5, and at 65 years and upwards 3·8.

Prisoners in Local and Convict Prisons in the Registration County number 68, against 93 in 1891. Of these 63 are Males and 5 Females. Their age and civil condition are shown in Table 31.

The Tables dealing with the Occupations of the people have been extended and elaborated. Table 32 contains a list of 379 Occupations, and shows the number of Males and Females employed in each. In this and succeeding Tables, Females are separately given as Unmarried, and Married or Widowed. A tabular note furnishes information as to ages and other Occupational details for industries of special importance in the County.

OCCUPATIONS.  
TABLE 32.

The following figures give a summary view of the Occupational statistics for the Administrative County of Norfolk together with the County Boroughs, showing the proportions of Males and Females over 10 Years of age engaged in each Order, and also the proportions Unoccupied :—

Certain changes in the method of classification and in the mode of filling up the Schedules, which have secured more accurate definition of employment, affect the numbers in many Occupational headings for purposes of comparison with the results of the Census taken in 1891. The following have, however, been selected, and in some cases thrown into groups, to illustrate the progression or retrogression of some of the leading industries of the County. Figures showing the total population of each sex over 10 Years of age, with percentages of increase, head the Table, and afford a ready means of comparing the changes in the numbers following various occupations with the changes in the total population between the two Censuses. The figures for 1901 in the following Table relate to the Registration County to secure approximate accuracy of comparison with those for 1891. They are consequently not identical with the figures given in Table 32, which relate to the Administrative County together with the County Boroughs.

In 1891 the percentage of the total population aged 10 Years and upwards engaged in Occupations in the Registration County was, of Males 82·7, of Females 30·7; and in 1901 the percentages are 82·1 and 28·6 respectively. In the Administrative County together with the County Boroughs the percentages in 1901 are 82·1 for Males and 28·3 for Females.

Of the 55,245 Females over 10 Years of age engaged in Occupations, 42,187, or 76·4 per cent., are Unmarried, and 13,058, or 23·6 per cent., Married or Widowed.

**OCCUPATIONS  
OF CHILDREN  
AGED 10 AND  
UNDER 14  
YEARS.  
TABLE 33.**

The total number of Boys aged 10 and under 14 Years, in the Administrative County and County Boroughs is 20,857, and of these 2,201, equal to 10·6 per cent., are engaged in Occupations. The total number of Girls aged 10 and under 14 is 20,785, and of these 650, equal to 3·1 per cent., are engaged in Occupations. Of the Boys at these ages, 982 are Agricultural Labourers, Farm Servants, etc., and 414 are Messengers, Porters, etc.; while 378 Girls are Domestic Indoor Servants.

**FORMER  
OCCUPATIONS  
OF "PENSIONERS"  
AND  
"RETIRED."  
TABLE 34.**

The total number of Males returned as "Pensioned" or "Retired," other than Army and Navy Officers, Clergymen, and members of the Medical Profession, is 5,208, being in the proportion of 3·6 per cent. to the number engaged in Occupations, as compared with 4,194, or 3·0 per cent., in 1891. The number of "Retired" Males enumerated in Workhouses and Workhouse Infirmaries who returned their previous Occupations is 991, and those in Lunatic Asylums 578, making a total of 1,569. The total number of "Pensioned"

or "Retired" Females is 1,274, being in the proportion of 2·3 per cent. to the number engaged in Occupations, as compared with 1,098, or 2·0 per cent., in 1891. The number in Workhouses and Workhouse Infirmarys is 322, and in Lunatic Asylums 240, making a total of 562. Of the whole number of Retired Females, 513 are Unmarried, and 761 are Married or Widowed. (See note at head of Table 34.) Among the Retired Males there were enumerated in Workhouse Establishments and Lunatic Asylums 345 of the 626 Agricultural Labourers, Farm Servants, etc.; 304 of the 358 General Labourers; and 102 of the 191 Boot, Shoe, etc., Makers. Among the Retired Females there were enumerated in these Institutions 217 of the 336 Domestic Indoor Servants, and 104 of the 128 Charwomen.

Table 35 sets forth the Occupations of the People by Sexes and in five groups of Ages for each of the County Boroughs of Great Yarmouth and Norwich (City); for the Aggregate of the Urban Districts in the County including County and Municipal Boroughs; and for the Aggregate of the Rural Districts. The total population over 10 Years of age, of Unmarried and of Married or Widowed Females, and the number of each class engaged in Occupations are given separately.

The following figures extracted from the Table show for the County Boroughs, and for the Municipal Borough of King's Lynn, certain details of Occupational Statistics directly bearing on the Social Life of the People.

Of the 460,120 persons enumerated in the Ancient County of Norfolk, 394,733, or 85·8 per cent., were born within the County; 9,644 were born in London, an increase since 1891 of 1,126; 1,221 in Scotland, an increase of 269; 1,104 in Ireland, a decrease of 48; 1,103 in British Colonies or Dependencies, an increase of 160; and 582 in Wales and Monmouthshire, an increase of 130. Persons of Foreign birth number 1,008, an increase of 177, and of these 369 were abstracted as British Subjects, 51 as Naturalised British Subjects, and 588 as Foreigners; a decrease, in the case of the last-named, of 31 since 1891. British Subjects and Naturalised British Subjects number together 420, and contrast with a total of 212 in 1891. This wide difference seems to be mainly due to the new instruction on the Census Schedule that persons born abroad should state whether they were British Subjects, Naturalised British Subjects, or Foreign Subjects. Greater accuracy has thus been secured, but the figures have less value for comparison with those of 1891.

BIRTHPLACES.  
TABLE 36.

Of the 588 Foreigners, 393 are Males and 195 Females; there are thus to every 1,000 Males no more than 496 Females, which last figure contrasts with 1,086 in the general population of the County. Natives of Italy have increased from 73 to 128 since the Census of 1891; while natives of the United States of America have decreased within the same period from 98 to 65; and of France from 76 to 37.

TABLE 38.

The number of persons returned in the Administrative County (together with the County Boroughs) as Blind is 499, and of these 25 suffer from some other Infirmary also.

Deaf and Dumb persons, including 20 who are returned simply as Dumb, number 203. Of these 203 persons, 12 who are returned as Deaf and Dumb, and 3 as Dumb only, suffer from some other Infirmary also.

Lunatics number 1,567, including 15 afflicted with some other Infirmary; and the Imbecile or Feeble-minded 748, including 15 otherwise afflicted. The total of these classes is 2,315. (See Note § to Table 38, page 89.) It may be stated that of the 2,315 persons returned as mentally deranged, 1,772 were the inmates of Institutions, comprising 1,310 in Public and Private Lunatic Asylums, 290 in Workhouses, 170 in the Royal Naval Lunatic Hospital, and 2 in another Institution; the remaining 543 were residing with relatives or in unlicensed houses. Of the 290 mentally deranged persons enumerated in Workhouses, 168 were returned as Lunatic and 122 as Imbecile or Feeble-minded; and of the 543 not enumerated in Institutions, 15 were returned as Lunatic and 528 as Imbecile or Feeble-minded.

<sup>a</sup> By the Great Yarmouth Corporation Act, 1897, the maritime boundary of the County Borough of Great Yarmouth was extended.<sup>b</sup> By an Order of the Norfolk County Council dated February, 1896, the name of the Urban District of Hunstanton was altered to New Hunstanton. By Local Government Board Order, No. 43,635, which came into operation on 1st April, 1902, parts of the Civil Parishes of Hunstanton and Heacham (containing at the date of the Census neither houses nor population) were added to the Civil Parish and Urban District of New Hunstanton.<sup>c</sup> The figures for the City and Civil Parish of Norwich are exclusive of those for an area of two acres locally situated therein, on which stand the Shirehall, County Police Station, etc., comprising 2 inhabited houses and 9 persons (1 males and 5 females.) See Note <sup>a</sup>, Table 10, page 17.

TABLE 10.—RURAL DISTRICTS.—AREA; HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—The Poor Law Union and Registration District of Yarmouth (219), and the Poor Law Parish and Registration District of Norwich (225), contain no Rural area; while the Poor Law Unions and Registration Districts of Aylsham (223), St. Faith's (224), Forehoe (226), Henstead (227), Blofield (228), Loddon (229), Guiltcross (231), Wayland (232), and Freebridge Lynn (236) contain no Urban District. Under the Provisions of the Local Government Act, 1894, considerable changes were made in the constitution of Rural Districts. In Norfolk they comprise exclusively Parishes in the Poor Law Unions of the same names, except Marshland, which consists of Parishes in the Poor Law Union of Wisbech. The extent of each Rural District may readily be seen in the map preceding the Tables.

\* The figures for Blofield Rural District include for convenience those for an area of two acres, locally situated in the City of Norwich, on which stand the Shirehall, County Police Station, etc., comprising 2 inhabited houses and 9 persons (4 males and 5 females). There having been expressed some doubt as to the parochiality of this area, the County Council of Norfolk issued an Order adding it to the Civil Parish of Thorpe next Norwich and to Blofield Union and Rural District, but this Order has not yet been confirmed by the Local Government Board.

† By Local Government Board Order, No. 44,423, which came into operation on 1st October, 1902, Guiltcross Rural District was abolished and its constituent parishes added to Depwade, Thetford, and Wayland Rural Districts. The figures at the date of the Census for the extended Rural Districts were as follows:—

Depwade ... ..	—	80,285	4,795	91	333	7	21,922	20,115	9,855	10,260

‡ By Local Government Board Order, No. 43,635, which came into operation on 1st April, 1902, part of Docking Rural District, containing neither houses nor population, was transferred to New Hunstanton Urban District.

§ By Local Government Board Order, No. 42,599, which came into operation on 1st October, 1901, part of Erpingham Rural District was created Sheringham Urban District; and by Local Government Board Order, No. 44,367, which came into operation on 1st October, 1902, a further part of this Rural District (containing neither houses nor population) was transferred to Cromer Urban District. The figures at the date of the Census for the Rural District, as thus altered, were as follows:—

TABLE 11.—CIVIL PARISHES in the ADMINISTRATIVE COUNTY, and in each COUNTY BOROUGH.—INHABITED HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—The expression "Civil Parish" means "a place for which a separate Poor Rate is or can be made or for which a separate Overseer is or can be appointed." The Parishes are arranged alphabetically, those having compound names being placed in the order indicated by the usual pronunciation of those names—thus, East Barsham will be found under the letter E, and Great Bircham under the letter G. The Registration Districts of the County of Norfolk are all co-extensive with the Poor Law Parishes or Unions of the same names. On 1st April, 1902, the Registration District of Giltcross (No. 231) was dissolved. See Note \*, Table 12, page 41.

TABLE 12.—REGISTRATION COUNTY, DISTRICTS, and SUB-DISTRICTS, with their constituent CIVIL PARISHES.—AREA; HOUSES and POPULATION 1891 and 1901, and SEPARATE OCCUPIERS 1901.

## EXPLANATORY NOTES.

- (1.) The Registration Districts of the County of Norfolk are all co-extensive with the Poor Law Unions or Parishes of the same names.  
 (2.) Where the name of the Registration County in which a Parish is situated differs from that of the Administrative County, the name of the latter is added in italics; the letters C.B. follow the names of the Parishes situated in the County Boroughs. The differences between the Registration County and the Administrative County are shown in Table 2.  
 (3.) Parishes that are situated in a County Borough, Municipal Borough, or Urban District are distinguished by black type thus—**Gorleston**.  
 (4.) The places named in footnotes as being included in Civil Parishes are generally localities having no defined boundaries, such as hamlets, villages, etc.  
 (5.) For particulars of existing detached parts of Civil Parishes see Table 13, and for changes in the boundaries of Civil Parishes effected by the Local Government Acts of 1888 and 1894, and by Local Acts since 1891, see Table 14. In all Districts and Sub-Districts marked + changes were made in boundaries between the Census of 1891 and that of 1901. Full particulars of the alterations have been published in the Registrar-General's Annual Reports.  
 (6.) Revised areas of Civil Parishes have been furnished by the Ordnance Survey Department; for the area of the Tidal Water and Foreshore comprised in Civil Parishes, see Table 15.

TABLE 18.—PERSONS enumerated in the REGISTRATION COUNTY on board SEA-GOING and COASTING MERCHANT VESSELS and on INLAND BARGES and BOATS, 1901.

NOTE.—Persons on board Vessels in Ports, Harbours, and Docks, including in certain cases hulks or other stationary vessels, were enumerated by Officers of His Majesty's Customs ; and those on Barges, etc., on Canals or Navigable Rivers, not within the limits of a port, by the local Enumerators.  
The persons thus enumerated are distributed among the general population of the Parishes contiguous to the waters in which the vessels were lying, with as much accuracy as the information obtained allows.  
Fishermen at sea on the night of the Census, and not returning on 1st April, 1901, and persons on board vessels arriving in port later than that date, are not included.

TABLE 22.—AGGREGATE NUMBERS of MARRIAGES, BIRTHS, and DEATHS registered in each REGISTRATION DISTRICT during the INTERCENSAL PERIOD 1891—1901; INCREASE or DECREASE of POPULATION compared with DIFFERENCE between BIRTHS and DEATHS.

NOTE.—No correction is made in this Table for Deaths occurring in Public Institutions, which, in some cases, are sufficiently numerous to detract from the value of the comparison between the Increase of Population and the Excess of Births over Deaths.

\* A change was made in the boundaries of Freebridge Lynn and King's Lynn Registration Districts during the intercensal period. In the Table the enumerated populations of each of these Districts for 1891 and 1901 are given, first for the District as constituted at the Census of 1891, and then for the District as constituted by the change in boundary. The date from which the changed areas were adopted for tabulation of Births and Deaths is shown in the first column. In calculating the Increase or Decrease of Population (Col. 7) approximate allowance has been made for variations caused by the changes of boundary. Owing to this method of calculation, the Increase or Decrease differs fractionally from that derivable from the figures for the changed Registration Districts in Table 12, which relate to those areas as constituted at the time of the Census of 1901.

COUNTY OF NORFOLK—continued.

TABLE 34.—FORMER OCCUPATIONS of “PENSIONERS” and “RETIRED” in the ADMINISTRATIVE COUNTY (together with COUNTY BOROUGH), distinguishing those enumerated in WORKHOUSES and LUNATIC ASYLUMS, and also, for FEMALES, the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—This Table is supplementary to Table 32, where the Pensioners and the Retired are shown simply as such without regard to their former Occupations. Inmates of Lunatic Asylums, or of Workhouses, when described as Insane and as having formerly followed some occupation, have been classed as “Retired,” irrespective of age; also other formerly occupied Inmates of Workhouses if aged 60 years or upwards. Patients in Hospitals and Prisoners of all ages, on the assumption that their ordinary work has been relinquished for a time only, have not been dealt with as “Retired.” No Officers in the Army or Navy, Clergymen of the Established Church, or members of the Medical Profession, are included in the “Retired.”

PERSONS SUFFERING FROM COMBINED INFIRMITIES.

[illegible]

Of the foregoing, 3 Females were returned in 1901 as Persons suffering from Combined Infirmities "from Childhood."

\* The figures given for 1891 relate to the County of Norfolk as then constituted for Registration purposes, while those for 1901 relate to the Administrative County, together with County Boroughs. The differences in the constitution of the two areas should be borne in mind in dealing with these figures—see Table 2.

<sup>†</sup> Of the 203 Persons in 1901 classified in the Table as Deaf and Dumb, 8 Males and 12 Females, respectively, were returned simply as "Dumb," as were also 5 Males and 7 Females classified as Deaf and Dumb from Childhood. The figures relating to the Deaf and Dumb from Childhood are based on the descriptions given in the Schedules, and must be regarded as incomplete.

‡ The Census Schedule did not require persons who were Deaf without being Dumb to mention the fact of their Deafness, and therefore the figures given for the "Deaf" cannot be regarded as complete.

§ In 1891 the heading of the Census Schedule was "Lunatic, Imbecile, or Idiot," and the persons so returned were eventually classed as "Mentally Deranged." In 1901 the heading of the Schedule provided for two categories of the Mentally Deranged, viz., "Lunatic," and "Imbecile, Feeble-minded," and in drawing comparisons from the figures for the two Censuses, allowance should be made for these differences. The figures for 1891 for the new sub-divisions of Mentally Deranged cannot therefore be given. Total "Lunatic, Imbecile, and Feeble-minded," 1901:—2,315 Persons, 1,072 Males, 1,243 Females. Total "Mentally Deranged," 1891:—1,856 Persons, 876 Males, 980 Females.

Of these the following persons were returned as under:—

NOTE.—The numbers of persons returned in the several Administrative areas as suffering from one or other Infirmary are affected by the presence or absence of Institutions in which many of such persons might be resident. Thus, of the 266 Lunatics in Great Yarmouth, 170 were enumerated in the Royal Naval Lunatic Hospital, while of the 159 Blind in the City of Norwich, 58 were resident in the "Asylum and School for the Indigent Blind."

\* These figures include 8 Males and 12 Females returned simply as "Dumb."  
† These persons are also included in the totals of the several Infirmities from which they suffer. Those so afflicted "from Childhood" numbered 3.

# CENSUS OF 1901.

## COUNTY OF NORTHAMPTON.

### SUMMARY OF THE CENSUS RESULTS.

THE Ancient or Geographical County of Northampton contains, according to revised returns furnished by His Majesty's Ordnance Survey Department, an area of 641,992 statute acres. Its population numbers 338,088 persons. In 1801 the population was 131,525; it is now, therefore, more than two and a half times as great as it was a Century ago.

AREA AND  
POPULATION  
TABLES  
1, 2, AND 3.

The Administrative County of Northampton (together with the County Borough of Northampton) and the Soke of Peterborough which is also an Administrative County, contain an area of 638,612 statute acres, and a population of 335,628, against 299,542 in 1891, an increase of 12·0 per cent.; the number of inhabited houses is 73,579, against 63,390 in 1891, an increase of 16·1 per cent.; of uninhabited houses the number is 5,908, against 3,932 in 1891, an increase of 50·3 per. cent.; and of houses building, 480, against 519 in 1891, a decrease of 7·5 per cent. Of the 5,908 uninhabited houses, 1,832 were "In Occupation," that is, utilised for business or other purposes but without inmates on Census night.

The Registration County of Northampton contains an area of 642,393 statute acres, and a population of 348,947. The differences between the Ancient, Administrative, and Registration Counties are set forth in Table 2. The boundaries of the two Administrative Counties and of the Registration County are delineated on the appended Map.

Where comparative figures are quoted for 1891, they relate to areas as constituted in 1901, unless otherwise stated.

The Ancient County is divided for Parliamentary purposes into 4 County Divisions; it also includes the Parliamentary Borough of Northampton, which returns two Members, and the greater part of the Parliamentary Borough of Peterborough.

PARLIAMEN-  
TARY CON-  
STITUENCIES.  
TABLE 4.

There are 297 Ecclesiastical Parishes or Districts situated wholly or partly within the Ancient County. Of these, 292, with an aggregate population of 334,927, are within the Diocese of Peterborough; 2, with a population of 2,959, in that of Oxford; and 2, with a population of 184, in that of Ely; while part of the Parish of Wormleighton, with a population of 18, is in the Diocese of Worcester.

ECCLESIAS-  
TICAL  
PARISHES.  
TABLE 5.

The Administrative County of Northampton contains a population of 207,485, and the County Borough a population of 87,021, the aggregate population thus amounting to 294,506. The increase in the Administrative County since 1891, apart from the County Borough, is 18,267, or 9·7 per cent.; in the County Borough it is 11,946, or 15·9 per cent.; and in the total population 30,213, or 11·4 per cent. The Administrative County of the Soke of Peterborough contains a population of 41,122, the increase since 1891 being 5,873, or 16·7 per cent.

ADMINISTRATIVE  
COUNTIES  
AND THE  
COUNTY  
BOROUGH.  
TABLE 6.

The Administrative County of Northampton has one Court of Quarter Sessions and is divided into 9 Petty Sessional Divisions. The County Borough has a separate Commission of the Peace, and a separate Court of Quarter Sessions. The Administrative County of the Soke of Peterborough has one Court of Quarter Sessions and a separate Commission of the Peace, but is not divided for Petty Sessional purposes.

PETTY  
SESSIONAL  
DIVISIONS.  
TABLE 7.

URBAN  
AND RURAL  
DISTRICTS.  
TABLES 8, 9,  
AND 10.

In the two Administrative Counties the total population of the Urban Districts (comprising at the date of the Census the County Borough of Northampton, four Municipal Boroughs, and eight other Urban Districts) is 204,308, an increase of 38,588, or 23·3 per cent., since 1891. The population of the City of Peterborough increased from 25,171 in 1891 to 30,872 in 1901, or 22·6 per cent., and that of the Urban District of Kettering from 19,454 to 28,653, or 47·3 per cent.; these are the only Urban Districts, besides the County Borough, having a population of more than 20,000.

The two Administrative Counties contain 16 entire Rural Districts and parts of two others; in addition, the Civil Parish of Stibbington, although in the Administrative County of Huntingdon, is administered by the Rural District Council of Barnack (Soke of Peterborough). The aggregate population of the Rural Districts, excluding the Parish just mentioned, is 131,320, a decrease since 1891 of 2,502, or 1·9 per cent. Of the total population of the two Administrative Counties and the County Borough, the proportion in Urban Districts is 60·9 per cent., and in Rural Districts 39·1 per cent.

CIVIL  
PARISHES.  
TABLE 11.

The number of Civil Parishes within the two Administrative Counties is 336, and the County Borough of Northampton contains ten Parishes.

REGISTRATION  
DISTRICTS.  
TABLE 12.

The Registration County contains a population of 348,947, and is divided into 12 Registration Districts, which are co-extensive with the Poor Law Unions of the same names; these Districts are again sub-divided into 28 Sub-Districts. In Table 12, besides comparative figures of houses and of population in 1891 and 1901, a column is given to show the number of Families or Separate Occupiers in each Registration District and Sub-District, as well as in each Civil Parish. These amount to 77,608, giving an average of 4·5 persons to a family. The population of Northamptonshire, as given in the Tables, includes a total of 181 persons—110 Males and 71 Females—who were enumerated as having passed the Census night in Barns, Sheds, Caravans, etc.

TENEMENTS.  
TABLE 19.

The total number of separate Tenements in the two Administrative Counties (together with the County Borough), which had been 65,190 in 1891, rose to 74,916 in 1901, the increase being equal to 14·9 per cent. The Tenements containing five or more rooms increased from 37,371 to 51,245, or 37·1 per cent., while those with fewer than five rooms decreased from 27,819 to 23,671, or 14·9 per cent. Stated in another way, the Tenements with five or more rooms, which were equal to 57·3 per cent. of the total Tenements in 1891, increased to 68·4 per cent. at the recent Census; while the percentage of Tenements with fewer than five rooms declined from 42·7 to 31·6. The total number of Tenements with fewer than five rooms, containing more than two persons per room, declined from 2,297 in 1891 to 1,359 in 1901, or 40·8 per cent. In the aggregate of Urban Districts the proportion of Tenements with fewer than five rooms to the total number of Tenements is 18·5 per cent., while in the aggregate of Rural Districts it is 49·7 per cent.

MARRIAGES,  
BIRTHS,  
DEATHS, AND  
MIGRATION.  
TABLE 22.

Table 22 shows the increase or decrease of population in the Registration County and its Registration Districts, compared with the difference between registered Births and Deaths: the Table also contains a column showing the balance of change which must be ascribed to Migration. The increase of population in the Registration County since 1891, as calculated for the purposes of this Table (see footnote thereto), amounts to 40,870, and the excess of Births over Deaths, to 43,973. It follows that the County has sustained a net loss by Migration of 3,103. All the Registration Districts in the County of Northampton show a loss by Migration, except Kettering, Wellingborough, and Peterborough. The highest proportional losses by Migration are shown in Oundle, Towcester, and Brackley Registration Districts.

SEXES AND  
AGES.  
TABLE 23.

The Females enumerated in the two Administrative Counties together with the County Borough exceed the Males by 5,158; there are thus 1,031 Females to every 1,000 Males. The number of children of school age (three and under fourteen years) is 81,147, of whom 40,487 are boys and 40,660 girls. Attendance at school of children under five is not, however, compulsory; the number of children aged five and under

fourteen years is 65,590, of whom 32,742 are boys and 32,848 girls. The number of persons 65 years of age and upwards is 19,030; and of these 8,884 are Males and 10,146 Females. The proportion of persons aged 65 years and upwards enumerated in Rural Districts is 7·9 per cent. of the total Rural population, while in the Urban Districts the proportion is 4·3 per cent. of the total Urban population.

Of the Males enumerated in the two Administrative Counties and the County Borough, 98,338 are Unmarried, 60,782 are Married, and 6,115 are Widowed. Of the Females, 97,529 are Unmarried, 61,490 are Married, and 11,374 are Widowed. The proportion of the Married to the population at all ages is now higher than it was in 1891, owing to the decrease in the proportion of children through the decline in the birth-rate. The proportion of the Married in the Registration County, however, if calculated on the population aged upwards of twenty years, is slightly lower than it was ten years ago, among both Males and Females, the respective percentages for 1891 and 1901 being 66·7 and 65·9 for Males and 64·5 and 63·2 for Females.

Table 29 shows, in combination, the ages of both Husbands and Wives. In 61,086 cases in the Registration County both the Husband and the Wife were enumerated in the same schedule, and were therefore presumably living together; in addition there were 2,310 Husbands whose Wives were absent—that is, were not enumerated in the same schedule—and 3,040 Wives whose Husbands were absent, on the Census night.

Pauper Inmates of Workhouse Establishments in the Registration County number 1,506 persons at all ages (equal to 4·3 per 1,000 of the population), of whom 958 are Males and 548 Females; at 55 years and upwards the proportion of the population at the same age in Workhouse Establishments is 20·4 per 1,000, and at 65 years and upwards it is 32·8.

Prisoners in Local or Convict Prisons in the Registration County number 88, against 85 in 1891. Of these, 72 are Males and 16 are Females. Their ages and civil conditions are shown in Table 31.

The Tables dealing with the Occupations of the people have been extended and elaborated. Table 32 contains a list of 379 Occupations, and shows the number of Males and Females employed in each. In this and succeeding Tables, Females are separately given as Unmarried, and as Married or Widowed.

The following figures give a summary view of Occupational statistics for the two Administrative Counties together with the County Borough, showing the proportions of Males and Females over 10 Years of age engaged in each Order, and also the proportions Unoccupied:—

Certain changes in the method of classification and in the mode of filling up the Schedules, which have secured more accurate definition of employment, affect the numbers in many occupational headings for the purpose of comparison with the results of the Census taken in 1891. The following have, however, been selected, and in some cases thrown into groups, to illustrate the changes in some of the leading industries of the County since the Census of 1891. Figures showing the total population of each sex over 10 years of age, with percentages of increase, head the Table, and afford a ready means of comparing the changes in the numbers following various Occupations with the changes in the total population between the two Censuses. The figures for 1901 in the following Table relate to the Registration County, in order to secure approximate accuracy of comparison with those for 1891; they are consequently not identical with the figures given in Table 32, which relate to the Administrative Counties together with the County Borough.

In the Registration County in 1891 the percentage of the Male population aged 10 Years and upwards engaged in Occupations was 85·2, and of the Female, 33·5; in 1901 the percentages are 84·9 and 30·7 respectively. In the Administrative Counties and the County Borough the percentages in 1901 are 84·7 for Males and 31·3 for Females. Of the 41,309 Females over 10 Years of age engaged in Occupations, 32,869, or 79·6 per cent., are Unmarried, and 8,440, or 20·4 per cent., Married or Widowed.

OCCUPATIONS  
OF CHILDREN  
AGED 10 AND  
UNDER  
14 YEARS.  
TABLE 33.

The total number of Boys aged 10 and under 14 Years in the Administrative Counties and the County Borough is 14,140, and of these 2,150, or 15·2 per cent., are engaged in Occupations. The total number of Girls at these ages is 14,259, and of these 1,251, equal to 8·8 per cent., are engaged in Occupations. Of the Boys at these ages, 661 are Boot, Shoe, etc. Makers, 557 are Agricultural Labourers or Farm Servants, and 502 are Messengers, Porters, etc. Of the Girls, 618 are Boot, Shoe, etc. Makers, and 362 are Domestic Indoor Servants.

FORMER OCCU-  
PATIONS OF  
“PENSIONERS”  
AND “RE-  
TIRED.”  
TABLE 34.

The total number of Males returned as “Pensioned” or “Retired,” other than Army and Navy Officers, Clergymen, and members of the Medical Profession, is 3,028, being in the proportion of 2·8 per cent. to the number engaged in Occupations, as compared with 2,135, or 2·2 per cent., in 1891. The number of “Retired” Males enumerated in Workhouses and Workhouse Infirmaries, whose previous Occupations are known, is 601, and those in Lunatic Asylums 449, making a total of 1,050. The total number of “Pensioned”

or "Retired" Females is 697, being in the proportion of 1·7 per cent. to the number engaged in Occupations, as compared with 616, or 1·6 per cent., in 1891. The number in Workhouses and Workhouse Infirmaries is 134, and in Lunatic Asylums 172, making a total of 306. Of the whole number of "Retired" Females, 310 are Unmarried, and 387 are Married or Widowed. Among the "Retired" Males, there were enumerated in Workhouse Establishments and Lunatic Asylums 272 of the 429 Agricultural Labourers or Farm Servants; 204 of the 429 Boot, Shoe, etc. Makers; and 120 of the 169 General Labourers. Among the "Retired" Females, there were enumerated in these Institutions 118 of the 174 Domestic Indoor Servants.

Table 35 sets forth the Occupations of the People by Sexes and in five groups of Ages—for the County Borough; for the Aggregate of the Urban Districts, including County and Municipal Boroughs; and for the Aggregate of the Rural Districts. The total population over 10 Years of age, of Unmarried and of Married or Widowed Females, and the number of each class engaged in Occupations are given separately.

Table 35A shows, besides other details, the numbers of the population engaged in the most important Occupations or groups of Occupations in every Urban District with a population exceeding 5,000.

DISTRICTS.  
TABLE 35A.

The following figures, extracted from the Table, show for the County Borough, for the City of Peterborough, and for the Urban District of Kettering, certain details of Occupational Statistics directly bearing on the Social Life of the People:—

	FEMALES AGED 10 YEARS AND UPWARDS.		Males aged 10 and under 14 Years. — Proportion per cent. Occupied.	Females aged 10 and under 14 Years. — Proportion per cent. Occupied.	Domestic Indoor Servants. — Proportion per cent. to Total number of Separate Occupiers or Families.
	Unmarried. — Proportion per cent. Occupied.	Married or Widowed. — Proportion per cent. Occupied.

Of the 338,088 persons enumerated in the Ancient County, 248,925, or 73·6 per cent., were born within the County; 7,539 were born in London, an increase since 1891 of 1,027; 1,105 in Scotland, an increase of 236; 1,002 in Ireland, a decrease of 93; 952 in Wales and Monmouthshire, an increase of 263; and 766 in British Colonies or Dependencies, an increase of 131. Persons of Foreign birth number 659, an increase of 156; and of these 288 were abstracted as British Subjects, 26 as Naturalised British Subjects, and 345 as Foreigners; a decrease, in the case of the last named, of 33 since 1891. British Subjects and Naturalised British Subjects number together 314, and contrast with a total of 125 in 1891. This wide difference seems to be mainly due to the new instruction on the Census Schedule that persons born abroad should state whether they were British Subjects, Naturalised British Subjects, or Foreign Subjects. Greater accuracy has thus been secured, but the figures have less value for comparison with those of 1891.

BIRTHPLACES.  
TABLE 36.

Of the 345 Foreigners, 175 are Males and 170 Females; there are thus to every 1,000 Males 971 Females, compared with 1,031 in the general population of the County. Natives of Italy have increased from 17 to 41 since the Census of 1891, while those of Germany have decreased from 95 to 55.

THE BLIND,  
THE DEAF AND  
DUMB, THE  
DEAF, AND  
THE INSANE.  
TABLE 38.

The number of persons returned as Blind is 236, and of these 4 suffer from some other Infirmary also. Deaf and Dumb persons, including 11 who are returned simply as Dumb, number 129. Of these 129 persons, 2 suffer from some other Infirmary also.

Lunatics number 1,184, including 4 afflicted with some other Infirmary; and the Imbecile and Feeble-minded 499, including 3 otherwise afflicted. The total of these classes is 1,683. (See Note § to Table 38, page 73.). Of the 1,683 persons returned as mentally deranged, 1,396 were inmates of Institutions, including 1,281 in Public Lunatic Asylums, and 115 in Workhouses; the remaining 287 were resident with relatives or in unlicensed houses. Of the 115 mentally deranged persons enumerated in Workhouses, 10 were returned as Lunatic and 105 as Imbecile or Feeble-minded; of the 287 not enumerated in Institutions, 4 were returned as Lunatic and 283 as Imbecile or Feeble-minded.

TABLE 10.—RURAL DISTRICTS.—AREA ; HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—The Poor Law Unions and Registration Districts of Towcester (157), Potterspury (158), and Brixworth (162), contain no Urban District. Under the provisions of the Local Government Act, 1894, considerable changes were made in the constitution of Rural Districts. In Northamptonshire they comprise exclusively Parishes in the Poor Law Unions of the same names, except Crick, Gretton, Middleton Cheney, and Oxendon, which consist of Parishes in the Poor Law Unions of Rugby, Uppingham, Banbury, and Market Harborough respectively ; and Easton on the Hill, and Barnack, each of which consists of Parishes in Stamford Poor Law Union. The extent of each Rural District may readily be seen in the Map preceding the Tables.

TABLE 12.—REGISTRATION COUNTY, DISTRICTS, and SUB-DISTRICTS, with their constituent CIVIL PARISHES.—  
AREA; HOUSES and POPULATION 1891 and 1901, and SEPARATE OCCUPIERS 1901.

EXPLANATORY NOTES.

- (1.) The Registration Districts of the County of Northampton are all co-extensive with the Poor Law Unions of the same names.
- (2.) Where the name of the Registration County in which a Parish is situated differs from that of the Administrative County, the name of the latter is added in italics, the letters *S.P.* denoting the Soke of Peterborough; the name of the County Borough is also stated after the names of the Parishes situated therein. The differences between the Registration County and the Administrative Counties are shown in Table 2.
- (3.) Parishes that are situated in a County Borough, Municipal Borough, or Urban District, are distinguished by black type thus—**Brackley St. Peter.**
- (4.) The places named in footnotes as being included in Civil Parishes are generally localities having no defined boundaries, such as hamlets, villages, etc.
- (5.) For particulars of existing detached parts of Civil Parishes see Table 13, and for changes in the boundaries of Civil Parishes effected by the Local Government Acts of 1888 and 1894, and by Local Acts since 1891, see Table 14. In all Districts and Sub-Districts marked + there have been changes in boundaries between the Census of 1891 and that of 1901. Full particulars of the alterations have been published in the Registrar-General's Annual Reports.
- (6.) Revised areas of Civil Parishes have been furnished by the Ordnance Survey Department; for the area of the Tidal Water and Fore-  
shore comprised in Civil Parishes, see Table 15.

\* By Local Government Board Order, No. 43,787, which came into operation on 1st April, 1902, the following changes in Civil Parishes in Northampton Registration District were effected: (1) Part of Abington was transferred to Northampton St. Giles; (2) Parts of Northampton St. Giles to Abington and Northampton St. Sepulchre; and (3) Part of Northampton St. Sepulchre to Northampton St. Giles. In addition to the foregoing changes, parts of Northampton St. Giles and Northampton St. Sepulchre were transferred to Northampton All Saints, and part of Northampton All Saints to Northampton St. Giles, none of these parts containing either houses or population. The figures at the date of the Census for the Parishes as thus altered were as follows:—

\* By Local Government Board Order, No. 43,004, which came into operation on 1st October, 1901, Irthlingborough Civil Parish was constituted Irthlingborough Urban District. The increase of population in the Civil Parish is mainly attributed to the establishment of large brick and cement works, and to the development of ironstone mining and of the manufacture of boots.

† The increase of population in Rushden Civil Parish is mainly attributed to the development of the manufacture of shoes.

‡ The increase of population in Wymington Civil Parish is mainly attributed to its proximity to Rushden; many of the men employed in the shoe factories of which live at Wymington.

<sup>d</sup> Including Douthorpe Etd.

<sup>e</sup> Including Lower End.

<sup>c</sup> Including Little Irchester.

<sup>d</sup> Including Ferndish, and Hinwick.

<sup>e</sup> Including Rushden Hill.

\* The increase of population in Fletton Rural and Woodstone Rural Civil Parishes is mainly attributed to the development of extensive brick works.

† The increase in the population of Fletton Urban Civil Parish is mainly attributed to the development of brick works in the vicinity.

‡ The Local Government Board's Provisional Order, No. 1,264, dated 30th September, 1896, transferring the part of Stanground Civil Parish in the Administrative County of the Isle of Ely to the Administrative County of Huntingdon, has not yet been confirmed; this Parish remains, therefore, partly in the two Counties.

§ The increase of population in Walton Civil Parish is mainly attributed to its proximity to Peterborough, and to the Great Northern Railway Works.

<sup>a</sup> Including New Fletton.

<sup>b</sup> Including Mill Field, and New England.

<sup>c</sup> Including Dogsthorpe, Garton End, Longthorpe and Newark

<sup>d</sup> Including Eye Green.

<sup>e</sup> Including Castle End.

NOTE.—For particulars of Parishes in the Administrative Counties of Northampton and the Soke of Peterborough, but included in other Registration Counties, see Supplemental Table, 12A, on next page.

TABLE 18.—PERSONS enumerated in the REGISTRATION COUNTY on board SEA-GOING and COASTING MERCHANT VESSELS and on INLAND BARGES and BOATS, 1901.

NOTE.—Persons on board Vessels in Ports, Harbours, and Docks, including in certain cases hulks or other stationary vessels, were enumerated by Officers of His Majesty's Customs, and those on Barges, etc., on Canals or Navigable Rivers, not within the limits of a port, by the local Enumerators.  
The persons thus enumerated are distributed among the general population of the Parishes contiguous to the waters in which the vessels were lying, with as much accuracy as the information obtained allows.  
Fishermen at sea on the night of the Census, and not returning on 1st April, 1901, and persons on board vessels arriving in port later than that date, are not included.

NOTE.—The Table is to be read as follows:—Of the 74,916 tenements enumerated in 1901, in the County of Northampton (including the County Borough and the Soke of Peterborough) 23,671 were tenements of less than five rooms, and of these 355 were tenements of one room, 3,103 of two rooms, etc.; and of the 355 tenements of one room, 301 were occupied by one person each, 41 by two persons each, etc. Tables 20 and 21 are to be read in a similar manner.

\* In 1891 the Tenements were abstracted for the Registration County; in order to make the figures for that area comparable with those for the Administrative Counties, together with the County Borough of Northampton, in the aggregate in 1901, it has been necessary to make approximate adjustments.

TABLE 22.—AGGREGATE NUMBERS of MARRIAGES, BIRTHS, and DEATHS registered in each REGISTRATION DISTRICT during the INTERCENSAL PERIOD 1891—1901 ; INCREASE or DECREASE of POPULATION compared with DIFFERENCE between BIRTHS and DEATHS.

NOTE.—No correction is made in this Table for Deaths occurring in Public Institutions, which in some cases are sufficiently numerous to detract from the value of the comparison between the Increase of Population and the Excess of Births over Deaths.

\* Changes were made in the boundaries of some of the Registration Districts during the intercensal period. In the Table the enumerated populations of every such District for 1891 and 1901 are given, first for the District as constituted at the Census of 1891 and then for the District as constituted by each successive change. The dates from which the changed areas were adopted for tabulation of Births and Deaths are shown in the first column. In calculating the Increase or Decrease of Population (Col. 7) approximate allowance has been made for variations caused by changes of boundary. Owing to this method of calculation, the Increase or Decrease of Population shown in Col. 7 differs fractionally from that derivable from the figures for the Entire County in Table 1, and for the individual Registration Districts in Table 12, which relate to those areas as constituted at the time of the Census of 1901.

TABLE 32.—OCCUPATIONS of MALES and FEMALES AGED 10 YEARS AND UPWARDS, in the ADMINISTRATIVE COUNTIES of NORTHAMPTON (together with the COUNTY BOROUGH of NORTHAMPTON) and the SOKE of PETERBOROUGH, distinguishing for FEMALES the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—In classifying the people by their Occupations the following rules have been observed:—Persons returned as engaged in more than one occupation have been referred to the occupation which in each case appeared to be the most important; or, if there was no difference in this respect, to the occupation first mentioned in the Return. Thus, a manufacturing trade has been selected in preference to a selling trade. A Clergyman who is also a Schoolmaster has been classed under the heading "Schoolmaster." Persons returned as "Pensioners," or as "Retired" from any specified profession or business (except Officers of the Army or Navy, Clergymen, and Medical Men) appear in this Table as simply "Pensioners" or "Retired" (see Order XXIII.), but are classified in Table 34 according to their former occupations. Inmates of Lunatic Asylums or of Workhouses, when returned as Insane and yet described by their former occupations, have—irrespective of age—been classed as "Retired." Other Inmates of Workhouses, unless aged 60 years or upwards, and Patients in Hospitals and Prisoners of all ages, have been classed under their stated occupations on the assumption that their ordinary work has been relinquished for a time only. Inmates of Workhouses aged 60 years and upwards, whose former occupations were returned, have been dealt with as "Retired."

The numbers given under any heading include Apprentices, Assistants, Workmen, and Labourers, as well as Masters, except where special headings are provided for subordinates. Messengers, Errand Boys, Porters, and Watchmen are, however, shown under a separate heading, and Clerks are classified as Civil Service Clerks, Bank Clerks, Railway Clerks, Insurance Clerks, or Commercial Clerks, according to the particular service in which they are engaged.

In some cases women and children, chiefly widows or orphans carrying on the business of their husbands or fathers, are classed under Occupations commonly followed only by adult men.

In the list of Occupations the Male designations only are given for convenience, except where the occupations are exclusively followed by Females.

The figures in italics for Females, at the head of the Table and in the Tabular Note at the end, relate to the Married or Widowed.

## COUNTY OF NORTHAMPTON—continued.

TABLE 34.—FORMER OCCUPATIONS of "PENSIONERS" and "RETIRED" in the ADMINISTRATIVE COUNTIES of NORTHAMPTON (together with the COUNTY BOROUGH of NORTHAMPTON) and the SOKE of PETERBOROUGH, distinguishing those enumerated in WORKHOUSES and LUNATIC ASYLUMS, and also, for FEMALES, the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—This Table is supplementary to Table 32, where the Pensioners and the Retired are shown simply as such without regard to their former Occupations. Inmates of Lunatic Asylums, or of Workhouses, when described as Insane and as having formerly followed some occupation, have been classed as "Retired," irrespective of age; also other formerly occupied Inmates of Workhouses if aged 60 years or upwards. Patients in Hospitals and Prisoners of all ages, on the assumption that their ordinary work has been relinquished for a time only, have not been dealt with as "Retired." No Officers in the Army or Navy, Clergymen of the Established Church, or members of the Medical Profession, are included in the "Retired."

Of the foregoing, none were returned in 1901 as having been so afflicted "from Childhood."																			

\* The figures given for 1891 relate to the County of Northampton as then constituted for Registration purposes, while those for 1901 relate to the aggregate of the Administrative Counties and the County Borough of Northampton. The differences in the constitution of the two areas should be borne in mind in dealing with these figures—see Table 2.

† Of the 129 Persons in 1901 classified in the Table as Deaf and Dumb, 9 Males and 2 Females respectively were returned simply as "Dumb," as were also 6 Males and 2 Females classified as Deaf and Dumb from Childhood. The figures relating to the Deaf and Dumb from Childhood are based on the descriptions given in the Schedules, and must be regarded as incomplete.

‡ The Census Schedule did not require Persons who were Deaf without being Dumb to mention the fact of their Deafness, and therefore the figures given for the "Deaf" cannot be regarded as complete.

§ In 1891 the heading of the Census Schedule was "Lunatic, Imbecile or Idiot," and the Persons so returned were eventually classed as "Mentally Deranged." In 1901 the heading of the Schedule provided for two categories of the Mentally Deranged, viz., "Lunatic" and "Imbecile, Feeble-minded," and in drawing comparisons from the figures for the two Censuses, allowances should be made for these differences. The figures for 1891 for the new sub-divisions of Mentally Deranged cannot therefore be given. Total "Lunatic, Imbecile, and Feeble-minded," 1901:—1,683 Persons, 827 Males, 856 Females. Total "Mentally Deranged," 1891:—1,452 Persons, 690 Males, 762 Females.

|| Of these the following persons were returned as under:—

NOTE.—The numbers of persons returned in the several Administrative areas as suffering from one or other Infirmity mainly depend on the presence or absence of Institutions in which many of such persons might be resident. Thus, of the 1,172 persons returned as Lunatic, Imbecile or Feeble-minded in the area administered by the County Council of Northamptonshire, 890 were enumerated in the County Asylum, which receives patients not only from that County but also from the Soke of Peterborough and the County Borough, and, to some extent, from the Counties of Middlesex and Salop; while of the 369 Lunatics in the County Borough, 366 were resident in the St. Andrew's Hospital for Mental Diseases, which Institution is open to patients from all parts of England and Wales.

\* These figures include 9 Males and 2 Females returned simply as "Dumb."  
† These persons are also included in the totals of the several Infirmities from which they suffer. None were returned as having been so afflicted "from Childhood."

# CENSUS OF 1901.

## COUNTY OF NORTHUMBERLAND.

### SUMMARY OF THE CENSUS RESULTS.

THE Ancient or Geographical County of Northumberland contains, according to revised returns furnished by His Majesty's Ordnance Survey Department, an area of 1,291,530 statute acres. Its population numbers 603,498 persons. In 1801 the population was 168,078; it has, therefore, nearly quadrupled during the Century.

AREA AND  
POPULATION.  
TABLES 1, 2,  
AND 3.

The Administrative County (together with the City and County Borough of Newcastle upon Tyne), which is co-extensive with the Registration County, contains an area of 1,291,515 statute acres, and a population of 603,119, against 506,030 in 1891, an increase of 19·2 per cent.; the number of inhabited houses is 92,361, against 79,985 in 1891, an increase of 15·5 per cent.; of uninhabited houses the number is 5,731 against 4,639 in 1891, an increase of 23·5 per cent.; and of houses building, 1,408, against 620 in 1891, an increase of 127·1 per cent. Of the 5,731 uninhabited houses, 2,933 were "In Occupation," that is, utilised for business or other purposes but without inmates on Census night.

The difference between the Ancient County and the Administrative and Registration Counties (which are co-extensive) is set forth in Table 2; the boundaries of the Administrative and Registration Counties are delineated on the Map attached.

Where comparative figures are quoted, those for 1891 relate to areas as constituted in 1901, unless otherwise stated.

The Ancient County of Northumberland is divided for Parliamentary purposes into 7 Constituencies—4 Divisions of the County and 3 Boroughs. The Parliamentary Boroughs of Morpeth and Tynemouth each return one Member, while the Borough of Newcastle upon Tyne returns two Members. Two Constituencies have populations exceeding 100,000—Tyneside Division 100,887 and Newcastle upon Tyne Borough 215,328; their populations in 1891 were 69,331 and 186,300 respectively.

TARY CON-  
STITUENCIES.  
TABLE 4.

There are 173 Ecclesiastical Parishes or Districts situated wholly or partly within the Ancient County of Northumberland. Of these 173 Parishes or parts of Parishes, 172, with an aggregate population of 603,119, are within the Diocese of Newcastle; and part of the Parish of Medomsley, St. Mary Magdalene, with a population of 379, is in that of Durham.

ECCLESIAS-  
TICAL  
PARISHES.  
TABLE 5.

The Administrative County contains a population of 387,791, and the City and County Borough of Newcastle upon Tyne a population of 215,328, the aggregate population thus amounting to 603,119. The increase in the Administrative County since 1891, apart from the County Borough, is 68,061, or 21·3 per cent.; in the City and County Borough of Newcastle upon Tyne it is 29,028, or 15·6 per cent.; and in the total population 97,089, or 19·2 per cent.

ADMINISTRA-  
TIVE COUNTY  
AND COUNTY  
BOROUGH.  
TABLE 6.

The Administrative County has one Court of Quarter Sessions, and is divided into 13 Petty Sessional Divisions. The City and County Borough of Newcastle upon Tyne and the Municipal Borough of Berwick upon Tweed have separate Commissions of the Peace and separate Courts of Quarter Sessions; while the Municipal Borough of Tynemouth has a separate Commission of the Peace only.

AGGREGATES  
OF URBAN  
AND RURAL  
DISTRICTS.  
TABLE 8.

The total population of Urban Districts, including the County Borough and Municipal Boroughs, amounts to 478,356, and that of Rural Districts to 124,763. The population in the Urban Districts has increased by 91,233, or 23·6 per cent., since 1891, and that in the Rural Districts by 5,856, or only 4·9 per cent.

COUNTY  
BOROUGH,  
MUNICIPAL  
BOROUGH,  
AND OTHER  
URBAN  
DISTRICTS.  
TABLE 9.

The County contains one County Borough, 4 Municipal Boroughs, and 19 other Urban Districts. The population of the City and County Borough of Newcastle upon Tyne increased from 186,300 in 1891 to 215,328 in 1901, or 15·6 per cent., and that of the Municipal Borough of Tynemouth from 46,588 to 51,366, or 10·3 per cent., while that of the Municipal Borough of Wallsend increased from 11,257 to 20,918, or 85·8 per cent.

All the Urban Districts in Northumberland have increased in population during the intercensal period except those of Alnwick and Seghill, in which the decreases were, however, very small.

RURAL  
DISTRICTS.  
TABLE 10.

Within the Administrative County there are 11 Rural Districts. The aggregate population of these is 124,763 which represents 20·7 per cent. of the entire population of the County.

CIVIL  
PARISHES.  
TABLE 11.

The number of Civil Parishes within the Administrative County is 514, and there are 9 in the City and County Borough of Newcastle upon Tyne.

REGISTRATION  
DISTRICTS.  
TABLE 12.

The Registration County of Northumberland contains a population of 603,119, and is divided into 12 Registration Districts, and these again are sub-divided into 34 Sub-Districts. In Table 12, besides comparative figures of houses and of population in 1891 and 1901, a column is given to show the number of Families or Separate Occupiers in each Registration District and Sub-District, and in each Civil Parish. These amount to 125,223, giving an average of 4·8 persons to a family. It may here be stated, though the figures are not presented in Tabular form, that the population of Northumberland, as shown in the Tables, includes a total of 123 persons—85 Males and 38 Females—who were enumerated as having passed the Census night in Barns, Sheds, Caravans, etc.

TENEMENTS.  
TABLE 19.

The total number of separate Tenements in the Administrative County (together with the City and County Borough of Newcastle upon Tyne), which had been 103,113 in 1891, rose to 125,223 in 1901, the increase being equal to 21·4 per cent. Of this total, the Tenements containing five or more rooms increased from 21,366 to 27,737, equal to 29·8 per cent., while those with fewer than five rooms increased from 81,747 to 97,486, or 19·3 per cent. Stated in another way, the Tenements with five or more rooms were equal to 20·7 per cent. of the total Tenements in 1891, and increased to 22·2 per cent. at the recent Census, while the percentage of the Tenements with fewer than five rooms declined from 79·3 to 77·8.

In the aggregate of Urban Districts the proportion of Tenements with fewer than five rooms to the total number of Tenements is 78·6 per cent., and in the aggregate of Rural Districts it is 74·9 per cent.

TENEMENTS  
IN URBAN  
DISTRICTS.  
TABLE 20.

The proportion of Tenements with fewer than five rooms, which averages 77·8 per cent. in the entire County, is 76·7 in Tynemouth, 78·2 in Newcastle upon Tyne, and 84·9 in Wallsend.

MARRIAGES,  
BIRTHS,  
DEATHS, AND  
MIGRATION.  
TABLE 22.

Table 22 shows the increase or decrease of population in the Registration County and Registration Districts, as compared with the difference between registered Births and Deaths: the Table has been extended by the addition of a column showing the balance of change which must be ascribed to Migration. The increase of population in the County since 1891 amounts to 97,089, and the excess of Births over Deaths, to 74,580. It follows that the whole County has made a net gain by Migration of 22,509 persons, or 3·7 per cent. of the enumerated population in 1901; in the mainly rural Districts of Belford, Haltwhistle, Glendale, and Rothbury, however, the loss by Migration was equal to 11·5 per cent. of the enumerated population.

The Males enumerated in the Administrative County (together with the City and County Borough of Newcastle upon Tyne) exceed the Females by 1,747; there are thus 994 Females to every 1,000 Males, against 971 to 1,000 in the County of Durham. The number of children of school age (three and under fourteen years) is 145,385, of whom 73,167 are boys and 72,218 girls. It is to be observed, however, that the attendance at school of children under five is not compulsory. The number of children aged five and under fourteen years is 116,974, of whom 58,963 are boys and 58,011 girls.

SEXES AND AGES IN THE ADMINISTRATIVE COUNTY TOGETHER WITH THE COUNTY BOROUGH. TABLE 23.

The number of persons 65 years of age and upwards is 23,100, and of these 10,614 are Males and 12,486 Females. The proportion of persons aged 65 years and upwards enumerated in Rural Districts is 5·3 per cent. of the total Rural population, while in the Urban Districts the proportion does not exceed 3·4 per cent. of the total Urban population.

Of the Males, 190,596 are Unmarried, 101,210 are Married, and 10,627 are Widowed. Of the Females, 178,742 are Unmarried, 101,852 are Married, and 20,092 are Widowed.

CONDITION AS TO MARRIAGE. TABLE 27.

The following Table shows the percentages for 1891 and for 1901 :—

Condition as to Marriage.	MALES.				FEMALES.			
	To 100 at All Ages.		To 100 at Twenty years and upwards.		To 100 at All Ages.		To 100 at Twenty years and upwards.	
	1891.	1901.	1891.	1901.	1891.	1901.	1891.	1901.
Unmarried ... ..	64·0	63·0	32·6	33·9	60·6	59·4	27·1	28·3
Married ... ..	32·5	33·5	60·8	59·8	32·3	33·9	59·7	59·8
Widowed... ..	3·5	3·5	6·6	6·3	7·1	6·7	13·2	11·9

It may be noted from the figures that the proportions of the Married to the population at all ages is now higher than it was in 1891 owing to the decrease in the proportion of children through the decline in the birth-rate. The proportion of the Married, however, if calculated on the population aged upwards of twenty years, is distinctly lower than it was ten years ago among Males and almost the same among Females.

Table 29 shows, in combination, the ages of both Husbands and Wives. In 95,464 cases in the Registration County both the Husband and the Wife were enumerated in the same schedule, and were therefore presumably living together; in addition there were 5,746 Husbands whose Wives were absent—that is, were not enumerated in the same schedule—and 6,388 Wives whose Husbands were absent on the Census night.

AGES OF HUSBANDS AND WIVES. TABLE 29.

Pauper Inmates of Workhouse Establishments in the Registration County number 2,233 persons at all ages, of whom 1,257 are Males and 976 Females. These represent approximately 0·37 per cent. of the general population. At advanced ages the proportion is far higher; at 55 years and upwards the proportion per cent. of the population of the same age in Workhouse Establishments is 1·9, and at 65 years and upwards, 3·1 per cent.

WORKHOUSES. TABLE 30.

Prisoners in Local and Convict Prisons in the Registration County number 223, against 274 in 1891. Of these, 163 are Males, and 60 Females. Their ages and civil conditions are shown in Table 31.

PRISONS. TABLE 31.

The Tables dealing with the Occupations of the people have been extended and elaborated. Table 32 contains a list of 379 Occupations, and shows the numbers of Males and Females employed in each. In this and succeeding Tables, Females are separately given as Unmarried and Married or Widowed. A tabular note furnishes information as to ages and other Occupational details for industries of special importance in the County.

Certain changes of classification which affect the leading industries of Northumberland have been introduced and are mainly in the direction of sub-division. Thus Coal and Shale Miners are for the first time separately classed as “Hewers,” “Other workers below ground,” or “Workers above ground.” Persons engaged in Iron Manufacture are abstracted as employed in “Blast Furnaces,” in “Puddling Furnaces and Rolling Mills,” in “Steel Smelting and Founding,” in “Iron Founding,” and in the manufacture of certain specific Iron articles. Workers in other metals are separately described as Manufacturers of the Metal itself or of goods made from the Metal. It must, however, be noted that, in these cases, the persistent efforts made, both before the Census was taken and subsequently by local enquiry, to secure completeness and accuracy of returns have only been partially successful. In some cases, for instance, the returns do not precisely state whether a man is a Hewer in a Coal Mine or other Worker below ground, and the figures must consequently be regarded as approximate only.

The following Occupational headings, which are not directly liable to errors from alteration of classification or methods of return, have been selected, and in some cases thrown into groups, for comparison, so as to illustrate the progression or retrogression of some of the leading industries of the County since the Census of 1891. Figures showing the total population of each sex, over 10 Years of age, with percentages of increase, head the Table, and afford a ready means of comparing the changes in the numbers following various Occupations with the changes in the total population, between the two Censuses.

In 1891 the percentage of the total population aged 10 years and upwards engaged in Occupations was, in the case of Males 83·7, in the case of Females 26·4. In 1901 the percentages are 84·7 and 22·6 respectively.

It has already been stated that Females have been abstracted separately as “Unmarried” and “Married or Widowed.” Of the 52,028 Females over 10 years of age engaged in Occupations, 43,851, or 84·3 per cent., are in the former category, and 8,177, or 15·7 per cent., in the latter. Domestic Indoor Service finds employment for 1,216 Married or Widowed Females; Dressmaking, Shirtmaking, Millinery, and Tailoring for 898; and Laundry and Washing Service for 583. There are also 950 Charwomen Married or Widowed out of a total of 1,438.

The total number of Boys aged 10 and under 14 Years in the County is 25,120, and of these 2,073, equal to 8·3 per cent., are engaged in Occupations. Of the occupied Males between the ages of 10 and 14 years, 1,858, or 89·6 per cent., are aged between 13 and 14; and 164, or 7·9 per cent., between 12 and 13; leaving 51, or 2·5 per cent., under 12.

OCCUPATIONS  
OF CHILDREN  
AGED 10 AND  
UNDER  
14 YEARS.  
TABLE 33.

The total number of Girls aged from 10 to 14 is 24,854, and of these 354, equal to 1·4 per cent., are engaged in Occupations. Of the occupied Females between the ages of 10 and 14 years, 312, or 88·2 per cent., are aged between 13 and 14; and 27, or 7·6 per cent., between 12 and 13; while only 15, or 4·2 per cent., are under 12.

Coal and Shale Mining finds employment for 641 Boys aged under 14 Years below ground, and 125 above ground; and Domestic Indoor Service, for 189 Girls. There are also 520 Boys at these ages employed as Messengers, Porters, etc. (of whom 57 are in Government employ); and 101 as Agricultural Labourers, Farm Servants.

The total number of Males returned as “Pensioned” or “Retired,” other than Army and Navy Officers, Clergymen, and members of the Medical Profession, is 4,684, being in the proportion of 2·4 per cent. to the number engaged in Occupations, as compared with 3,514, or 2·2 per cent. in 1891. The number of “Retired” Males enumerated in Workhouses and Workhouse Infirmarys who returned their previous Occupations is 530, and those in Lunatic Asylums 633, making a total of 1,163. Of “Pensioned” or “Retired” Males, 2,969, or 63·4 per cent., are aged 65 years and upwards, and 938, or 20·0 per cent., are between 55 and 65, while 777, or 16·6 per cent., are under 55 years of age. (See note at head of Table 34.)

TABLE 34.

The total number of “Pensioned” or “Retired” Females is 757, being in the proportion of 1·5 per cent. to the number engaged in Occupations, as compared with 786, or 1·6 per cent., in 1891. The number in Workhouses and Workhouse Infirmarys is 100, and in Lunatic Asylums 198, making a total of 298. Of “Pensioned” or “Retired” Females, 361, or 47·7 per cent., are aged 65 years and upwards, and 190, or 25·1 per cent., are between 55 and 65, leaving 206, or 27·2 per cent., under 55.

Of the whole number of Retired Females, 412 are Unmarried, and 345 are Married or Widowed.

COUNTY  
BOROUGH,  
ETC.  
TABLE 35.

Table 35 sets forth the Occupations of the People by Sexes and in five groups of Ages for the City and County Borough of Newcastle upon Tyne, for the Municipal Borough of Tynemouth, of which the population exceeds 50,000 persons, for the Aggregate of the Urban Districts in the County, including County and Municipal Boroughs, and for the Aggregate of the Rural Districts. The total population, over 10 years of age, of Unmarried and of Married or Widowed Females, and the number of each class engaged in Occupations, are given separately.

GROUPED  
OCCUPATIONS  
IN URBAN,  
DISTRICTS.  
TABLE 35A.

Table 35A is a new Table and is so constructed as to show, for every Urban District with a population exceeding 5,000, the following Statistics:—(1) The total population, Male and Female, of an age to engage in Occupations, that is, over ten years; (2) the number who are retired or unoccupied; (3) the total number engaged in Occupations; (4) the number engaged in Occupations or groups of Occupations selected so as best to illustrate the prevailing Industries of the County; (5) the number of Children between ten and fourteen years of age engaged in Occupations; (6) the proportion per cent. of Children so engaged to the total Child Population within those years; (7) the number of Unmarried Women and of Married or Widowed Women engaged in Occupations; and (8) the proportion of Female Domestic Servants, not including those in Hotels, etc., to a hundred separate Occupiers or Families.

The following figures, extracted from Table 35A, show for the County Borough, and for each of the Municipal Boroughs having a population in excess of 20,000, certain details of Occupational Statistics directly bearing on the Social Life of the People.

BIRTHPLACES.  
TABLE 36.

Of the 603,498 persons enumerated in the Ancient County of Northumberland, 424,073 were born within the County; 30,706 were born in Scotland, an increase since 1891 of 4,551; 9,613 were born in Ireland, a decrease of 801; 5,011 in London, an increase of 593; 1,627 in Wales and Monmouthshire, an increase of 508; and 1,322 in British Colonies or Dependencies, an increase of 331.

Persons of Foreign birth, including those enumerated on vessels in Port on the Census night, number 6,086, an increase of 1,796, and of these 1,540 were abstracted as British Subjects, 251 as Naturalised British Subjects, and 4,295 as Foreigners; an increase, in the case of the last-named, of 609 since 1891. British Subjects and Naturalised British Subjects number together 1,791, and contrast with a total of 604 in 1891. This wide difference seems to be mainly due to the new instruction on the Census Schedule that persons born abroad should state whether they were British Subjects, Naturalised British Subjects, or Foreign Subjects. Greater accuracy has thus been secured, but the figures have less value for comparison with those of 1891.

Of the 4,295 Foreigners, 3,294 are Males and 1,001 Females; there are thus to every 1,000 Males no more than 304 Females, which last figure contrasts with 994 in the general population of the County. Natives of Russia and Russian Poland have increased, since 1891, from 398 to 799; natives of Norway from 469 to 695; and natives of Italy from 126 to 331; while natives of Germany have decreased in the same period from 952 to 629.

The number of persons returned as Blind is 439, and of these 6 suffer from some other Infirmary also.

DUMB, THE  
DEAF, AND  
THE INSANE.  
TABLE 38.

Deaf and Dumb persons, including 18 who are returned simply as Dumb, number 389. Of these 389 persons, 4 who are returned as Deaf and Dumb suffer from some other Infirmary. It may be mentioned that the Census returns include 5 persons of one family and 4 persons of another family, all of whom were stated to be both Deaf and Dumb. The accuracy of these statements has been verified by subsequent enquiry.

Lunatics number 1,174, including 3 afflicted with some other Infirmary also; and the Imbecile and Feeble-minded 702, including 3 also otherwise afflicted. The total of these classes is 1,876, against 1,361 in 1891. In comparing these figures, however, attention must be paid to the fact that the heading to the Infirmities Column of the Census Schedule was not uniform at the two Censuses. In 1891 the words adopted were "Lunatic, Imbecile or Idiot," and this expression might have led to more frequent concealment of cases of mental derangement than the form of words adopted for the recent Census, when Occupiers were instructed to describe the afflicted person either under the title of "Lunatic," or under that of "Imbecile, Feeble-minded." For this reason a calculation of the increase per cent. on the population would be misleading. It may be noted that, of the 1,876 persons returned as mentally deranged, 1,483 were inmates of Institutions, including 1,351 in Public and Private Lunatic Asylums, 129 in Workhouses, and 3 in other Institutions; the remaining 393 were residing with relatives or in unlicensed houses.

Of the 129 mentally deranged persons enumerated in Workhouses, 3 were returned as Lunatics, and 126 as Imbecile or Feeble-minded; and of the 393 not enumerated in Institutions, 11 were returned as Lunatics, and 382 as Imbecile or Feeble-minded.

TABLE 10.—RURAL DISTRICTS.—AREA; HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—Newcastle upon Tyne (556) is the only Poor Law Union and Registration District in Northumberland which contains no Rural Area; while the Poor Law Unions and Registration Districts of Haltwhistle (560), Bellingham (561), Belford (564), and Glendale (566), contain no Urban District. Under the provisions of the Local Government Act, 1894, considerable changes were made in the constitution of Rural Districts. In Northumberland they comprise exclusively Parishes in the Poor Law Union of the same names, except Norham and Islandshires, which consists of Parishes in the Poor Law Union of Berwick. The extent of each Rural District may readily be seen in the Map preceding the Tables.

TABLE 11.—CIVIL PARISHES in the ADMINISTRATIVE COUNTY, and in the CITY and COUNTY BOROUGH of NEWCASTLE UPON TYNE.—INHABITED HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—The expression "Civil Parish" means "a place for which a separate Poor Rate is or can be made, or for which a separate Overseer is or can be appointed." The Parishes are arranged alphabetically, those having compound names being placed in the order indicated by the usual pronunciation of those names—thus Great Bavington will be found under the letter G, and North Charlton under the letter N. The Registration Districts in the County of Northumberland are all co-extensive with the Poor Law Unions of the same names.

## COUNTY OF NORTHUMBERLAND—continued.

TABLE 12.—REGISTRATION COUNTY, DISTRICTS, and SUB-DISTRICTS, with their constituent CIVIL PARISHES.—AREA; HOUSES and POPULATION 1891 and 1901, and SEPARATE OCCUPIERS 1901.

## EXPLANATORY NOTES.

- (1.) The Registration Districts of the County of Northumberland are co-extensive with the Poor Law Unions of the same names.  
 (2.) All the Civil Parishes in the Registration County are either in the Administrative County of Northumberland or in the City and County Borough of Newcastle upon Tyne: the name of the latter is stated after the names of the Parishes situated therein.  
 (3.) Parishes that are situated in a County Borough, Municipal Borough, or Urban District are distinguished by black type thus—Benwell.  
 (4.) The places named in footnotes as being included in Civil Parishes are generally localities having no defined boundaries, such as hamlets, villages, etc.  
 (5.) For particulars of existing detached parts of Civil Parishes see Table 13, and for changes in the boundaries of Civil Parishes effected by the Local Government Acts of 1888 and 1894, and by Local Acts since 1891, see Table 14. In all Sub-Districts marked + changes were made in boundaries between the Census of 1891 and that of 1901. Full particulars of the alterations have been published in the Registrar-General's Annual Reports.  
 (6.) Revised areas of Civil Parishes have been furnished by the Ordnance Survey Department; for the area of the Tidal Water and Foreshore comprised in Civil Parishes, see Table 15.

† The increase of population in Whitley Civil Parish is mainly attributed to the facilities of communication with Newcastle on Tyne, North Shields, and other towns, and to its popularity as a holiday resort.

‡ A considerable proportion of the population of Stannington Civil Parish was enumerated in the North Eastern Reformatory, see Table 17.

<sup>a</sup> Including Killingworth, and West Moor.

<sup>b</sup> Including Dudley Colliery, Seaton Burn, and Wide Open.

<sup>c</sup> Including St. Mary's or Bait Island, and part of Seaton Sluice.

<sup>d</sup> Including part of Seaton Sluice.

<sup>e</sup> Including Bebside Colliery, and Waterloo.

\* A considerable proportion of the population of Newminster Civil Parish was enumerated in the Northumberland County Lunatic Asylum, see Table 17.

† On 1st June, 1902, all the Civil Parishes in Bedlington Sub-District of Morpeth Registration District, except Bedlington and Hepscott, were separated therefrom and constituted a new Sub-District of Ashington. The Sub-Districts as thus constituted contained at the date of the Census:—

Bedlington	10,138	34	3,327	3,677	34	199	43	3,822	17,182	19,083	9,022	10,065	8,160	9,018
Ashington	41,370	68	2,983	4,902	29	90	116	5,278	16,732	26,795	8,786	14,131	7,946	12,064

‡ The increase of population in Ellington and Hirst Civil Parishes is mainly attributed to the development of the coal-mining industry; while the decrease of population in Loughirst Civil Parish is attributed to the closing of a colliery, at which work is now stated to have been resumed.

a Including part of Long Horsley.  
b Including Barrington Colliery, Cambois, Choppington Colliery, and Guide Post.

c Including Broomhill Colliery.  
d Including East Steads.

TABLE 18.—PERSONS enumerated in the REGISTRATION COUNTY on board SEA-GOING and COASTING MERCHANT VESSELS and on INLAND BARGES and BOATS, 1901.

NOTE.—Persons on board Vessels in Ports, Harbours, and Docks, including in certain cases hulks or other stationary vessels were enumerated by Officers of His Majesty's Customs; and those on Barges, etc., on Canals or Navigable Rivers, not within the limits of a port, by the local Enumerators.

The persons thus enumerated are distributed among the general population of the Parishes contiguous to the waters in which the vessels were lying, with as much accuracy as the information obtained allows.

Fishermen at sea on the night of the Census and not returning on 1st April, 1901, and persons on board vessels arriving in port later than that date, are not included.

TABLE 22.—AGGREGATE NUMBERS of MARRIAGES, BIRTHS, and DEATHS registered in each REGISTRATION DISTRICT during the INTERCENSAL PERIOD 1891—1901; INCREASE or DECREASE of POPULATION compared with DIFFERENCE between BIRTHS and DEATHS.

NOTE.—No correction is made in this Table for Deaths occurring in Public Institutions, which in some cases are sufficiently numerous to detract from the value of the comparison between the increase of Population and the excess of Births over Deaths.

TABLE 32.—OCCUPATIONS of MALES and FEMALES AGED 10 YEARS AND UPWARDS, in the ADMINISTRATIVE COUNTY (together with the CITY and COUNTY BOROUGH of NEWCASTLE UPON TYNE), distinguishing for FEMALES the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—In classifying the people by their Occupations the following rules have been observed:—Persons returned as engaged in more than one occupation have been referred to the occupation which in each case appeared to be the most important; or, if there was no difference in this respect, to the occupation first mentioned in the Return. Thus, a manufacturing trade has been selected in preference to a selling trade. A Clergyman who is also a Schoolmaster has been classed under the heading "Schoolmaster." Persons returned as "Pensioners" or as "Retired" from any specified profession or business (except Officers of the Army or Navy, Clergymen, and Medical Men) appear in this Table as simply "Pensioners" or "Retired" (see Order XXIII.), but are classified in Table 34 according to their former occupations. Inmates of Lunatic Asylums or of Workhouses, when returned as Insane and yet described by their former occupations, have—irrespective of age—been classed as "Retired." Other Inmates of Workhouses, unless aged 60 years or upwards, and Patients in Hospitals and Prisoners of all ages, have been classed under their stated occupations on the assumption that their ordinary work has been relinquished for a time only. Inmates of Workhouses aged 60 years and upwards, whose former occupations were returned, have been dealt with as "Retired."

The numbers given under any heading include Apprentices, Assistants, Workmen, and Labourers, as well as Masters, except where special headings are provided for subordinates. Messengers, Errand Boys, Porters, and Watchmen are, however, shown under a separate heading, and Clerks are classified as Civil Service Clerks, Bank Clerks, Railway Clerks, Insurance Clerks, or Commercial Clerks, according to the particular service in which they are engaged.

In some cases women and children, chiefly widows or orphans, carrying on the business of their husbands or fathers, are classed under Occupations commonly followed only by adult men.

In the list of Occupations the Male designations only are given for convenience, except where the occupations are exclusively followed by Females.

The figures in italics for Females at the head of the Table relate to the Married or Widowed.

COUNTY OF NORTHUMBERLAND—continued.

TABLE 34.—FORMER OCCUPATIONS of “PENSIONERS” and “RETIRED” in the ADMINISTRATIVE COUNTY (together with the CITY and COUNTY BOROUGH of NEWCASTLE UPON TYNE), distinguishing those enumerated in WORKHOUSES and LUNATIC ASYLUMS, and also, for FEMALES, the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—This Table is supplementary to Table 32, where the Pensioners and the Retired are shown simply as such without regard to their former Occupations. Inmates of Lunatic Asylums, or of Workhouses, when described as Insane and as having formerly followed some occupation, have been classed as “Retired,” irrespective of age; also other formerly occupied Inmates of Workhouses if aged 60 years or upwards. Patients in Hospitals and Prisoners of all ages, on the assumption that their ordinary work has been relinquished for a time only, have not been dealt with as “Retired.” No Officers in the Army or Navy, Clergymen of the Established Church, or members of the Medical Profession, are included in the “Retired.”

No cases were returned in 1901 of Persons stated to have been so afflicted "from Childhood."																		

\* Of the 389 Persons in 1901 classified in the Table as Deaf and Dumb, 9 Males and 9 Females, respectively, were returned simply as "Dumb," as were also 5 Males and 5 Females classified as Deaf and Dumb from Childhood. The figures regarding the Deaf and Dumb from Childhood are based on the descriptions given in the Schedules, and must be regarded as incomplete.

† The Census Schedule did not require persons who were Deaf without being Dumb to mention the fact of their Deafness, and therefore the figures given for the "Deaf" cannot be regarded as complete.

‡ In 1891 the heading of the Census Schedule was "Lunatic, Imbecile, or Idiot," and the persons so returned were eventually classed as "Mentally Deranged." In 1901 the heading of the Schedule provided for two categories of the Mentally Deranged, viz., "Lunatic" and "Imbecile, Feeble-minded," and in drawing comparisons from the figures for the two Censuses, allowance should be made for these differences. The figures for 1891 for the new sub-divisions of Mentally Deranged cannot therefore be given. Total "Lunatic, Imbecile and Feeble-minded," 1901:—1,876 Persons; 1,011 Males, 865 Females. Total "Mentally Deranged," 1891:—1,361 Persons; 700 Males, 661 Females.

TABLES 1, 2,  
AND 3.

The Administrative County, together with the City and County Borough of Nottingham, contains an area of 540,123 statute acres, and a population of 514,459, against 445,622 in 1891, an increase of 15·4 per cent.; the number of inhabited houses is 111,618, against 95,113 in 1891, an increase of 17·4 per cent.; of uninhabited houses the number is 6,566, against 10,036 in 1891, a decrease of 34·6 per cent.; and of houses building, 1,067, against 299 in 1891, an increase of 256·9 per cent. Of the 6,566 uninhabited houses, 3,207 were "In Occupation," that is, utilised for business or other purposes but without inmates on Census night.

The Registration County contains an area of 616,287 statute acres, and a population of 596,705. The differences between the Ancient, the Administrative, and the Registration County are set forth in Table 2. The respective boundaries of the Administrative and of the Registration County are delineated on the Map attached.

Where comparative figures are quoted, those for 1891 relate to areas as constituted in 1901, unless otherwise stated.

The Ancient County of Nottingham is divided for Parliamentary purposes into 7 Constituencies—4 Divisions of the County and 3 Divisions of the Parliamentary Borough of Nottingham, each Division returning one Member.

TABLE 4.

There are 231 Ecclesiastical Parishes or Districts situated wholly or partly within the Ancient County of Nottingham. Of these 231 Parishes or parts of Parishes, 230, with an aggregate population of 514,551, are within the Diocese of Southwell, while part of the Parish of Woodsetts St. George, with a population of 27, is in that of York.

ECCLESIASTI-  
CAL PARISHES.  
TABLE 5.

The Administrative County contains a population of 274,716, and the City and County Borough of Nottingham a population of 239,743, the aggregate population thus amounting to 514,459. The increase in the Administrative County since 1891, apart from the City of Nottingham, is 42,971, or 18·5 per cent.; in the City of Nottingham it is 25,866, or 12·1 per cent.; and in the total population 68,837, or 15·4 per cent.

ADMINISTRA-  
TIVE COUNTY  
AND COUNTY  
BOROUGH.  
TABLE 6.

The Administrative County has one Court of Quarter Sessions and is divided into 7 Petty Sessional Divisions. The City and County Borough of Nottingham and the Municipal Borough of Newark have separate Commissions of the Peace and separate Courts of Quarter Sessions, while the Municipal Borough of East Retford has a separate Commission of the Peace only.

AGGREGATES  
OF URBAN  
AND RURAL  
DISTRICTS.  
TABLE 8.

The total population of Urban Districts, including the City and County Borough of Nottingham, and the Municipal Boroughs, amounts to 395,738; and that of Rural Districts, to 118,721. The population in the Urban Districts has increased by 62,490, or 18·8 per cent., since 1891, and that in the Rural Districts by 6,347, or 5·6 per cent.

COUNTY  
BOROUGH,  
MUNICIPAL  
BOROUGH,  
AND OTHER  
URBAN  
DISTRICTS.  
TABLE 9.

The County contains the City and County Borough of Nottingham, 3 Municipal Boroughs, and 12 other Urban Districts. The population of the City of Nottingham has increased from 213,877 in 1891 to 239,743 in 1901, or 12·1 per cent., and that of the Municipal Borough of Mansfield from 15,925 to 21,445, or 34·7 per cent. All the Urban Districts in the County have increased in population during the intercensal period.

RURAL  
DISTRICTS.  
TABLE 10.

Within the Administrative County there are 10 entire Rural Districts, and two Civil Parishes administered by the Rural District Council of Shardlow (Derbyshire); while two Civil Parishes in the Administrative County of Derby are administered by the Rural District Council of Basford. The aggregate population of the Rural Districts, excluding the latter two Parishes, is 118,721, which represents 23·1 per cent. of the entire population of the County.

CIVIL  
PARISHES.  
TABLE 11.

The number of Civil Parishes within the Administrative County is 265. The City and County Borough of Nottingham consists of one Parish.

REGISTRATION  
DISTRICTS.  
TABLE 12.

The Registration County of Nottingham contains a population of 596,705, and is divided into 8 Registration Districts, and these again are sub-divided into 34 Sub-Districts. In Table 12, besides comparative figures of houses and of population in 1891 and 1901, a column is given to show the number of Families or Separate Occupiers in each Registration District and Sub-District, as well as in each Civil Parish. These amount to 129,149, giving an average of 4·6 persons to a family. It may here be stated, though the figures are not presented in tabular form, that the population of Nottinghamshire, as shown in the Tables, includes a total of 351 persons—192 Males and 159 Females—who were enumerated as having passed the Census night in Barns, Sheds, Caravans, etc.

TENEMENTS.  
TABLE 19.

The total number of separate Tenements in the Administrative County, together with the City and County Borough of Nottingham, which had been 96,450 in 1891, rose to 113,144 in 1901, the increase being equal to 17·3 per cent. Of this total, the Tenements containing five or more rooms increased from 62,642 to 77,122, equal to 23·1 per cent.; while those with fewer than five rooms increased from 33,808 to 36,022, or 6·5 per cent. Stated in another way, the Tenements with five or more rooms were equal to 64·9 per cent. of the Total Tenements in 1891, and increased to 68·2 per cent. at the recent Census, while the percentage of the Tenements with fewer than five rooms declined from 35·1 to 31·8.

In the aggregate of Urban Districts the proportion of Tenements with fewer than five rooms to the total number of Tenements is 30·9 per cent., and in the aggregate of Rural Districts it is 34·9 per cent.

MARRIAGES,  
BIRTHS,  
DEATHS, AND  
MIGRATION.  
TABLE 22.

Table 22 shows the increase or decrease of population in the Registration County and Registration Districts as compared with the difference between registered Births and Deaths: the Table has been extended by the addition of a column showing the balance of change which must be ascribed to Migration. The increase of population in the Registration County since 1891 amounts to 91,394, and the excess of Births over Deaths to 78,341. It follows that the County has made a net gain by Migration of 13,053 persons. The gain by Migration was, however, confined to Mansfield, Basford, and Worksop Registration Districts; the loss by Migration in Southwell, Newark, and Bingham Districts averaged 9 per cent. of their enumerated population in 1901.

SEXES AND  
AGES.  
TABLE 23.

The Females enumerated in the Administrative County, together with the City and County Borough of Nottingham, exceed the Males by 18,263; there are thus 1,074 Females to every 1,000 Males. The number of children of school age (three and under fourteen years) is 122,728, of whom 60,768 are boys and 61,960 girls. It is to be observed, however, that the attendance at school of children under five is not compulsory. The

number of children aged five and under fourteen years is 99,300, of whom 49,110 are boys and 50,190 girls.

The number of persons 65 years of age and upwards is 24,312, and of these 11,189 are Males and 13,123 Females; two Males and two Females claim to be 100 years or upwards. The proportion of persons aged 65 years and upwards enumerated in Rural Districts is 6·6 per cent. of the total Rural population, while in the Urban Districts the proportion does not exceed 4·2 per cent. of the total Urban population.

Of the Males enumerated in the Administrative County and County Borough, 146,163 are Unmarried, 92,953 are Married, and 8,982 are Widowed. Of the Females, 154,200 are Unmarried, 94,516 are Married, and 17,645 are Widowed.

CONDITION AS TO MARRIAGE.  
TABLE 27.

The following Table shows the percentages for the Registration County in 1891 and in 1901 :—

Condition as to Marriage.	MALES.				FEMALES.			
	To 100 at All Ages.		To 100 at Twenty years and upwards.		To 100 at All Ages.		To 100 at Twenty years and upwards.	
	1891.	1901.	1891.	1901.	1891.	1901.	1891.	1901.
Unmarried ... ..	60·5	59·6	24·8	26·6	59·2	58·0	24·7	25·7
Married ... ..	36·0	36·9	68·5	67·0	34·4	35·7	63·4	63·0
Widowed ... ..	3·5	3·5	6·7	6·4	6·4	6·3	11·9	11·3

It may be noted from the figures that the proportion of the Married to the population at all ages is now higher than it was in 1891, owing to the decrease in the proportion of children through the decline in the birth-rate. The proportion of the Married, however, if calculated on the population aged upwards of twenty years, is lower than it was ten years ago, among both Males and Females.

Table 29 shows, in Combination, the ages of both Husbands and Wives. In 102,569 cases in the Registration County both the Husband and the Wife were enumerated in the same schedule, and were therefore presumably living together; in addition there are 4,998 Husbands whose Wives were absent—that is, were not enumerated in the same schedule—and 6,445 Wives whose Husbands were absent on the Census night.

AGES OF HUSBANDS AND WIVES.  
TABLE 29.

Pauper Inmates of Workhouse Establishments in the Registration County number 2,537 persons at all ages, of whom 1,589 are Males and 948 Females. These represent approximately 0·4 per cent. of the general population. At advanced ages the proportion is far higher; at 55 years and upwards the proportion per cent. of the population of the same ages in Workhouse Establishments is 2·3, and at 65 years and upwards 3·7 per cent.

WORKHOUSES.  
TABLE 30.

Prisoners in Local and Convict Prisons in the Registration County number 122 against 155 in 1891. Of these, 109 are Males and 13 Females. Their age and civil condition are shown in Table 31.

PRISONS.  
TABLE 31.

The Tables dealing with the Occupations of the people have been extended and elaborated. Table 32 contains a list of 379 Occupations, and shows the number of Males and Females employed in each. In this and succeeding Tables, Females are separately given as Unmarried and Married or Widowed. A tabular note furnishes information as to ages and other Occupational details for industries of special importance in the County.

OCCUPATIONS.  
TABLE 32.

The following figures give a summary view of the Occupational statistics for the Administrative County, together with the City and County Borough of Nottingham, showing the proportions of Males and Females over 10 Years of age engaged in each Order, and also the proportions Unoccupied:—

Certain changes of classification which affect the leading trades of Nottinghamshire have been introduced and are mainly in the direction of sub-division. Thus Coal and Shale Miners are separately classed as "Hewers," "Other Workers below ground," or "Workers above ground." It must, however, be noted that in these cases the persistent efforts made, both before the Census was taken and subsequently by local enquiry, to secure completeness and accuracy of returns have only been partially successful, and the figures must consequently be regarded as approximate only.

The following Occupational headings, which are not directly liable to errors from alteration of classification or methods of return, have been selected, and in some cases thrown into groups, to illustrate the progression or retrogression of some of the leading industries of the County since the Census of 1891. Figures showing the total population, of each sex, over 10 Years of age, with percentages of increase, head the Table, and afford a ready means of comparing the changes in the numbers following various Occupations with the changes in the total population between the two Censuses. The figures for 1901, in the following Table, relate to the Registration County, to secure better comparison with those for 1891. They are consequently not identical with the figures given in Table 32, which relate to the Administrative County.

In 1891 the percentage of the total population aged 10 Years and upwards engaged in Occupations in the Registration County was, in the case of Males 84·1, in the case of Females 35·6; and in 1901 the percentages are 85·3 and 33·1 respectively. In the Administrative County, together with the County Borough, the percentages in 1901 are 85·0 for Males and 35·3 for Females.

It has already been stated that Females have been abstracted separately as "Unmarried" and "Married or Widowed." Of the 73,255 Females over 10 Years of age engaged in Occupations in the Administrative County and County Borough, 55,248, or 75·4 per cent., are in the former category, and 18,007, or 24·6 per cent., in the latter. Lace Manufacture finds employment for 5,741 Married or Widowed Females; Dressmaking, Shirtmaking, Millinery, and Tailoring for 2,185; Hosiery Manufacture for 1,728; and Domestic Indoor Service for 1,077. There are also 1,069 Charwomen Married or Widowed out of a total of 1,383.

The total number of Boys aged 10 and under 14 Years is 21,047, and of these 2,707, equal to 12·9 per cent., are engaged in Occupations. Of the occupied Males between the ages of 10 and 14 Years, 2,462, or 91·0 per cent., are aged between 13 and 14, and 228, or 8·4 per cent., between 12 and 13, leaving only 17, or 0·6 per cent., under 12.

OCCUPATIONS  
OF CHILDREN  
AGED 10 AND  
UNDER 14  
YEARS.  
TABLE 33.

The total number of Girls aged from 10 to 14 is 21,648, and of these 1,791, equal to 8·3 per cent., are engaged in Occupations. Of the occupied Females between the ages of 10 and 14 Years, 1,694, or 94·6 per cent., are aged between 13 and 14, and 86, or 4·8 per cent., between 12 and 13, leaving only 11, or 0·6 per cent., under 12.

Coal and Shale Mining finds employment for 366 Boys below ground and 113 above ground; while, of the Girls, 356 are engaged in Domestic Indoor Service, 339 in Lace Manufacture, 191 in Hosiery Manufacture, and 147 in Tobacco Manufacture. There are also 771 Boys and 303 Girls (mostly Errand Girls in factories) employed as Messengers, Porters, etc., and 305 Boys are Agricultural Labourers, Farm Servants.

The total number of Males returned as "Pensioned" or "Retired," other than Army and Navy Officers, Clergymen, and members of the Medical Profession, is 3,964, being in the proportion of 2·5 per cent. to the number engaged in Occupations, as compared with 2,986, or 1·9 per cent., in 1891. The number of "Retired" Males enumerated in Workhouses and Workhouse Infirmarys who returned their previous Occupations is 844, and of those in Lunatic Asylums 457, making a total of 1,301. Of "Pensioned" or "Retired" Males, 2,501, or 63·1 per cent., are aged 65 Years and upwards, and 807, or 20·4 per cent., are between 55 and 65, leaving 656, or 16·5 per cent., under 55. (See note at head of Table 34.)

OCCUPATIONS  
OF "PEN-  
SIONERS" AND  
"RETIRED."  
TABLE 34.

The total number of "Pensioned" or "Retired" Females is 994, being in the proportion of 1·4 per cent. to the number engaged in Occupations, as compared with 1,063, or 1·5 per cent., in 1891. The number in Workhouses and Workhouse Infirmarys is 290, and in Lunatic Asylums 245, making a total of 535. Of "Pensioned" or "Retired" Females, 530, or 53·4 per cent., are aged 65 Years and upwards, leaving 232, or 23·3 per cent., between 55 and 65, and a similar number under 55 Years of age.

Of the whole number of "Retired" Females, 362 are Unmarried, and 632 are Married or Widowed.

It is noteworthy that, among the "Retired" Males, there were enumerated in Workhouse Establishments and Lunatic Asylums 206 of the 265 General Labourers, 176 of the 297 Agricultural Labourers, Farm Servants, 130 of the 223 engaged in Hosiery Manufacture, and 90 of the 220 engaged in Lace Manufacture. Among the "Retired" Females, there were enumerated in these Institutions 139 of the 192 Domestic Indoor Servants, 132 of the 164 engaged in Lace Manufacture, 65 of the 71 Charwomen, and 50 of the 69 engaged in Hosiery Manufacture.

OCCUPATIONS  
IN THE  
COUNTY  
BOROUGH, ETC.  
TABLE 35.

Table 35 sets forth the Occupations of the People by Sexes and in five groups of Ages for the City and County Borough of Nottingham; for the Aggregate of the Urban Districts in the County, including the City and County Borough; and for the Aggregate of the Rural Districts. The total population, over 10 Years of age, of Unmarried and of Married or Widowed Females, and the number of each class engaged in Occupations are given separately.

GROUPED  
OCCUPATIONS  
IN URBAN  
DISTRICTS.  
TABLE 35A.

Table 35A is a new Table and is so constructed as to show for every Urban District with a population exceeding 5,000 the following Statistics bearing largely on the social life of the people:—(1) The total population, Male and Female, of an age to engage in Occupations, that is, over ten years; (2) The number who are retired or unoccupied; (3) The total number engaged in Occupations; (4) The number engaged in Occupations or groups of Occupations selected so as best to illustrate the prevailing Industries of the County; (5) The number of Children between ten and fourteen years of age engaged in Occupations; (6) The proportion per cent. of Children so engaged to the total Child Population within those years; (7) The number of Unmarried Women and of Married or Widowed Women engaged in Occupations; and (8) The proportion of Female Domestic Servants—not including those in Hotels, etc.—to a hundred Separate Occupiers or Families.

BIRTHPLACES.  
TABLE 36.

Of the 514,578 persons enumerated in the Ancient County of Nottingham, 362,509 were born within the County; 6,224 were born in London, an increase since 1891 of 947; 2,160 in Ireland, an increase of 166; 2,105 in Scotland, an increase of 371; 1,413 in Wales and Monmouthshire, an increase of 589; and 904 in British Colonies or Dependencies, an increase of 132.

Persons of Foreign birth number 2,171, an increase of 496; and of these 1,086 were abstracted as British Subjects, 104 as Naturalised British Subjects, and 981 as Foreigners; a decrease, in the case of the last-named, of 165 since 1891. British Subjects and Naturalised British Subjects number together 1,190, and contrast with a total of 529 in 1891. This wide difference seems to be mainly due to the new instruction on the Census Schedule that persons born abroad should state whether they were British Subjects, Naturalised British Subjects, or Foreign Subjects. Greater accuracy has thus been secured, but the figures have less value for comparison with those of 1891.

COUNTRY OF  
BIRTH OF  
FOREIGNERS.  
TABLE 37.

Of the 981 Foreigners, 622 are Males and 359 Females; there are thus to every 1,000 Males no more than 577 Females, which last figure contrasts with 1,074 in the general population of the County. Natives of Russia and Russian Poland have increased since 1891 from 134 to 192, and natives of Italy from 64 to 110; while natives of France have decreased in the same period from 318 to 135, and those of the United States of America from 212 to 160.

THE BLIND,  
THE DEAF AND  
DUMB, THE  
DEAF, AND  
THE INSANE.  
TABLE 38.

The number of persons returned as Blind is 431, and of these 18 also suffer from some other Infirmity.

Deaf and Dumb persons, including 20 who are returned simply as Dumb, number 211. Of these 211 persons, 11 also suffer from some other infirmity.

Lunatics number 1,057, including 5 afflicted with some other Infirmary; and the Imbecile and Feeble-minded 838, including 17 otherwise afflicted. The total of these classes is 1,895 against 1,474 in 1891. In comparing these figures, however, attention must be paid to the fact that the heading to the Infirmities Column of the Census Schedule was not uniform at the two Censuses. In 1891 the words adopted were, "Lunatic, Imbecile or Idiot," and this expression might have led to more frequent concealment of cases of mental derangement than the form of words adopted for the recent Census, when Occupiers were instructed to describe the afflicted person either under the title of "Lunatic," or under that of "Imbecile, Feeble-minded." For this reason a calculation of the increase per cent. on the population would be misleading. It may be noted that, of the 1,895 persons returned as mentally deranged, 1,475 were inmates of Institutions, including 1,136 in Public Lunatic Asylums, 334 (of whom 54 were classified as Lunatic) in Workhouses, and 5 in other Institutions; the remaining 420 (of whom 7 were classified as Lunatic) were residing with relatives or in unlicensed houses.

TABLE 10.—RURAL DISTRICTS.—AREA; HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—Nottingham (431) is the only Registration District in the County of Nottingham which contains no Rural Area; while the Poor Law Unions and Registration Districts of Southwell (432) and Bingham (434) contain no Urban District. Under the provisions of the Local Government Act, 1894, considerable changes were made in the constitution of Rural Districts. In Nottinghamshire they comprise exclusively Parishes in the Poor Law Unions of the same names, except Blyth and Cuckney, Leake, Misterton, Skegby, and Stapleford, which consist of Parishes in the Poor Law Unions of Worksop, Loughborough, Gainsborough, Mansfield, and Shardlow respectively; Bingham, which consists of Parishes in the Poor Law Unions of Melton Mowbray and Bingham; and East Retford, which consists of Parishes in the Poor Law Unions of East Retford and Doncaster. The extent of each Rural District may readily be seen in the Map preceding the Tables.

NOTE.—The expression “Civil Parish” means “a place for which a separate Poor Rate is or can be made or for which a separate Overseer is or can be appointed.” The Parishes are arranged alphabetically, those having compound names being placed in the order indicated by the usual pronunciation of those names: thus, East Bridgford will be found under the letter E. The Registration Districts of the County of Nottingham are all co-extensive with the Poor Law Parishes or Unions of the same names.

## COUNTY OF NOTTINGHAM—continued.

TABLE 12.—REGISTRATION COUNTY, DISTRICTS, and SUB-DISTRICTS, with their constituent CIVIL PARISHES.—  
AREA; HOUSES and POPULATION 1891 and 1901, and SEPARATE OCCUPIERS 1901.

## EXPLANATORY NOTES.

- (1) The Registration Districts of the County of Nottingham are all co-extensive with the Poor Law Unions or Parishes of the same names.
- (2) Where the name of the Registration County in which a Parish is situated differs from that of the Administrative County, the name of the latter is added in italics, the three Administrative Counties of the Parts of Holland, the Parts of Kesteven and the Parts of Lindsey being, however, treated, for the purposes of this Table as one County and designated *Lincolnshire*; the name of the County Borough is also stated, after the names of the Parishes situated therein. The differences between the Registration County and the Administrative County are shown in Table 2.
- (3) Parishes that are situated in a County Borough, Municipal Borough, or Urban District, are distinguished by black type thus—**North Retford**.
- (4) The places named in footnotes as being included in Civil Parishes are generally localities having no defined boundaries, such as hamlets, villages, etc.
- (5) For particulars of existing detached parts of Civil Parishes see Table 13, and for changes in the boundaries of Civil Parishes effected by the Local Government Acts of 1888 and 1894, and by Local Acts since 1891, see Table 14. In all Districts and Sub-Districts marked + in the Registrar-General's Annual Reports.
- (6) Revised areas of Civil Parishes have been furnished by the Ordnance Survey Department; for the area of the Tidal Water and Fore-shore comprised in Civil Parishes, see Table 15.

TABLE 18.—PERSONS enumerated in the REGISTRATION COUNTY on board SEA-GOING and COASTING MERCHANT VESSELS and on INLAND BARGES and BOATS, 1901.

NOTE.—Persons on board Vessels in Ports, Harbours, and Docks, including in certain cases hulks or other stationary vessels, were enumerated by Officers of His Majesty's Customs, and those on Barges, etc., on Canals or Navigable Rivers, not within the limits of a port, by the local Enumerators.  
The persons thus enumerated are distributed among the general population of the Parishes, contiguous to the waters in which the vessels were lying, with as much accuracy as the information obtained allows.  
Fishermen at sea on the night of the Census, and not returning on 1st April, 1901, and persons on board vessels arriving in port later than that date, are not included.

NOTE.—The Table is to be read as follows:—Of the 113,144 tenements, 36,022 were tenements of less than five rooms, and of these 607 were tenements of one room, 3,481 of two rooms, etc.; and of the 607 tenements of one room, 331 were occupied by one person each, 168 by two persons each, etc. Tables 20 and 21 are to be read in a similar manner.

\* In 1891 the Tenements were abstracted for the Registration County; in order to make the figures for that area comparable with those for the aggregate of the Administrative County together with the City and County Borough of Nottingham in 1901, it has been necessary to make approximate adjustments.

TABLE 22.—AGGREGATE NUMBERS of MARRIAGES, BIRTHS, and DEATHS registered in each REGISTRATION DISTRICT during the INTERCENSAL PERIOD 1891—1901; INCREASE or DECREASE of POPULATION compared with DIFFERENCE between BIRTHS and DEATHS.

NOTE.—No correction is made in this Table for Deaths occurring in Public Institutions, which, in some cases, are sufficiently numerous to detract from the value of the comparison between the Increase of Population and the Excess of Births over Deaths.

\* Changes were made in the boundaries of three of the Registration Districts during the intercensal period. In the Table the enumerated populations of every such District for 1891 and 1901 are given, first for the District as constituted at the Census of 1891, and then for the District as constituted by each successive change. The dates from which the changed areas were adopted for tabulation of Births and Deaths are shown in the first column. In calculating the Increase or Decrease of Population (Col. 7) approximate allowance has been made for variations caused by changes of boundary. Owing to this method of calculation, the Increase of Population shown in Col. 7 differs fractionally from that derivable from the figures for the individual Registration Districts in Table 12, which relate to those areas as constituted at the time of the Census of 1901.

COUNTY OF NOTTINGHAM—continued.

TABLE 32.—OCCUPATIONS of MALES and FEMALES AGED 10 YEARS AND UPWARDS, in the ADMINISTRATIVE COUNTY (together with the CITY and COUNTY BOROUGH of NOTTINGHAM), distinguishing for FEMALES the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—In classifying the people by their occupations the following rules have been observed :—Persons returned as engaged in more than one occupation have been referred to the occupation which in each case appeared to be the most important ; or, if there was no difference in this respect, to the occupation first mentioned in the Return. Thus, a manufacturing trade has been selected in preference to a selling trade. A Clergyman who is also a Schoolmaster has been classed under the heading "Schoolmaster." Persons returned as "Pensioners" or as "Retired" from any specified profession or business (except Officers of the Army or Navy, Clergymen, and Medical Men) appear in this Table as simply "Pensioners" or "Retired" (see Order XXIII.), but are classified in Table 34 according to their former occupations. Inmates of Lunatic Asylums or of Workhouses, when returned as Insane and yet described by their former occupations, have—irrespective of age—been classed as "Retired." Other Inmates of Workhouses, unless aged 60 years or upwards, and Patients in Hospitals and Prisoners of all ages, have been classed under their stated occupations on the assumption that their ordinary work has been relinquished for a time only. Inmates of Workhouses aged 60 years and upwards, whose former occupations were returned, have been dealt with as "Retired."

The numbers given under any heading include Apprentices, Assistants, Workmen, and Labourers, as well as Masters, except where special headings are provided for subordinates. Messengers, Errand Boys, Porters, and Watchmen are, however, shown under a separate heading, and Clerks are classified as Civil Service Clerks, Bank Clerks, Railway Clerks, Insurance Clerks, or Commercial Clerks, according to the particular service in which they are engaged.

In some cases women and children, chiefly widows or orphans, carrying on the business of their husbands or fathers, are classed under Occupations commonly followed only by adult men.

In the list of Occupations the Male designations only are given for convenience, except where the occupations are exclusively followed by Females.

The figures in italics for Females, at the head of the Table and in the Tabular Note at the end, relate to the Married or Widowed.

TABLE 34.—FORMER OCCUPATIONS of "PENSIONERS" and "RETIRED" in the ADMINISTRATIVE COUNTY (together with the CITY and COUNTY BOROUGH of NOTTINGHAM), distinguishing those enumerated in WORKHOUSES and LUNATIC ASYLUMS, and also, for FEMALES, the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—This Table is supplementary to Table 32, where the Pensioners and the Retired are shown simply as such without regard to their former Occupations. Inmates of Lunatic Asylums, or of Workhouses, when described as Insane and as having formerly followed some occupation, have been classed as "Retired," irrespective of age; also other formerly occupied Inmates of Workhouses if aged 60 years or upwards. Patients in Hospitals and Prisoners of all ages, on the assumption that their ordinary work has been relinquished for a time only, have not been dealt with as "Retired." No Officers in the Army or Navy, Clergymen of the Established Church, or members of the Medical Profession, are included in the "Retired."

Of the foregoing, 2 Males and 4 Females were returned in 1901 as Persons suffering from Combined Infirmities "from Childhood."																		

\* The figures given for 1891 relate to the County of Nottingham as then constituted for Registration purposes, while those for 1901 relate to the Administrative County, together with the City and County Borough of Nottingham. The differences in the constitution of the two areas should be borne in mind in dealing with these figures—see Table 2.

† Of the 211 Persons in 1901 classified in the Table as Deaf and Dumb, 12 Males and 8 Females, respectively, were returned simply as "Dumb," as were also 4 Males and 6 Females classified as Deaf and Dumb from Childhood. The figures regarding the Deaf and Dumb from Childhood are based on the descriptions given in the schedules, and must be regarded as incomplete.

‡ The Census Schedule did not require Persons who were Deaf without being Dumb to mention the fact of their Deafness, and therefore the figures given for the "Deaf" cannot be regarded as complete.

§ In 1891 the heading of the Census Schedule was "Lunatic, Imbecile or Idiot," and the Persons so returned were eventually classed as "Mentally Deranged." In 1901 the heading of the Schedule provided for two categories of the Mentally Deranged, viz., "Lunatic" and "Imbecile, Feeble-minded," and in drawing comparisons from the figures for the two Censuses, allowance should be made for these differences. The figures for 1891 for the new sub-divisions of "Mentally Deranged" cannot therefore be given. Total "Lunatic, Imbecile, and Feeble-minded," 1901:—1,896 Persons, 951 Males, 944 Females. Total "Mentally Deranged," 1891:—1,474 Persons, 725 Males, 749 Females.

NOTE.—The numbers of persons returned as suffering from certain Infirmities in the County Borough are affected by the presence therein of Institutions, not belonging exclusively to the Borough, in which such persons were enumerated. Thus, of the 273 Blind, 54 were resident in an Institution for the reception of the Blind of the Midland Counties generally, while of the 1,564 Lunatic and Imbecile or Feeble-minded 881 were enumerated in the County Lunatic Asylum.

\* These figures include 12 Males and 8 Females returned simply as "Dumb."  
† These persons are also included in the totals of the several Infirmities from which they suffer. Those so afflicted "from Childhood" numbered 6.

# CENSUS OF 1901.

## COUNTY OF OXFORD.

### SUMMARY OF THE CENSUS RESULTS.

THE Ancient or Geographical County of Oxford contains, according to revised returns furnished by His Majesty's Ordnance Survey Department, an area of 483,626 statute acres. Its population numbers 181,120 persons. In 1801 the population was 111,977; it is now, therefore, not much more than one-and-a-half times as great as it was a Century ago.

AREA AND  
POPULATION.  
TABLES 1, 2,  
AND 3.

The Administrative County (together with the City and County Borough of Oxford) contains an area of 480,687 statute acres, and a population of 186,460, against 189,495 in 1891, a decrease of 1·6 per cent.; the number of inhabited houses is 41,887, against 40,616 in 1891, an increase of 3·1 per cent.; of uninhabited houses the number is 3,883 against 3,094 in 1891, an increase of 25·5 per cent.; and of houses building, 249, against 198 in 1891, an increase of 25·8 per cent. Of the 3,883 uninhabited houses, 1,431 were "In Occupation," that is, utilised for business or other purposes but without inmates on the Census night.

The Registration County contains an area of 491,421 statute acres, and a population of 186,698. The differences between the Ancient, the Administrative, and the Registration County are set forth in Table 2. The boundaries of the Administrative and of the Registration County are delineated on the appended Map.

Where comparative figures are quoted for 1891, they relate to areas as constituted in 1901, unless otherwise stated.

The Ancient County is divided for Parliamentary purposes into 3 County Divisions: it also includes the greater portion of the Parliamentary Borough of Oxford. The University of Oxford returns two Members.

PARLIAMEN-  
TARY CON-  
STITUENCIES.  
TABLE 4.

There are 244 Ecclesiastical Parishes or Districts situated wholly or partly within the Ancient County, all of which are included in the Diocese of Oxford.

ECCLIASI-  
STICAL PARISHES  
TABLE 5.

The Administrative County, apart from the County Borough, contains a population of 137,124, a decrease since 1891 of 6,629, or 4·6 per cent.; the City and County Borough of Oxford, a population of 49,336, an increase of 3,594, or 7·9 per cent.; and the Administrative County together with the County Borough, a population of 186,460, a decrease of 3,035, or 1·6 per cent.

ADMINIS-  
TRATIVE COUNTY  
AND COUNTY  
BOROUGH.  
TABLE 6.

The Administrative County has one Court of Quarter Sessions, and is divided into 11 Petty Sessional Divisions. (See Note to Table). The City and County Borough of Oxford and the Municipal Borough of Banbury have separate Commissions of the Peace and separate Courts of Quarter Sessions; while the Municipal Borough of Henley on Thames has only a separate Commission of the Peace.

PETTY  
SESSIONAL  
DIVISIONS.  
TABLE 7.

The total population of the Urban Districts (comprising the City and County Borough of Oxford, four Municipal Boroughs, and five other Urban Districts) is 90,712, an increase of 4,770, or 5·6 per cent., since 1891. No Municipal Borough or Urban District, other than the County Borough, has a population exceeding 20,000. In the Administrative County there are 11 Rural Districts, the aggregate population of which is 95,748, a decrease of 7,805, or 7·5 per cent. The proportions of Urban and Rural population to the aggregate population of the entire County are 48·6 and 51·4 per cent. respectively.

URBAN AND  
RURAL  
DISTRICTS.  
TABLES 8, 9,  
AND 10.

CIVIL  
PARISHES.  
TABLE 11.

The number of Civil Parishes within the Administrative County is 287, and there are 17 Civil Parishes in the City and County Borough of Oxford.

REGISTRATION  
DISTRICTS.  
TABLE 12.

The Registration County contains a population of 186,698, and is divided into 9 Registration Districts, which are co-extensive with the Poor Law Unions of the same names; these Districts are sub-divided into 22 Sub-Districts. In Table 12, besides comparative figures of houses and of population in 1891 and 1901, a column is given to show the number of Families or Separate Occupiers in each Registration District and Sub-District, as well as in each Civil Parish; these amount to 43,016, giving an average of 4·3 persons to a family. The population of Oxfordshire, as given in the Tables, includes a total of 122 persons—74 Males and 48 Females—who were enumerated as having passed the Census night in Barns, Sheds, Caravans, etc.

TENEMENTS.  
TABLE 19.

The total number of separate Tenements in the Administrative County (together with the County Borough), which had been 42,065 in 1891, rose to 42,859 in 1901, the increase being equal to 1·9 per cent. The Tenements containing five or more rooms increased from 23,487 to 27,027, or 15·1 per cent., while those with fewer than five rooms decreased from 18,578 to 15,832, or 14·8 per cent. Stated in another way, the Tenements with five or more rooms were equal to 55·8 per cent. of the total Tenements in 1891, and the proportion increased to 63·1 per cent. at the recent Census, while the percentage of Tenements with fewer than five rooms declined from 44·2 to 36·9. The total number of Tenements with fewer than five rooms, containing more than two persons per room, declined from 1,678 in 1891 to 929 in 1901, or 44·6 per cent. In the aggregate of Urban Districts the proportion of Tenements with fewer than five rooms to the total number of Tenements is 24·1 per cent., while in the aggregate of Rural Districts it is 48·5 per cent.

MARRIAGES,  
BIRTHS,  
DEATHS, AND  
MIGRATION.  
TABLE 22.

Table 22 shows the increase or decrease of population in the Registration County and its Registration Districts, compared with the difference between registered Births and Deaths: the Table also contains a column showing the balance of change which must be ascribed to Migration. The decrease of population in the Registration County since 1891, as calculated for the purposes of this Table (see footnote thereto), amounts to 3,176, while the excess of Births over Deaths amounts to 18,865. It follows that the County has sustained during the ten years a net loss by Migration of 22,041. All the Registration Districts show a loss except Headington, which contains part of the City of Oxford; the greatest proportional losses occur in the districts of Chipping Norton, Bicester, Thame, Woodstock, and Witney.

SEXES AND  
AGES.  
TABLE 23.

The Females enumerated in the Administrative County (together with the County Borough) exceed the Males by 9,828; there are thus 1,111 Females to every 1,000 Males. The number of children of school age (three and under fourteen years) is 45,087, of whom 22,530 are boys and 22,557 girls: attendance at school of children under five is not, however, compulsory; the number of children aged five and under fourteen years is 37,067, of whom 18,535 are boys and 18,532 girls. The number of persons 65 years of age and upwards is 13,301; and of these 6,059 are Males and 7,242 Females. The proportion of persons aged 65 years and upwards enumerated in Rural Districts is 8·2 per cent. of the total Rural population, while in the Urban districts the proportion does not exceed 6·0 per cent. of the total Urban population.

CONDITION AS  
TO MARRIAGE.  
TABLE 27.

Of the Males enumerated in the Administrative County and County Borough, 53,162 are Unmarried, 31,562 are Married, and 3,592 are Widowed. Of the Females, 58,286 are Unmarried, 32,279 are Married, and 7,579 are Widowed. In the Registration County the proportion of the Married to the population at all ages is now higher than it was in 1891, owing to the decrease in the proportion of children through the decline in the birth-rate. The proportion of the Married, however, if calculated on the population aged twenty years and upwards, is lower than it was ten years ago among both Males and Females, the respective percentages for 1891 and 1901 being 64·7 and 64·2 for Males, and 57·3 and 55·0 for Females.

Table 29 shows, in combination, the ages of both Husbands and Wives. In 30,296 cases in the Registration County both the Husband and the Wife were enumerated in the same schedule, and were therefore presumably living together; in addition there were 1,303 Husbands whose Wives were absent—that is, were not enumerated in the same schedule—and 2,018 Wives whose Husbands were absent, on the Census night.

AGES OF  
HUSBANDS  
AND WIVES.  
TABLE 29.

Pauper Inmates of Workhouse Establishments in the Registration County number 1,370 persons at all ages (equal to 7·3 per 1,000 of the population), of whom 836 are Males and 534 Females; at 55 years and upwards the proportion of the population at the same age in Workhouse Establishments is 23·3 per 1,000, and at 65 years and upwards it is 33·9.

WORKHOUSES.  
TABLE 30.

Prisoners in the Prison at Oxford number 135, of whom 120 are Males and 15 Females. Their ages and civil conditions are shown in Table 31.

PRISONS.  
TABLE 31.

The Tables dealing with the Occupations of the people have been extended and elaborated. Table 32 contains a list of 379 Occupations, and shows the number of Males and Females employed in each. In this and succeeding Tables, Females are separately given as Unmarried, and as Married or Widowed.

OCCUPATIONS.  
TABLE 32.

The following figures give a summary view of the Occupational statistics for the Administrative County (together with the County Borough), showing the proportions of Males and Females over 10 Years of age engaged in each Order, and also the proportions either without Specified Occupations or Unoccupied:—

Certain modifications in the method of classification and in the mode of filling up the Schedules, which have secured more accurate definition of employment, affect the numbers in many Occupational headings for the purpose of comparison with the results of the Census taken in 1891. The following have, however, been selected, and in some cases thrown into groups, to illustrate the changes in the leading industries of the County. Figures showing the total population of each sex over 10 years of age with percentages of increase, head the Table, and afford a ready means of comparing the changes in the numbers following various Occupations with the changes in the total population between the two Censuses. The figures for 1901 in the following Table relate to the Registration County to secure approximate accuracy of comparison with those for 1891. They are consequently not identical with the figures given

in Table 32, which relate to the Administrative County (together with the County Borough).

In the Registration County, in 1891, the percentage of the total Male population aged 10 Years and upwards engaged in Occupations was 81·9, and of the total Female population 32·4; in 1901 the percentages are 80·8 and 30·6 respectively. In the Administrative County and County Borough, the percentages in 1901 are 80·8 for Males and 31·0 for Females. Of the 24,196 Females over 10 Years of age engaged in Occupations in the Administrative County and County Borough, 18,660, or 77·1 per cent., are Unmarried, and 5,536, or 22·9 per cent., Married or Widowed.

OCCUPATIONS  
OF CHILDREN  
AGED 10 AND  
UNDER 14  
YEARS.  
TABLE 33.

The total number of Boys aged 10 and under 14 Years in the Administrative County and County Borough is 8,362, of whom 907, or 10·8 per cent., are engaged in Occupations. The total number of Girls at these ages is 8,260, of whom 343, or 4·2 per cent., are engaged in Occupations. Of the Boys, 410 are Agricultural Labourers or Farm Servants, and 171 are Messengers, Porters, etc.; while of the Girls, 268 are Domestic Indoor Servants.

OF "PEN-  
SIONERS" AND  
"RETIRED."  
TABLE 34.

The total number of Males returned as "Pensioned" or "Retired," other than Army and Navy Officers, Clergymen, and members of the Medical Profession, is 1,900, being in the proportion of 3·4 per cent. to the number engaged in Occupations, as compared with 1,524, or 2·7 per cent., in 1891. The number of "Retired" Males enumerated in Workhouses and Workhouse Infirmarys whose previous Occupations were stated, is 351, and those in Lunatic Asylums 219, making a total of 570. The total number of "Pensioned" or "Retired" Females is 530, being in the proportion of 2·2 per cent. to the number engaged in Occupations, as compared with 490, or 2·0 per cent., in 1891. The number in Workhouses and Workhouse Infirmarys is 86, and in Lunatic Asylums 143, making a total of 229. Of the whole number of Retired Females, 279 are Unmarried, and 251 are Married or Widowed. (See note at head of Table 34.) Among the Retired Males there were enumerated in Workhouse Establishments and Lunatic Asylums 193 of the 325 Agricultural Labourers or Farm Servants, and 110 of the 134 General Labourers; while among the Retired Females there were enumerated in these Institutions 110 of the 165 Domestic Indoor Servants.

Table 35 sets forth the Occupations of the People by Sexes and in five groups of Ages for the County Borough and for the respective Aggregates of Urban and Rural Districts in the County. The total population over 10 Years of age of Unmarried and of Married or Widowed Females, and the number of each class engaged in Occupations are given separately.

IN URBAN  
DISTRICTS.  
TABLE 35A.

Of the 181,120 persons enumerated in the Ancient County, 126,737, or 70 per cent., were born within the County; 5,495 were born in London, an increase since 1891 of 303; 839 in Wales and Monmouthshire, an increase of 253; 794 in Scotland, an increase of 145; 722 in British Colonies or Dependencies, an increase of 147, and 701 in Ireland, an increase of 117. Persons of Foreign birth number 675, an increase of 169; and of these 292 were abstracted as British Subjects, 22 as Naturalised British Subjects, and 361 as Foreigners. British Subjects and Naturalised British Subjects number together 314, and contrast with a total of 147 in 1891. This wide difference seems to be mainly due to the new instruction on the Census Schedule that persons born abroad should state whether they were British Subjects, Naturalised British Subjects, or Foreign Subjects. Greater accuracy has thus been secured, but the figures have less value for comparison with those of 1891.

The number of persons returned as Blind is 160; of whom 11 suffer from some other Infirmary also. Deaf and Dumb persons, including 15 who were returned simply as Dumb, number 91, of whom 16 suffer, in addition, from some other Infirmary.

Lunatics number 524, including five afflicted with some other Infirmary; and the Imbecile and Feeble-minded 464, including 17 otherwise afflicted. The total of these classes is 988, (See Note § to Table 38, page 57.) Of the 988 persons returned as mentally deranged 750 were inmates of Institutions, including 645 in Public Lunatic Asylums, 97 in Workhouses, and 8 in another Institution; the remaining 238 were resident with relatives or in unlicensed houses. Of the 97 mentally deranged persons enumerated in Workhouses, 3 were returned as Lunatic and 94 as Imbecile or Feeble-minded; of the 238 not enumerated in Institutions, 5 were returned as Lunatic and 233 as Imbecile or Feeble-minded.

<sup>a</sup> By Local Government Board Order, No. 37,371, which came into operation on 1st April, 1893, parts of the Civil Parishes of Hailey, Curbridge, and Cogges, and the area which prior to the passing of the Local Government Act, 1894, formed the rural part of the Civil Parish of Witney, were added to the Civil Parish, and Urban District of Witney.

TABLE 10.—RURAL DISTRICTS.—AREA; HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—The Poor Law Union and Registration District of Oxford (150) contains no Rural Area. Under the provisions of the Local Government Act, 1894, considerable changes were made in the constitution of Rural Districts. In Oxfordshire they comprise exclusively Parishes in the Poor Law Unions of the same names, except Crowmarsh, Culham, and Goring, which consist of Parishes in the Poor Law Unions of Wallingford, Abingdon, and Bradfield respectively; Bicester, which consists of Parishes in the Poor Law Unions of Bicester and Brackley; and Witney, which consists of Parishes in the Poor Law Unions of Faringdon and Witney. The extent of each Rural District may readily be seen in the map preceding the Tables.

TABLE 11.—CIVIL PARISHES in the ADMINISTRATIVE COUNTY, and in the CITY and COUNTY BOROUGH of OXFORD.—INHABITED HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—The expression "Civil Parish" means "a place for which a separate Poor Rate is or can be made, or for which a separate Overseer is or can be appointed." The Parishes are arranged alphabetically, those having compound names being placed in the order indicated by the usual pronunciation of those names—thus East Adderbury will be found under the letter E. The Registration Districts of the County of Oxford are all co-extensive with the Poor Law Unions of the same names.

## COUNTY OF OXFORD—continued.

TABLE 12.—REGISTRATION COUNTY, DISTRICTS, and SUB-DISTRICTS, with their constituent, CIVIL PARISHES.—AREA; HOUSES and POPULATION 1891 and 1901, and SEPARATE OCCUPIERS 1901.

## EXPLANATORY NOTES.

- (1.) The Registration Districts of the County of Oxford are all co-extensive with the Poor Law Unions of the same names.  
 (2.) Where the name of the Registration County in which a Parish is situated differs from that of the Administrative County, the name of the latter is added in italics; the name of the County Borough is also stated after the names of the Parishes situated therein. The differences between the Registration County and the Administrative County are shown in Table 2.  
 (3.) Parishes that are situated in a County Borough, Municipal Borough, or Urban District are distinguished by black type thus—**Greys**.  
 (4.) The places named in footnotes as being included in Civil Parishes are generally localities having no defined boundaries, such as hamlets villages, etc.  
 (5.) For particulars of existing detached parts of Civil Parishes see Table 13, and for changes in the boundaries of Civil Parishes effected, by the Local Government Acts of 1888 and 1894, and by Local Acts since 1891, see Table 14. In all Districts and Sub-Districts marked + changes were made in boundaries between the Census of 1891 and that of 1901. Full particulars of the alterations have been published in the Registrar-General's Annual Reports.  
 (6.) Revised areas of Civil Parishes have been furnished by the Ordnance Survey Department.

TABLE 18.—PERSONS enumerated in the REGISTRATION COUNTY on board SEA-GOING and COASTING MERCHANT VESSELS and on INLAND BARGES and BOATS, 1901.

NOTE.—Persons on board Vessels in Ports, Harbours, and Docks, including in certain cases hulks or other stationary vessels, were enumerated by Officers of His Majesty's Customs, and those on Barges, etc., on Canals or Navigable Rivers, not within the limits of a port, by the local Enumerators.

The persons thus enumerated are distributed among the general population of the Parishes contiguous to the waters in which the vessels were lying, with as much accuracy as the information obtained allows.

Fishermen at sea on the night of the Census, and not returning on 1st April, 1901, and persons on board vessels arriving in port later than that date, are not included.

NOTE.—The Table is to be read as follows :—Of the 42,859 tenements enumerated in 1901, 15,832 were tenements of less than five rooms, and of these 230 were tenements of one room, 2,163 of two rooms, etc.; and of the 280 tenements of one room, 225 were occupied by one person each, 44 by two persons each, etc. Tables 20 and 21 are to be read in a similar manner.

\* In 1891 the Tenements were abstracted for the Registration County; in order to make the figures for that area comparable with those for the aggregate of the Administrative County together with the City and County Borough of Oxford in 1901, it has been necessary to make approximate adjustments.

## COUNTY OF OXFORD—continued.

TABLE 22.—AGGREGATE NUMBERS of MARRIAGES, BIRTHS, and DEATHS registered in each REGISTRATION DISTRICT during the INTERCENSAL PERIOD 1891—1901; INCREASE or DECREASE of POPULATION compared with DIFFERENCE between BIRTHS and DEATHS.

NOTE.—No correction is made in this Table for Deaths occurring in Public Institutions, which, in some cases, are sufficiently numerous to detract from the value of the comparison between the Increase or Decrease of Population and the Excess of Births over Deaths.

\* Changes were made in the boundaries of certain of the Registration Districts during the intercensal period. In the Table the enumerated populations of every such District for 1891 and 1901 are given, first for the District as constituted at the Census of 1891, and then for the District as altered. The dates from which the changed areas were adopted for tabulation of Births and Deaths are shown in the first column. In calculating the Increase or Decrease of Population (Col. 7) approximate allowance has been made for variations caused by changes of boundary. Owing to this method of calculation, the Increase or Decrease of Population shown in Col. 7 differs fractionally from that derivable from the figures for the entire County in Table 1 and for the individual Registration Districts in Table 12, which relate to those areas as constituted at the time of the Census of 1901.

## COUNTY OF OXFORD—continued.

TABLE 34.—FORMER OCCUPATIONS of "PENSIONERS" and "RETIRED" in the ADMINISTRATIVE COUNTY (together with the CITY and COUNTY BOROUGH of OXFORD), distinguishing those enumerated in WORKHOUSES and LUNATIC ASYLUMS, and also, for FEMALES the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—This Table is supplementary to Table 32, where the Pensioners and the Retired are shown simply as such without regard to their former Occupations. Inmates of Lunatic Asylums, or of Workhouses, when described as Insane and as having formerly followed some occupation, have been classed as "Retired," irrespective of age; also other formerly occupied Inmates of Workhouses if aged 60 years or upwards. Patients in Hospitals and Prisoners of all ages, on the assumption that their ordinary work has been relinquished for a time only, have not been dealt with as "Retired." No Officers in the Army or Navy, Clergymen of the Established Church, or members of the Medical Profession, are included in the "Retired."

Of the foregoing, 2 Males were returned in 1901 as Persons suffering from Combined Infirmities "from Childhood."																		

\* The figures given for 1891 relate to the County of Oxford as then constituted for Registration purposes, while those for 1901 relate to the Administrative County, together with the City and County Borough of Oxford. The differences in the constitution of the two areas should be borne in mind in dealing with these figures—see Table 2.

† Of the 91 Persons in 1901 classified in the Table as Deaf and Dumb, 12 Males and 3 Females, respectively, were returned simply as "Dumb," as were also 6 Males classified as Deaf and Dumb from Childhood. The figures relating to the Deaf and Dumb from Childhood are based on the descriptions given in the Schedules, and must be regarded as incomplete.

‡ The Census Schedule did not require persons who were Deaf without being Dumb to mention the fact of their Deafness, and therefore the figures given for the "Deaf" cannot be regarded as complete.

§ In 1891 the heading of the Census Schedule was "Lunatic, Imbecile, or Idiot," and the persons so returned were eventually classed as "Mentally Deranged." In 1901 the heading of the Schedule provided for two categories of the Mentally Deranged, viz., "Lunatic" and "Imbecile, Feeble-minded," and in drawing comparisons from the figures for the two Censuses, allowance should be made for these differences. The figures for 1891 for the new sub-divisions of Mentally Deranged cannot therefore be given. Total "Lunatic, Imbecile and Feeble-minded," 1901:—988 Persons; 429 Males, 559 Females. Total "Mentally Deranged," 1891:—843 Persons; 369 Males, 474 Females.

NOTE.—The numbers of persons returned in Administrative areas as suffering from one or other Infirmary are affected by the presence or absence of Institutions in which many of such persons might be resident. Thus, of the 831 persons returned as Lunatic, Imbecile or Feeble-minded in the area administered by the County Council, 547 were enumerated in the County Asylum, which receives patients from the County Borough as well as from the County. On the other hand, of the 97 Lunatics in the County Borough 96 were inmates of Warneford Lunatic Hospital, which Institution is open to patients from all parts of England and Wales.

\* These figures include 12 Males and 3 Females returned simply as "Dumb."  
† These persons are also included in the totals of the several Infirmities from which they suffer. Those so afflicted "from Childhood" numbered 2.

# CENSUS OF 1901.

## COUNTY OF PEMBROKE.

### SUMMARY OF THE CENSUS RESULTS.

THE Ancient or Geographical County of Pembroke contains, according to revised returns furnished by His Majesty's Ordnance Survey Department, an area of 395,151 statute acres. Its population numbers 88,732 persons. In 1801 the population was 56,280 ; it has, therefore, increased by only 57·7 per cent. during the Century.

AREA AND  
POPULATION.  
TABLES 1, 2,  
AND 3.

The Administrative County contains an area of 392,710 statute acres, and a population of 87,894, against 88,296 in 1891, a decrease of 0·5 per cent. ; the number of inhabited houses is 19,289, against 19,092 in 1891, an increase of 1·0 per cent. ; of uninhabited houses the number is 1,342, against 1,488 in 1891, a decrease of 9·8 per cent. ; and of houses building, 139 against 96 in 1891, an increase of 44·8 per cent. Of the 1,342 uninhabited houses, 437 were "In Occupation," that is, utilised for business or other purposes but without inmates on the Census night.

The Registration County contains an area of 357,118 statute acres, and a population of 82,424. The differences between the Ancient, the Administrative, and the Registration County are set forth in Table 2. The boundaries of the Administrative and of the Registration County are delineated on the appended Map.

Where comparative figures are quoted for 1891, they relate to areas as constituted in 1901, unless otherwise stated.

The Ancient County is not divided for Parliamentary purposes. It contains the Pembroke and Haverfordwest District of Boroughs, comprising the Contributory Boroughs of Fishguard, Haverfordwest, Milford, Narberth, Pembroke, Tenby, and Wiston.

PARLIAMEN-  
TARY CON-  
STITUENCIES.  
TABLE 4.

There are 120 Ecclesiastical Parishes or Districts wholly or partly within the Ancient County, which is entirely included within the diocese of St. Davids.

ECCLESIASTI-  
CAL PARISHES.  
TABLE 5.

The Administrative County has one Court of Quarter Sessions and is divided into 7 Petty Sessional Divisions. The Municipal Borough of Haverfordwest, which is a County of itself, has a separate Commission of the Peace and a separate Court of Quarter Sessions, while the Municipal Boroughs of Pembroke and Tenby have only separate Commissions of the Peace.

PETTY  
SESSIONAL  
DIVISIONS.  
TABLE 7.

The total population of the Urban Districts in the Administrative County (comprising three Municipal Boroughs and two other Urban Districts, as constituted on Census Day) is 34,189, an increase of 1,834, or 5·7 per cent., since 1891. The County contains 5 Rural Districts, the aggregate population of which is 53,705, a decrease of 2,236, or 4·0 per cent., since 1891. The proportions of Urban and Rural population to the aggregate population of the County are 38·9 and 61·1 per cent. respectively.

URBAN AND  
RURAL  
DISTRICTS.  
TABLES 8, 9,  
AND 10.

The number of Civil Parishes within the Administrative County is 163.

CIVIL  
PARISHES.  
TABLE 11.

REGISTRATION  
DISTRICTS.  
TABLE 12.

The Registration County contains a population of 82,424, and is divided into 3 Registration Districts, which are co-extensive with the Poor Law Unions of the same names; these Districts are further divided into 10 Sub-Districts. In Table 12, besides comparative figures of houses and of population in 1891 and 1901, a column is given to show the number of Families or Separate Occupiers in each Registration District and Sub-District, as well as in each Civil Parish. These amount to 18,127, giving an average of 4·5 persons to a family. The population of Pembrokeshire includes a total of 21 persons—12 Males and 9 Females—who were enumerated as having passed the Census night in Barns, Sheds, Caravans, etc.

TENEMENTS.  
TABLE 19.

The number of separate Tenements in the Administrative County, which had been 19,736 in 1891, rose to 19,796 in 1901, the increase being equal to 0·3 per cent. The Tenements containing five or more rooms increased from 9,215 to 10,808, or 17·3 per cent., while those with fewer than five rooms decreased from 10,521 to 8,988, or 14·6 per cent. Stated in another way the proportion of Tenements with five or more rooms was 46·7 per cent. of the total Tenements in 1891, and increased to 54·6 per cent. at the recent Census, while the percentage of Tenements with fewer than five rooms declined from 53·3 to 45·4. The number of Tenements with fewer than five rooms containing more than two persons per room declined from 1,800 in 1891 to 1,213 in 1901, or 32·6 per cent. In the aggregate of Urban Districts the proportion of Tenements with fewer than five rooms to the total number of Tenements is 37·9 per cent., and in the aggregate of Rural Districts it is 49·6 per cent.

MARRIAGES,  
BIRTHS,  
DEATHS, AND  
MIGRATION.  
TABLE 22.

Table 22 shows the increase or decrease of population in the Registration County and its Registration Districts compared with the difference between registered Births and Deaths; the Table also contains a column showing the balance of change which must be ascribed to Migration. The increase of population in the Registration County since 1891 amounts to 421, while the excess of Births over Deaths amounts to 7,629. It follows that the County has experienced a net loss by Migration of 7,208; all the Registration Districts in the County show losses by Migration.

SEXES AND  
AGES.  
TABLE 23.

The Females enumerated in the Administrative County exceed the Males by 4,660; there are thus 1,112 Females to every 1,000 Males. The number of children of school age (three and under fourteen years) is 21,221, of whom 10,685 are boys and 10,536 girls; attendance at school of children under five is not, however, compulsory; the number of children aged five and under fourteen years is 17,335, of whom 8,732 are boys and 8,603 girls. The number of persons 65 years of age and upwards is 6,041, of whom 2,601 are Males and 3,440 Females; two Females claimed to be centenarians. The proportion of persons aged 65 years and upwards enumerated in Rural Districts is 7·8 per cent. of the total Rural population, while in the Urban Districts the proportion does not exceed 5·5 per cent. of the total Urban population.

CONDITION AS  
TO MARRIAGE.  
TABLE 27.

Of the Males enumerated in the Administrative County, 25,645 are Unmarried, 14,163 are Married, and 1,809 are Widowed. Of the Females, 27,957 are Unmarried, 14,562 are Married, and 3,758 are Widowed.

AGES OF  
HUSBANDS  
AND WIVES.  
TABLE 29.

Table 29 shows, in combination, the ages of both Husbands and Wives. In 12,354 cases in the Registration County both the Husband and the Wife were enumerated in the same schedule, and were therefore presumably living together; in addition there were 1,099 Husbands whose Wives were absent—that is, were not enumerated in the same schedule—and 1,233 Wives whose Husbands were absent, on the Census night.

WORKHOUSES.  
TABLE 30.

Pauper Inmates of Workhouse Establishments in the Registration County number 287 persons at all ages (equal to 3·5 per 1,000 of the population), of whom 145 are Males and 142 Females. At 55 years and upwards the proportion of the population at the same age in Workhouse Establishments is 9·0 per 1,000, and at 65 years and upwards it is 13·6.

The Tables dealing with the Occupations of the people have been extended and elaborated. Table 32 contains a list of 379 Occupations, and shows the number of Males and Females employed in each. In this and succeeding Tables, Females are separately given as Unmarried and as Married or Widowed.

OCCUPATIONS.  
TABLE 32.

In the Registration County the Male population aged 10 Years and upwards has increased from 28,842 in 1891 to 30,203 in 1901, or 4·7 per cent., and the Female population at the same ages from 33,399 to 34,054 or 2·0 per cent. With these figures may be compared those for some of the principal local Occupations. Amongst Males, workers in the construction of Ships and Boats have increased from 1,515 to 1,650, or 8·9 per cent.; workers on Seas, Rivers, and Canals (including Navigation Service on Shore), from 754 to 932, or 23·6 per cent.; and those engaged in Fishing from 416 to 687, or 65·1 per cent.; on the other hand, workers employed in Agriculture (excluding Gardeners) have decreased from 7,220 to 6,940, or 3·9 per cent. Amongst Females, Domestic Indoor Servants have decreased from 5,575 to 4,345, or 22·1 per cent.; and Tailors, Clothiers, Dressmakers, Milliners, Staymakers, Seamstresses, and Machinists (undefined) have decreased in the aggregate from 1,631 to 1,616, or 0·9 per cent.

In the Registration County, in 1891, 80·4 per cent. of the Males aged 10 years and upwards were engaged in Occupations, and 33·1 per cent. of the Females; in 1901 the percentages are 81·3 and 29·5 respectively. Of the 10,931 Occupied Females in the Administrative County, 8,698, or 79·6 per cent., are Unmarried, and 2,233, or 20·4 per cent., Married or Widowed.

The number of Boys aged 10 and under 14 Years in the Administrative County is 3,754, of whom 209, or 5·6 per cent., are engaged in Occupations. The number of Girls at these ages is 3,825, of whom 128, or 3·3 per cent., are Occupied. Of the Boys, 74 are Agricultural Labourers or Farm Servants, and 32 are Messengers, Porters, etc.; while of the Girls, 105 are Domestic Indoor Servants.

OCCUPATIONS  
OF CHILDREN  
AGED 10 AND  
UNDER  
14 YEARS.  
TABLE 33.

The number of Males classified as "Pensioned" or "Retired" other than Army and Navy Officers, Clergymen, and members of the Medical Profession, is 988 (including 48 in Workhouses), and is in the proportion of 3·8 per cent. to the number engaged in Occupations (see note at head of Table 34). The number of "Pensioned" or "Retired" Females is 198 (including 18 in Workhouses), and is in the proportion of 1·8 per cent. to the number engaged in Occupations. Of the 198 "Retired" Females, 74 are Unmarried and 124 are Married or Widowed.

FORMER OCCU-  
PATIONS OF  
"PENSIONERS"  
AND "RE-  
TIRED."  
TABLE 34.

Of the 88,732 persons enumerated in the Ancient County, 73,244, or 82·5 per cent. were born within the County; 6,599 were born either in other Counties of Wales or in Monmouthshire, an increase since 1891 of 915; 970 in London, an increase of 58; 859 in Ireland, an increase of 75; 365 in Scotland, an increase of 23; and 313 in British Colonies or Dependencies, an increase of 14. Persons of Foreign birth number 180, an increase of 10; and of these 79 were abstracted as British subjects, 11 as Naturalised British Subjects, and 90 as Foreigners; a decrease in the case of the last-named, of 37 since 1891. British Subjects and Naturalised British Subjects number together 90, and contrast with a total of 43 in 1891. This difference seems mainly due to the new instruction on the Census Schedule that persons born abroad should state whether they were British Subjects, Naturalised British Subjects, or Foreign Subjects.

BIRTHPLACES.  
TABLE 36.

Of the 90 Foreigners, 68 are Males and 22 Females. Natives of the United States of America number 17, those of Sweden 13, and those of Germany 12.

DEAF, AND  
THE INSANE.  
TABLE 38.

The number of persons returned as Blind is 76, of whom 3 were also Deaf. Deaf and Dumb persons, including 10 who were returned simply as Dumb, number 39.

Lunatics number 11, and the Imbecile and Feeble-minded 129. The total of these classes is 140. (See Note § to Table 38, page 40.) It may be noted that, of the 140 persons returned as mentally deranged, 30 were inmates of Institutions, including 29 in Workhouses and one in another Institution; the remaining 110 were resident with relatives or in unlicensed houses. Of the 29 mentally deranged persons enumerated in Workhouses, 8 were returned as Lunatic and 21 as Imbecile or Feeble-minded; of the 110 not enumerated in Institutions, 2 were returned as Lunatic, and 108 as Imbecile or Feeble-minded.

LANGUAGES.  
TABLE 40.

The Table relating to languages spoken in Wales and Monmouthshire affords fuller particulars than in 1891. The information given in the Language Column of the Census Schedule has been abstracted so as to show the results by sexes and in five age groups: the figures are given not for the Registration County of Pembroke and its 3 Registration Districts as in 1891, but for the Administrative County and its 5 Urban and 5 Rural Districts. By the Census Act, 1900, the minimum limit of age was fixed at 3 years instead of 2 years, the limit adopted for the Report on the Census of 1891.

No comparison by age groups can be made with 1891, but the proportion per cent. of population is given for 1901 in the following Table.

<sup>a</sup> By Local Government Board Order, No. 41,597, which came into operation on 1st October, 1900, part of the Civil Parish of Llanstadwell was constituted the Civil Parish and Urban District of Neyland.

TABLE 10.—RURAL DISTRICTS.—AREA; HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—The Poor Law Union and Registration District of Narberth (598) contained no Urban District at the date of the Census (*see* Note \* below). Under the provisions of the Local Government Act, 1894, considerable changes were made in the constitution of Rural Districts. In Pembrokehire they comprise exclusively Parishes in the Poor Law Unions of the same names, except Llanfyrnach and Saint Dogmells, which consist of Parishes in the Poor Law Unions of Newcastle in Emlyn and Cardigan respectively. The extent of each Rural District may readily be seen in the Map preceding the Tables.

\* By Local Government Board Order, No. 43,786, which came into operation on 1st April, 1902, part of the Civil Parish of Narberth North in Narberth Rural District was constituted an Urban District. The figures at the date of the Census for the Rural District, as thus altered, were :—

1 2,590 | 24 | 106 | 5 | — || 11,037 | 5,160 | 5,877

† The figures given above for Pembroke Rural District include those for Caldy and St. Margaret's Islands, which are stated to be extra-parochial. The Rural District, excluding these Islands, contained at the date of the Census :—

56,807 | 1,848 | 28 | 100 | 5 | 9,101 || 8,783 | 4,227 | 4,556

TABLE 12.—REGISTRATION COUNTY, DISTRICTS, and SUB-DISTRICTS, with their constituent CIVIL PARISHES—AREA; HOUSES and POPULATION 1891 and 1901, and SEPARATE OCCUPIERS 1901.

## EXPLANATORY NOTES.

- (1.) The Registration Districts of the County of Pembroke are all co-extensive with the Poor Law Unions of the same names.  
 (2.) Where the name of the Registration County in which a Parish is situated differs from that of the Administrative County, the name of the latter is added in italics. The differences between the Registration County and the Administrative County are shown in Table 2.  
 (3.) Parishes that are situated in a Municipal Borough, or Urban District are distinguished by black type thus—**Pembroke St. Michael**.  
 (4.) The places named in footnotes as being included in Civil Parishes are generally localities having no defined boundaries, such as hamlets, villages, etc.  
 (5.) For particulars of existing detached parts of Civil Parishes, see Table 13; and for changes in the boundaries of Civil Parishes effected by the Local Government Acts of 1888 and 1894, and by Local Acts since 1891, see Table 14. In the Sub-Districts marked + changes were made in boundaries between the Census of 1891 and that of 1901. Full particulars of the alterations have been published in the Registrar-General's Annual Reports.  
 (6.) Revised areas of Civil Parishes have been furnished by the Ordnance Survey Department; for the area of the tidal water and foreshore comprised in Civil Parishes, see Table 15.

TABLE 18.—PERSONS enumerated in the REGISTRATION COUNTY on board SEA-GOING and COASTING MERCHANT VESSELS and on INLAND BARGES and BOATS, 1901.

NOTE.—Persons on board Vessels in Ports, Harbours, and Docks, including in certain cases hulks or other stationary vessels, were enumerated by Officers of His Majesty's Customs ; and those on Barges, etc., on Canals or Navigable Rivers, not within the limits of a port, by the local Enumerators.

The persons thus enumerated are distributed among the general population of the Parishes contiguous to the waters in which the vessels were lying, with as much accuracy as the information obtained allows.

Fishermen at sea on the night of the Census and not returning on 1st April, 1901, and persons on board vessels arriving in port later than that date, are not included.

NOTE.—The Table is to be read as follows:—Of the 19,796 tenements enumerated in 1901, 8,988 were tenements of less than five rooms, and of these 270 were tenements of one room, 3,169 of two rooms, etc.; and of the 270 tenements of one room, 165 were occupied by one person each, 76 by two persons each, etc. Tables 20 and 21 are to be read in a similar manner.

\* In 1891 the Tenements were abstracted for the Registration County; in order to make the figures for that area comparable with those for the Administrative County in 1901, it has been necessary to make approximate adjustments.

TABLE 29.--REGISTRATION COUNTY.--AGES of HUSBANDS and WIVES in COMBINATION; of HUSBANDS whose WIVES were ABSENT, of WIVES whose HUSBANDS were ABSENT, and of WIDOWERS and WIDOWS, 1901.

[illegible]

NOTE.—The Table read *vertically* shows the number of *Wives* at each age, with the ages of their *Husbands*: Thus 1 Wife, aged 21 and under 25 years, had a *Husband* aged 18; 5 *Wives* had *Husbands* aged 19; 7 had *Husbands* aged 20; 292 had *Husbands* aged 21 and under 25 years, and so on.

Read *horizontally* the Table shows the number of *Husbands* at each age, with the ages of their *Wives*: Thus 1 *Husband*, aged 21 and under 25 years, had a *Wife* aged 18; 4 *Husbands* had *Wives* aged 19; 57 had *Wives* aged 20; 292 had *Wives* aged 21 and under 25 years, and so on.

At all ages 12,354 *Husbands* and 12,354 *Wives* were enumerated as residing together on the night of the Census.

There were also 1,069 *Husbands* whose *Wives* were absent (*v. v.*), the *Wives* were not returned on the same Schedules as their *Husbands*; making in all 13,453 *Husbands* enumerated; and 1,233 *Wives* whose *Husbands* were absent (*v. v.*), the *Husbands* were not returned on the same Schedules as their *Wives*, making in all 13,537 *Wives* enumerated.

TABLE 32.—OCCUPATIONS of MALES and FEMALES AGED 10 YEARS AND UPWARDS, in the ADMINISTRATIVE COUNTY, distinguishing for FEMALES the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—In classifying the people by their occupations the following rules have been observed :—Persons returned as engaged in more than one occupation have been referred to the occupation which in each case appeared to be the most important; or, if there was no difference in this respect, to the occupation first mentioned in the Return. Thus, a manufacturing trade has been selected in preference to a selling trade. A Clergyman who is also a Schoolmaster has been classed under the heading "Schoolmaster." Persons returned as "Pensioners" or as "Retired" from any specified profession or business (except Officers of the Army or Navy, Clergymen, and Medical Men) appear in this Table as simply "Pensioners" or "Retired" (see Order XXIII.), but are classified in Table 34 according to their former occupations. Inmates of Lunatic Asylums or of Workhouses, when returned as Insane and yet described by their former occupations, have—irrespective of age—been classed as "Retired." Other Inmates of Workhouses, unless aged 60 years or upwards, and Patients in Hospitals and Prisoners of all ages, have been classed under their stated occupations on the assumption that their ordinary work has been relinquished for a time only. Inmates of Workhouses aged 60 years and upwards, whose former occupations were returned, have been dealt with as "Retired."

The numbers given under any heading include Apprentices, Assistants, Workmen, and Labourers, as well as Masters, except where special headings are provided for subordinates. Messengers, Errand Boys, Porters, and Watchmen are, however, shown under a separate heading, and Clerks are classified as Civil Service Clerks, Bank Clerks, Railway Clerks, Insurance Clerks, or Commercial Clerks, according to the particular service in which they are engaged.

In some cases women and children, chiefly widows or orphans carrying on the business of their husbands or fathers, are classed under Occupations commonly followed only by adult men.

In the list of Occupations the Male designations only are given for convenience, except where the occupations are exclusively followed by Females.

In Table 35 is given a condensed list of Occupations for the Aggregate of Urban Districts and the Aggregate of Rural Districts, together constituting the entire County, with the numbers of each sex at five groups of ages engaged in such Occupations.

None of the foregoing were returned in 1901 as Persons suffering from Combined Infirmities "from Childhood."																		

\* The figures given for 1891 relate to the County of Pembroke as then constituted for Registration purposes, while those for 1901 relate to the Administrative County. The differences in the constitution of the two areas should be borne in mind in dealing with these figures—see Table 2.

† Of the 39 Persons in 1901 classified in the Table as Deaf and Dumb, 5 Males and 5 Females, respectively, were returned simply as "Dumb," as were also 2 Males and 3 Females classified as Deaf and Dumb from Childhood. The figures relating to the Deaf and Dumb from Childhood are based on the descriptions given in the Schedules, and must be regarded as incomplete.

‡ The Census Schedule did not require persons who were Deaf without being Dumb to mention the fact of their Deafness, and therefore the figures given for the "Deaf" cannot be regarded as complete.

§ In 1891 the heading of the Census Schedule was "Lunatic, Imbecile, or Idiot," and the Persons so returned were eventually classed as "Mentally Deranged." In 1901 the heading of the Schedule provided for two categories of the Mentally Deranged, viz., "Lunatic," and "Imbecile, Feeble-minded," and in drawing comparisons from the figures for the two Censuses, allowance should be made for these differences. The figures for 1891 for the new sub-divisions of Mentally Deranged cannot therefore be given. Total "Lunatic, Imbecile, and Feeble-minded," 1901: 2-140 Persons; 60 Males, 80 Females. Total "Mentally Deranged," 1891:—109 Persons; 48 Males, 61 Females. The greater number of the pauper Lunatics of Pembroke are inmates of the Cardigan, Carmarthen and Pembroke Joint Counties Lunatic Asylum, which is situated within the limits of Carmarthenshire, and therefore do not appear in the totals for either Census.

|| These Persons were returned as Blind and Deaf.

# CENSUS OF 1901.

## COUNTY OF RADNOR.

---

### SUMMARY OF THE CENSUS RESULTS.

THE Ancient or Geographical County of Radnor, which is co-extensive with the Administrative County, contains, according to revised returns furnished by His Majesty's Ordnance Survey Department, an area of 301,164 statute acres. Its population numbers 23,281 persons, against 21,791 in 1891: but, at the date of the recent Census, the population of the County was augmented by a large number of men temporarily engaged there in the construction of new waterworks for the Corporation of Birmingham. These men, together with their families, account for the abnormal increase of population in the County; consequently it would be misleading to institute comparisons between the populations as enumerated at the last two Censuses. The fact that these persons are included in the figures in the various Tables of population in this County volume should be borne in mind in reading the succeeding paragraphs, and in studying the Tables which follow. In 1801 the population of Radnorshire was 19,135. Of the houses in 1901, 4,889 are inhabited, 422 uninhabited, and 28 building. Of the 422 uninhabited houses, 101 were "In Occupation," that is, utilised for business or other purposes but without inmates on the Census night.

AREA AND  
POPULATION.  
TABLES 1, 2,  
AND 3.

The Registration County contains an area of 238,660 statute acres, and a population of 20,241. The differences between the Administrative and the Registration County are set forth in Table 2. The boundaries of the Administrative and of the Registration County are delineated on the appended Map.

The Ancient County is not divided for Parliamentary purposes, and contains no Parliamentary Borough.

PARLIAMEN-  
TARY CON-  
STITUENCIES.  
TABLE 4.

There are 46 Ecclesiastical Parishes or Districts situated wholly or partly within the Ancient County; of these Parishes, or parts of Parishes, 38, with a population of 17,744, are within the Diocese of St. Davids; and 8, with a population of 5,537, in that of Hereford.

ECCLESIASTI-  
CAL PARISHES.  
TABLE 5.

The Administrative County has one Court of Quarter Sessions, and is divided into 7 Petty Sessional Divisions.

PETTY  
SESSIONAL  
DIVISIONS.  
TABLE 7.

The total population of the three Urban Districts in the Administrative County is 5,211. The County also contains 5 Rural Districts, while the Civil Parish of Llanwrthwl in the Administrative County of Brecknock is administered by the Rural District Council of Rhayader. The aggregate Rural population, excluding the Parish just mentioned, is 18,070. The proportions of Urban and Rural population to the aggregate population of the County are 22.4 and 77.6 per cent. respectively.

URBAN AND  
RURAL  
DISTRICTS.  
TABLES 8, 9,  
AND 10.

The number of Civil Parishes within the Administrative County is 63.

CIVIL  
PARISHES.  
TABLE 11.

REGISTRATION  
DISTRICTS.  
TABLE 12.

The Registration County contains a population of 20,241, and is divided into 2 Registration Districts, which are co-extensive with the Poor Law Unions of the same names; these Districts are further divided into 5 Sub-Districts. In Table 12, besides comparative figures of houses and of population in 1891 and 1901, a column is given to show the number of Families or Separate Occupiers in each Registration District and Sub-District, as well as in each Civil Parish. These amount to 4,195, giving an average of 4·8 persons to a family. The population of Radnorshire includes 26 Males who were enumerated as having passed the Census night in Barns, Sheds, etc.

TENEMENTS.  
TABLE 19.

The total number of separate Tenements in the Administrative County is 5,068, comprising 3,766, or 74·3 per cent., with five or more rooms, and 1,302, or 25·7 per cent., with fewer than five rooms.

MARRIAGES,  
BIRTHS,  
DEATHS, AND  
MIGRATION.  
TABLE 22.

Table 22 shows the increase of population in the Registration County and its Registration Districts compared with the difference between registered Births and Deaths; the Table also contains a column showing the balance of change which must be ascribed to Migration.

SEXES AND  
AGES.  
TABLE 23.

The Males enumerated in the Administrative County exceed the Females by 439; there are thus 963 Females to every 1,000 Males. The number of children of school age (three and under fourteen years) is 5,146, of whom 2,476 are boys and 2,670 girls; attendance at school of children under five is not, however, compulsory, and the number of children aged five and under fourteen years is 4,110, of whom 1,959 are boys and 2,151 girls. The number of persons 65 years of age and upwards is 1,609, and of these 827 are Males and 782 Females.

CONDITION AS  
TO MARRIAGE.  
TABLE 27.

Of the Males enumerated in the Administrative County, 7,601 are Unmarried, 3,722 are Married, and 537 are Widowed. Of the Females, 6,930 are Unmarried, 3,663 are Married, and 828 are Widowed.

AGES OF  
HUSBANDS  
AND WIVES.  
TABLE 29.

Table 29 shows, in combination, the ages of both Husbands and Wives. In 2,916 cases in the Registration County both the Husband and the Wife were enumerated in the same schedule, and were therefore presumably living together; in addition there were 338 Husbands whose Wives were absent—that is, were not enumerated in the same schedule—and 185 Wives whose Husbands were absent, on the Census night.

WORKHOUSES.  
TABLE 30.

Pauper Inmates of Workhouse Establishments in the Registration County number 90 persons at all ages, of whom 53 are Males and 37 Females.

OCCUPATIONS.  
TABLE 32.

The Tables dealing with the Occupations of the people have been extended and elaborated. Table 32 contains a list of 379 Occupations, and shows the number of Males and Females employed in each. In this and succeeding Tables, Females are separately given as Unmarried and as Married or Widowed.

In the Administrative County, there are 9,443 Males aged 10 Years and upwards, and of these, 8,120, or 86·0 per cent., are engaged in Occupations. Of the 8,967 Females at these ages, 2,815, or 31·4 per cent., are occupied. Of the Occupied Females, 2,209, or 78·5 per cent., are Unmarried, and 606, or 21·5 per cent., Married or Widowed.

OCCUPATIONS  
OF CHILDREN  
AGED 10 AND  
UNDER  
14 YEARS.  
TABLE 33.

The number of Boys aged 10 and under 14 Years in the Administrative County is 860, of whom 85, or 9·9 per cent., are engaged in Occupations. The number of Girls at these ages is 942, of whom 35, or 3·7 per cent., are Occupied. Of the Boys, 34 are Agricultural Labourers or Farm Servants, while of the Girls 32 are Domestic Indoor Servants.

The number of Males classified as "Pensioned" or "Retired," other than Army and Navy Officers, Clergymen, and members of the Medical Profession, is 229 (including 25 in Workhouses), and is in the proportion of 2·8 per cent. to the number engaged in Occupations. (See note at head of Table 34.) The number of "Pensioned" or "Retired" Females is 78 (including 2 in Workhouses), and is in the proportion of 2·8 per cent. to the number engaged in Occupations. Of the 78 "Retired" Females, 25 are Unmarried, and 53 are Married or Widowed.

FORMER  
OCCUPATIONS  
OF "PEN-  
SIONERS" AND  
"RETIRED."  
TABLE 34.

Of the 23,281 persons enumerated in the Ancient County, 15,771, or 67·7 per cent., were born within the County; 2,828 were born in other Counties of Wales or in Monmouthshire, 176 in London, 138 in Scotland, 80 in Ireland, and 31 in British Colonies or Dependencies. Persons of Foreign birth number 48, and of these 26 were abstracted as British Subjects, 2 as Naturalised British Subjects, and 20 as Foreigners.

BIRTHPLACES.  
TABLES 36  
AND 37.

The number of persons returned as Blind is 15, including one also returned as Deaf. Deaf and Dumb persons, including 5 who were returned simply as Dumb and one as Dumb and Lunatic, number 10.

THE BLIND,  
THE DEAF AND  
DUMB, THE  
DEAF, AND  
THE INSANE.  
TABLE 38.

Lunatics number 2, and the Imbecile and Feeble-minded 40. (See Note § to Table 38, page 32.) Of the 42 persons returned as mentally deranged, 9 were inmates of Workhouses, while the remaining 33, including the 2 Lunatics, were resident with friends or in unlicensed houses.

The Table relating to languages spoken in Wales and Monmouthshire affords fuller particulars than in 1891. The information given in the Language Column of the Census Schedule has been abstracted so as to show the results by sexes and in five age groups. The Table now published gives figures, not for the Registration County of Radnor and its 2 Registration Districts as in 1891, but for the Administrative County and its 3 Urban and 5 Rural Districts. By the Census Act, 1900, the minimum limit of age was fixed at 3 years instead of 2 years, the limit adopted for the Report on the Census of 1891.

LANGUAGES.  
TABLE 40.

The Table showing the proportions per cent. at certain age groups, speaking the Welsh and English languages, which has been published for other Welsh Counties, is omitted from Radnorshire in view of the circumstances referred to in the first paragraph of this Summary.

TABLE 12.—REGISTRATION COUNTY, DISTRICTS, and SUB-DISTRICTS, with their constituent CIVIL PARISHES.—AREA ; HOUSES and POPULATION 1891 and 1901, and SEPARATE OCCUPIERS 1901.

## EXPLANATORY NOTES.

- (1) The Registration Districts of the County of Radnor are co-extensive with the Poor Law Unions of the same names.  
 (2) Where the name of the Registration County in which a Parish is situated differs from that of the Administrative County, the name of the latter is added in italics. The differences between the Registration County and the Administrative County are shown in Table 2.  
 (3) Parishes that are situated in an Urban District are distinguished by black type thus—**Presteigne**.  
 (4) The places named in footnotes as being included in Civil Parishes are generally localities having no defined boundaries, such as hamlets, villages, etc.  
 (5) For changes in the boundaries of Civil Parishes effected by the Local Government Acts of 1888 and 1894, and by Local Acts since 1891, see Table 14.  
 (6) Revised areas of Civil Parishes have been furnished by the Ordnance Survey Department.

TABLE 32.—OCCUPATIONS of MALES and FEMALES AGED 10 YEARS AND UPWARDS, in the ADMINISTRATIVE COUNTY, distinguishing for FEMALES the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—In classifying the people by their occupations the following rules have been observed :—Persons returned as engaged in more than one occupation have been referred to the occupation which in each case appeared to be the most important; or, if there was no difference in this respect, to the occupation first mentioned in the Return. Thus, a manufacturing trade has been selected in preference to a selling trade. A Clergyman who is also a Schoolmaster has been classed under the heading "Schoolmaster." Persons returned as "Pensioners" or as "Retired" from any specified profession or business (except Officers of the Army or Navy, Clergymen, and Medical Men) appear in this Table as simply "Pensioners" or "Retired" (see Order XXIII.), but are classified in Table 34 according to their former occupations. Inmates of Lunatic Asylums or of Workhouses, when returned as Inmate and yet described by their former occupations, have—irrespective of age—been classed as "Retired." Other Inmates of Workhouses, unless aged 60 years or upwards, and Patients in Hospitals and Prisoners of all ages, have been classed under their stated occupations on the assumption that their ordinary work has been relinquished for a time only. Inmates of Workhouses aged 60 years and upwards, whose former occupations were returned, have been dealt with as "Retired."

The numbers given under any heading include Apprentices, Assistants, Workmen, and Labourers, as well as Masters, except where special headings are provided for subordinates. Messengers, Errand Boys, Porters, and Watchmen are, however, shown under a separate heading, particular service in which they are engaged.

In some cases women and children, chiefly widows or orphans carrying on the business of their husbands or fathers, are classed under Occupations commonly followed only by adult men.

In the list of Occupations the Male designations only are given for convenience, except where the occupations are exclusively followed by Females.

In Table 35 is given a condensed list of Occupations for the Aggregate of Urban Districts and the Aggregate of Rural Districts, together constituting the entire County, with the numbers of each sex at five groups of ages engaged in such Occupations.

NOTE.—This Table is supplementary to Table 32, where the Pensioners and the Retired are shown simply as such without regard to their former Occupations. Inmates of Lunatic Asylums, or of Workhouses, when described as Insane and as having formerly followed some occupation, have been classed as "Retired," irrespective of age; also other formerly occupied inmates of Workhouses if aged 60 years or upwards. Patients in Hospitals and Prisoners of all ages, on the assumption that their ordinary work has been relinquished for a time only, have not been dealt with as "Retired." No Officers in the Army or Navy, Clergymen of the Established Church, or members of the Medical Profession, are included in the "Retired."

One of the foregoing was returned in 1901 as suffering from Combined Infirmities "from Childhood."																		

\* The figures given for 1891 relate to the County of Radnor as then constituted for Registration purposes, while those for 1901 relate to the Administrative County. The differences in the constitution of the two areas should be borne in mind in dealing with these figures—see Table 2.

† Of the 10 Persons in 1901 classified in the Table as Deaf and Dumb, 2 Males were returned simply as "Dumb," as were also the 4 Females classified as Deaf and Dumb from Childhood. The figures relating to the Deaf and Dumb from Childhood are based on the descriptions given in the Schedules, and must be regarded as incomplete.

‡ The Census Schedule did not require persons who were Deaf without being Dumb to mention the fact of their Deafness, and therefore the figures given for the "Deaf" cannot be regarded as complete.

§ In 1891 the heading of the Census Schedule was "Lunatic, Imbecile or Idiot," and the persons so returned were eventually classed as "Mentally Deranged." In 1901 the heading of the Schedule provided for two categories of the Mentally Deranged, viz., "Lunatic" and "Imbecile, Feeble-minded," and in drawing comparisons from the figures for the two Censuses, allowance should be made for these differences. The figures for 1891 for the new sub-divisions of Mentally Deranged cannot therefore be given. Total "Lunatic, Imbecile, and Feeble-minded," 1901:—42 Persons; 23 Males, 19 Females. Total "Mentally Deranged," 1891:—31 Persons; 16 Males, 15 Females. The small number of Lunatics in Radnorshire in both 1891 and 1901 is due to the fact that persons so afflicted in this County are received as patients by the Monmouth County Asylum.

|| Of these persons one was returned as Blind and Deaf, the other as Dumb and Lunatic.

# CENSUS OF 1901.

## COUNTY OF RUTLAND.

### SUMMARY OF THE CENSUS RESULTS.

THE Ancient or Geographical County of Rutland, which is co-extensive with the Administrative County, contains, according to revised returns furnished by His Majesty's Ordnance Survey Department, an area of 97,273 statute acres. Its population numbers 19,709 persons, against 20,659 in 1891, a decrease of 4·6 per cent. In 1801 the population was 16,300; it has, therefore, increased by only 20·9 per cent. during the Century. The number of inhabited houses is 4,495, against 4,486 in 1891, an increase of 0·2 per cent.; of uninhabited houses the number is 387, against 309 in 1891, an increase of 25·2 per cent.; and of houses building, the number is 15, against 7 in 1891. Of the 387 uninhabited houses, 110 were "In Occupation," that is, utilised for business or other purposes but without inmates on the Census night.

AREA AND  
POPULATION.  
TABLES 1, 2,  
AND 3.

The Registration County contains an area of 108,700 statute acres, and a population of 20,743. The differences between the Administrative and the Registration County are set forth in Table 2. The boundaries of the Administrative and of the Registration County are delineated on the appended Map.

Where comparative figures are quoted for 1891, they relate to areas as constituted in 1901, unless otherwise stated.

The Ancient County is not divided for Parliamentary purposes; it contains no Parliamentary Borough.

The Administrative County has one Court of Quarter Sessions: it is not divided into Petty Sessional Divisions.

The Administrative County, which contains no Urban District, is divided into three Rural Districts.

The number of Civil Parishes within the Administrative County is 58.

CIVIL  
PARISHES.  
TABLE 11.

The Registration County contains a population of 20,743; it is divided into 2 Registration Districts (co-extensive with the Poor Law Unions of the same names), one of which is further divided into 3 Sub-Districts. In Table 12, besides comparative figures of houses and of population in 1891 and 1901, a column is given to show the number of Families or Separate Occupiers in each Registration District and Sub-District, as well as in each Civil Parish. These amount to 4,810, giving an average of 4·3 persons to a family. The population of Rutlandshire includes 8 persons—4 Males and 4 Females—who were enumerated as having passed the Census night in Caravans, etc.

REGISTRATION  
DISTRICTS.  
TABLE 12.

TENEMENTS.  
TABLE 19.

The total number of separate Tenements in the Administrative County, which had been 4,611 in 1891, declined to 4,542 in 1901, the decrease being equal to 1·5 per cent. The Tenements containing five or more rooms increased from 2,274 to 2,461, or 8·2 per cent., while those with fewer than five rooms decreased from 2,337 to 2,081, or 11·0 per cent. Stated in another way, the Tenements with five or more rooms were equal to 49·3 per cent. of the total Tenements in 1891, and increased to 54·2 per cent. at the recent Census; while the percentage of Tenements with fewer than five rooms declined from 50·7 to 45·8. The total number of Tenements with fewer than five rooms containing more than two persons per room declined from 190 in 1891, to 135 in 1901, or 28·9 per cent.

MARRIAGES,  
BIRTHS,  
DEATHS, AND  
MIGRATION.  
TABLE 22.

Table 22 shows the decrease of population in the Registration County and its Registration Districts, compared with the difference between registered Births and Deaths; the Table also contains a column showing the balance of change which must be ascribed to Migration. The decrease of population in the Registration County since 1891, as calculated for the purposes of this Table (see footnote thereto), amounts to 1,231, while the excess of Births over Deaths amounts to 1,956. It follows that the County has sustained a net loss by Migration of 3,187 persons.

SEXES AND  
AGES.  
TABLE 23.

Of the population enumerated in the Administrative County, 9,849 are Males and 9,860 are Females. The number of children of school age (three and under fourteen years) is 4,445, of whom 2,286 are boys and 2,159 girls: attendance at school of children under five is not, however, compulsory, and the number of children aged five and under fourteen years is 3,651, of whom 1,890 are boys and 1,761 girls. Of the total population of the County, 1,549 persons (700 Males and 849 Females), or 7·9 per cent., are aged 65 years and upwards.

CONDITION AS  
TO MARRIAGE.  
TABLE 27.

Of the Males enumerated in the Administrative County, 6,083 are Unmarried, 3,392 are Married, and 374 are Widowed. Of the Females, 5,656 are Unmarried, 3,394 are Married, and 810 are Widowed.

AGES OF  
HUSBANDS  
AND WIVES.  
TABLE 29.

Table 29 shows, in combination, the ages of both Husbands and Wives. In 3,422 cases in the Registration County, both the Husband and the Wife were enumerated in the same schedule, and were therefore presumably living together; in addition there were 142 Husbands whose Wives were absent—that is, were not enumerated in the same schedule—and 144 Wives whose Husbands were absent, on the Census night.

WORKHOUSES.  
TABLE 30.

Pauper Inmates of Workhouse Establishments in the Registration County number 108 persons at all ages (equal to 5·2 per 1,000 of the population), of whom 65 are Males, and 43 Females. At 55 years and upwards the proportion of the population at the same age in Workhouse Establishments is 20·2 per 1,000, and at 65 years and upwards it is 30·2.

OCCUPATIONS.  
TABLE 32.

The Tables dealing with the Occupations of the people have been extended and elaborated. Table 32 contains a list of 379 Occupations, and shows the number of Males and Females employed in each. In this and succeeding Tables, Females are separately given as Unmarried and as Married or Widowed.

In the Registration County, the Male population aged 10 Years and upwards has decreased from 8,541 in 1891, to 8,154 in 1901, or 4·5 per cent., and the Female population at the same ages from 8,632 to 8,312, or 3·7 per cent. Amongst Males, workers employed in Agriculture (excluding Gardeners) have decreased from 2,789 to 2,374, or 14·9 per cent.; amongst Females, Domestic Indoor Servants have decreased from 1,566 to 1,343, or 14·2 per cent.

In the Registration County in 1891, 79·2 per cent. of the Males and 32·3 per cent. of the Females aged 10 years and upwards were engaged in Occupations; in 1901 the percentages are 79·3 and 29·3 respectively. Of the 2,341 Occupied Females in the Administrative County, 1,845, or 78·8 per cent., are Unmarried, and 496, or 21·2 per cent., Married or Widowed.

The number of Boys aged 10 and under 14 Years in the Administrative County is 817, of whom 86, or 10·5 per cent., are engaged in Occupations. The number of Girls at these ages is 741, of whom 38, or 5·1 per cent., are Occupied. Of the Boys, 42 are Agricultural Labourers or Farm Servants, while of the Girls, 31 are Domestic Indoor Servants.

OCCUPATIONS  
OF CHILDREN  
AGED 10 AND  
UNDER 14  
YEARS.  
TABLE 33.

The number of Males classified as "Pensioned" or "Retired," other than Army or Navy Officers, Clergymen, and members of the Medical Profession, is 153 (including 37 in Workhouses), and is in the proportion of 2·5 per cent. to the number engaged in Occupations. (See note at head of Table 34.) The number of "Pensioned" or "Retired" Females is 48 (including 17 in Workhouses), and is in the proportion of 2·1 per cent. to the number engaged in Occupations. Of the 48 "Retired" Females, 9 are Unmarried, and 39 are Married or Widowed.

FORMER  
OCCUPATIONS  
OF "PEN-  
SIONERS" AND  
"RETIRED."  
TABLE 34.

Of the 19,709 persons enumerated in the Ancient County, 11,815, or 59·9 per cent., were born within the County; 479 were born in London, 138 in Scotland, 99 in Ireland, 64 in British Colonies or Dependencies, and 63 in Wales or in Monmouthshire. Persons of Foreign birth number 75, and of these 30 were abstracted as British subjects, 2 as Naturalised British Subjects, and 43 as Foreigners.

BIRTHPLACES.  
TABLES 36  
AND 37.

The number of persons returned as Blind is 15, and Deaf and Dumb persons number 8.

THE BLIND,  
THE DEAF AND  
DUMB, THE  
DEAF, AND  
THE INSANE.  
TABLE 38.

No persons were returned as Lunatic, but the Imbecile and Feeble-minded number 32 (see Note § to Table 38, page 26); of these, 6 were inmates of Workhouses, while the remaining 26 were resident with relatives or in unlicensed houses.

This information was received too late to be of service when the County of Lincoln was in the press; and, consequently, the figures for the part of Carby in question were not included in those for that County.

(The County of Rutland not being divided for Petty Sessional Purposes, this Table is not required.)

TABLE 8.—ADMINISTRATIVE COUNTY, and its SUB-DIVISION into URBAN and RURAL DISTRICTS.—AREA ; HOUSES 1901, and POPULATION 1891 and 1901.

(The County of Rutland being entirely Rural, this Table is not required.)

TABLE 9.—URBAN DISTRICTS, with their CONSTITUENT CIVIL PARISHES and WARDS.—AREA ; HOUSES 1901, and POPULATION 1891 and 1901.

(There being no Urban District in the County of Rutland, this Table is not required.)

TABLE 10.—RURAL DISTRICTS.—AREA ; HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—The Poor Law Unions and Registration Districts of Oakham (411) and Uppingham (412), together forming the Registration County of Rutland, contain no Urban District. Under the provisions of the Local Government Act, 1894, considerable changes were made in the constitution of Rural Districts. In the Administrative County of Rutland, Ketton consists of Parishes in Stamford Poor Law Union, and Oakham and Uppingham consist of Parishes in the Poor Law Unions of the same names. The extent of each Rural District may readily be seen in the Map preceding the Tables.

TABLE 11.—CIVIL PARISHES in the ADMINISTRATIVE COUNTY.—INHABITED HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—The expression "Civil Parish" means "a place for which a separate Poor Rate is or can be made, or for which a separate Overseer is or can be appointed." The Parishes are arranged alphabetically, those having compound names being placed in the order indicated by the usual pronunciation of those names—thus Great Casterton will be found under the letter G. The Registration Districts of the County of Rutland are co-extensive with the Poor Law Unions of the same names.

COUNTY OF RUTLAND—*continued.*TABLE 12.—REGISTRATION COUNTY, DISTRICTS, and SUB-DISTRICTS, with their constituent CIVIL PARISHES.—  
AREA; HOUSES and POPULATION 1891 and 1901, and SEPARATE OCCUPIERS 1901.

## EXPLANATORY NOTES.

- (1) The Registration Districts of the County of Rutland are co-extensive with the Poor Law Unions of the same names.  
 (2) Where the name of the Registration County in which a Parish is situated differs from that of the Administrative County the name of the latter is added in italics. The differences between the Registration County and the Administrative County are shown in Table 2.  
 (3) The places named in footnotes as being included in Civil Parishes are generally localities having no defined boundaries, such as hamlets, villages, etc.  
 (4) For changes in the boundaries of Civil Parishes effected by the Local Government Acts of 1888 and 1894, and by Local Acts since 1891, see Table 14. In the District and Sub-District marked + changes were made in boundaries between the Census of 1891 and that of 1901. Full particulars of the alterations have been published in the Registrar-General's Annual Reports.  
 (5) Revised areas of Civil Parishes have been furnished by the Ordnance Survey Department.

NOTE.—The Table is to be read as follows:—Of the 4,542 tenements enumerated in 1901, 2,081 were tenements of less than five rooms, and of these 6 were tenements of one room, 307 of two rooms, etc.; and of the 307 tenements of two rooms, 111 were occupied by one person each, 89 by two persons each, etc. Table 21 is to be read in a similar manner.  
\* In 1891 the Tenements were abstracted for the Registration County; in order to make the figures for that area comparable with those for the Administrative County in 1901, it has been necessary to make approximate adjustments.

\* A change was made in the boundary of Uppingham Registration District during the intercensal period. In the Table the enumerated populations of this District for 1891 and 1901 are given, first for the District as constituted at the Census of 1891, and then for the District as constituted by the change in boundary. The date from which the changed area was adopted for tabulation of Births and Deaths is shown in the first column. In calculating the Decrease of Population (Col. 7) approximate allowance has been made for variation caused by change of boundary. Owing to this method of calculation, the Decrease of Population shown in Column 7 differs fractionally from that derivable from the figures for the entire County in Table 1 and for Uppingham Registration District in Table 12, which relate to those areas as constituted at the time of the Census of 1901.

TABLE 32.—OCCUPATIONS OF MALES and FEMALES AGED 10 YEARS AND UPWARDS, in the ADMINISTRATIVE COUNTY, distinguishing for FEMALES the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—In classifying the people by their occupations the following rules have been observed:—Persons returned as engaged in more than one occupation have been referred to the occupation which in each case appeared to be the most important; or, if there was no difference in this respect, to the occupation first mentioned in the Return. Thus, a manufacturing trade has been selected in preference to a selling trade. A Clergyman who is also a Schoolmaster has been classed under the heading "Schoolmaster." Persons returned as "Pensioners" or as "Retired" from any specified profession or business (except Officers of the Army or Navy, Clergymen, and Medical Men) appear in this Table as simply "Pensioners" or "Retired" (see Order XXIII.), but are classified in Table 34 according to their former occupations. Inmates of Lunatic Asylums or of Workhouses, when returned as Insane and yet described by their former occupations, have—irrespective of age—been classed as "Retired." Other Inmates of Workhouses, unless aged 60 years or upwards, and Patients in Hospitals and Prisoners of all ages, have been classed under their stated occupations on the assumption that their ordinary work has been relinquished for a time only. Inmates of Workhouses aged 60 years and upwards, whose former occupations were returned, have been dealt with as "Retired."

The numbers given under any heading include Apprentices, Assistants, Workmen, and Labourers, as well as Masters, except where special headings are provided for subordinates. Messengers, Errand Boys, Porters, and Watchmen are, however, shown under a separate heading, particular service in which they are engaged.

In some cases women and children, chiefly widows or orphans carrying on the business of their husbands or fathers, are classed under Occupations commonly followed only by adult men.

In the list of Occupations the Male designations only are given for convenience, except where the occupations are exclusively followed by Females.

In Table 35 is given a condensed list of Occupations for the County (which is entirely Rural) with the numbers of each sex at five groups of ages engaged in such Occupations.

TABLE 34.—FORMER OCCUPATIONS of “PENSIONERS” and “RETIRED” in the ADMINIS-  
TRATIVE COUNTY, distinguishing those enumerated in WORKHOUSES and LUNATIC ASYLUMS, and  
also, for FEMALES, the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—This Table is supplementary to Table 32, where the Pensioners and the Retired are shown simply as such without regard to their former Occupations. Inmates of Lunatic Asylums, or of Workhouses, when described as Insane and as having formerly followed some occupation, have been classed as “Retired,” irrespective of age; also other formerly occupied inmates of Workhouses if aged 60 years or upwards. Patients in Hospitals and Prisoners of all ages, on the assumption that their ordinary work has been relinquished for a time only, have not been dealt with as “Retired.” No Officers in the Army or Navy, Clergymen of the Established Church or members of the Medical Profession, are included in the “Retired.”

This person was returned as suffering from Combined Infirmitiess "from Childhood."																		

\* The figures given for 1891 relate to the County of Rutland as then constituted for Registration purposes, while those for 1901 relate to the Administrative County. The differences in the constitution of the two areas should be borne in mind in dealing with these figures—see Table 2.

† Of the 8 Persons in 1901 classified in the Table as Deaf and Dumb, 2 Males were returned simply as "Dumb," and are classified as Deaf and Dumb from Childhood. The figures relating to the Deaf and Dumb from Childhood are based on the descriptions given in the Schedules, and must be regarded as incomplete.

‡ The Census Schedule did not require persons who were Deaf without being Dumb to mention the fact of their Deafness, and therefore the figures given for the "Deaf" cannot be regarded as complete.

§ In 1891 the heading of the Census Schedule was "Lunatic, Imbecile or Idiot," and the persons so returned were eventually classed as "Mentally Deranged." In 1901 the heading of the Schedule provided for two categories of the Mentally Deranged, viz., "Lunatic" and "Imbecile, Feeble-minded," and in drawing comparisons from the figures for the two Censuses, allowance should be made for these differences. The figures for 1891 for the new sub-divisions of Mentally Deranged cannot therefore be given. Total "Lunatic, Imbecile, and Feeble-minded," 1901:—32 Persons; 15 Males, 17 Females. Total "Mentally Deranged," 1891:—21 Persons; 7 Males, 14 Females. The pauper Lunatics of Rutland in both 1891 and 1901 were resident in the Leicester and Rutland Counties Asylum, which is situated in Leicestershire.

|| This Person was returned as Blind, Dumb, and Feeble-minded.
